

J. BRYAN GRIMES FOR SECRETARY OF STATE

(Continued from page 1)

gressmen have held office from 14 to 18 years!

There are some offices in which there should be rotation—but there are others in which experience and long service are better than rotation. How can Grimes' opponent, who has been clerk of the Court for Iredell County for 18 years, advocate "Rotation in office"? This argument is used because there can be no other ground which can be assigned for not renominating Grimes! It is without merit in this contest, and should not be considered.

My excuse for writing this letter is that I feel that Bryan Grimes' defeat would be a public calamity and a public injustice. I have observed the splendid efficiency of his office—the magnificent work he is doing in perpetuating the glorious history of our great State—his sincere devotion to the interests of the State—the tremendous force of his campaign speeches in presenting the record of the Democratic party in North Carolina—and I am constrained to urge upon my fellow citizens that they see to it that Beaufort county shall show to the people of the state at large that we appreciate these things, by giving him its unanimous vote in the primary.

COLDS QUICKLY RELIEVED
Many people cough and cough—from the beginning of fall right through to spring. Others get cold after cold. Take Dr. King's New Discovery and you will get almost immediate relief. It checks your cold, stops the racking, rasping, tissue-tearing cough, heals the inflammation, soothes the raw tubes. Easy to take, Antiseptic and Healing. Get a 50c bottle of Dr. King's New Discovery and keep it in the house. "It is certainly a great medicine and I keep a bottle of it continually on hand," writes W. C. Jesseman, Franconia, N. H. Money back if not satisfied but it nearly always helps.

FEAR OF FOLLY FOUR YEARS AGO IS THE REPORT

Chicago, May 31.—On the eve of the battle for the Republican Presidential nomination, out of the clamoring of business boomers and declaiming delegates, these facts stand boldly forth:

First—The National Committeemen, reactionary to the backbone, control enough delegates to nominate whom they please.

Second—Vested with this great power, they dare not use it till they are sure they will not repeat the folly of four years ago. Then, as you remember, they named Mr. Taft arbitrarily. The Republican party was almost annihilated as a result.

Third—Pretending that any Republican can win, they are talking Weeks and Fairbanks, hoping to intimidate the Roosevelt forces.

Fourth—Secretly they are preparing, in the event of the failure of this bluff, to scare Roosevelt with Hughes.

Fifth—If that cannot be done without risking a third ticket, it is quite possible they will resign preference in favor of patronage and all come out violently as original Roosevelt men.

That, of course, is only the present programme. The brains and the bluff of the committee are not yet on the ground; the brains being Hoies Penrose, of Pennsylvania, and Murray Crane, of Massachusetts, and the bluff, William Barnes, of New York.

These necessary factors to a decision will be here when the committee meets Thursday to pass on contesting delegations and make up the temporary roll of the convention. At the end of that meeting the name of the nominee will be known to the committee. The delegates will not bust. Just now they are humming like a swarm of excited bees with no place to light. At the word of the bosses they will settle on any man designated, whether it be Roosevelt, Hughes, Harding, Fairbanks or Weeks.

Today, new arrivals, with perfectly good credentials in their pockets, are rushing around asking for orders. They move pitifully from one sphinx-faced committeeman to another, begging to know for whom to shoot.

ARE LEARNING OF WORK OF N. C. SOCIETY

The people of Beaufort county have learned more of the work of the N. C. Children's Home Society this week than they have known before. The people throughout the county need to know more about it and be in closer touch with it. There are many people in the county who do not know what to do with a dependent child or from where to get a child for a childless home. The N. C. Children's Home Society is the medium through which these two factors in our civilization are blessed. Communicate with the home office at Greensboro or Hon. N. L. Simmons, director for this section. No child in N. C. can be left friendless as long as the Society receives the proper moral and financial support of the people and thus survives. Wherever there is a child in need there is the interest of the society.

Many of the residents of Washington have been called upon to make an investment in the work of the society. The representatives will not be able to see many people in Washington and throughout the county who will only be too glad to contribute to the Society if they have an opportunity. So, if you have not had an opportunity to contribute to the work and wish this, one of the greatest friends of the child in the state, to survive, clip the coupon below, fill in the amount you feel that you can consistently give to the work, and hand or mail to Hon. N. L. Simmons. The Society needs your financial support as never before. 25 cents is better than nothing, a dollar is better than 25 cents. If

you cannot give now, state when on coupon. What are you going to do about it?

DANGERS OF DRAFT
Drafts feel best when we are hot and perspiring, just when they are most dangerous and the result is Neuralgia, Stiff Neck, Sore Muscles or sometimes an attack of Rheumatism. In such cases apply Sloan's Liniment. It stimulates circulation to the sore and painful part. The blood flows freely and in a short time the stiffness and pain leaves. Those suffering from Neuralgia or Neuralgic Headache will find one or two applications of Sloan's Liniment will give grateful relief. The agonizing pain gives way to a tingling sensation of comfort and warmth and quiet rest and sleep is possible. Good for Neuritis too. Price 25c at your Druggist.
