HUGHES TO SHOW HIS WHISKERS IN MOVIES

WANTS ALL THE PEOPLE TO GET AN IDEA OF WHAT HE LOOKS LIKE.

CONFERENCE TODAY

Campaign Managers Will Meet and Arrange Plans. "Undiluted Americanism" Will Be Hughes' Campaign Slogan.

By CARL D. GROAT, United Press Staff Correspondent. New York, June 13.—Charles E. Hughes, whiskers and smiles, will look every American in the face. He will prove not to be an iceberg. The movies will act as a medium for it was learned at Hughes' headquarters today that the national committee is arranging to show photographs of Hughes in every town in the country.

Campaign plans will probably be made at today's conference with Murray Crane.

Hughes disclaims the titles "Justice" or "Governor" and requests that he be called plain "Mr."

"Undiluted Americanism" will be his campaign slogan.

CHAUTAQUA OPENS WITH MOST EXCELLENT PROGRAM

In spite of the rainy weather, about 250 persons attended the opening Chautauqua performance yesterday afternoon. They heard a most interesting address by Dr. Paul M. Pearson and some splendid selections by the Brookline choir boys. The program as a whole was most enjoyable and thoroughly appreciated.

The tent was comfortably filled last night and an attentive audience greeted Dr. Lincoln Wirt's lecture on "The Conquest of the Arctic." He handled his subject in such a manner that both old and young were kept interested throughout. Children of ten or twelve years of age were as keenly attentive as the older persons and appeared to enjoy every word of the discourse.

Dr. Wirt told of some of the con-

POTATOES BRING MUCH PROSPERITY TO AURORA

Crop Is Biggest in History of That Section. Farmers Literally Rolling in Wealth.

Anyone who isn't a millionaire, or who doesn't own a handsome and palatial home or three or four automobiles is going to be sadly out of style in Aurora in a few months. Publishers of those books which give a list of the richest men in America are planning to devote a special volume to the citizenship of the southern part of the county. A few of the more prominent residents of Aurora and vicinity have been discussing the feasibility of buying up Washington and moving it to Aurora, where they intend using it for a suburb.

And the answer to all this is written in that one word—potatoes. Aurora is shipping out the biggest crop of potatoes in its history. Good prices are being paid for the crops and every farmer in that section is making a handsome profit on his year's work.

Automobile agents have been swarming around Aurora in droves recently and many machines have already been purchased. Many more will undoubtedly be sold during the next few weeks. When news of the section's prosperity becomes generally known, manufacturers of jacks, speed boats and \$40-panama hats will undoubtedly rush to Aurora in droves. And the farmer will calmly stick his \$1 cigar into the other corner of his mouth and say in a bored manner: "Send me half a dozen of each. Here's your check."

It is claimed that the trouble arose over the serving of some warrants or summon. According to information given out, it is stated that Spencer called the mayor a liar. Mr. Jones repaid the insult with a blow. Friends separated them.

Progressives Ready to See Party Expire

Chicago, June 13.—Belief that the Progressive party is to be allowed to die and its support divided between the Democratic and Republican tickets this fall, was strengthened by developments today.

The formal obsequies of the party are expected to be held June 25, when the National Committee gathers in Chicago, ostensibly to take action regarding Colonel Roosevelt's "conditional" withdrawal of his name as the Presidential nominee.

The most telling blow of the day came from Governor Hiram W. Johnson, of California. "I couldn't possibly consider the proposition of running for President on the Progressive ticket," Governor Johnson declared. "I haven't the time. My job as Governor of California keeps me too busy to make a campaign of that sort."

W. T. BERRY IS BADLY CUT BY TOM LONG

CUTTING AFFRAY OCCURRED AT SWAN QUARTER YESTERDAY BETWEEN PROMINENT CITIZENS.

Berry Cut in Abdomen and Chest. Is Being Brought to Washington Hospital by Boat. Believed That He Will Recover.

A serious cutting affray occurred at Swan Quarter yesterday morning in which W. T. Berry was cut in the abdomen and chest by Tom Long. Berry's condition, while extremely serious, is not said to be hopeless. He is being brought to the hospital here by boat. Both are prominent residents of Hyde county and are well known in Washington. Long is a former resident of Washington and was at one time assistant recorder here.

Dr. Dave Taylor was summoned to Swan Quarter yesterday and performed an operation on Berry last night.

The affair is said to have been the outgrowth of a wrangle in which practically all residents of Swan Quarter have been taking sides. It started over charges brought against W. L. Spencer by a preacher. This has been given publicity at various times and has been the cause for considerable feeling among some of the citizens of that section. Berry was on one side of the question and Long was on the other.

MAYOR AND DEPUTY HAVE FIST FIGHT

Fight Occurred Over Serving of Warrants at Swan Quarter Yesterday.

A fist fight, in which Leslie Jones, mayor of Swan Quarter, and E. O. Spencer, a deputy sheriff, were participants, occurred yesterday at Swan Quarter.

It is claimed that the trouble arose over the serving of some warrants or summon. According to information given out, it is stated that Spencer called the mayor a liar. Mr. Jones repaid the insult with a blow. Friends separated them.

WILSON IS UNBEATABLE SAYS GOVERNOR FIELDER

Union of Progressives and Republicans Would Only Be on Surface. Jersey City, June 13.—Governor James F. Fielder, of New Jersey, made a statement today before he left Sea Girt for the Democratic National Convention, in which he predicted an overwhelming victory for Wilson and declared that New Jersey will go for him by a tremendous majority.

"President Wilson is positively unbeatable," said the Governor. "He will be re-elected by a tremendous majority. A union of the Republicans and Progressives would only be such on the surface. The real Progressives will not support Hughes. There will be countless numbers of Progressives and Republicans, too, for that matter, who will support the President."

Ed Long, age 77, the oldest native born citizen of Washington, died shortly after noon today at his home on West Second street.

BIG CROPS ARE BEING RAISED IN THE COUNTY

WITH GOOD PRICES, ALL FARMERS ARE BOUND TO REALIZE HANDSOMELY ON CROPS THIS YEAR.

Rain Has Not Had Any Ill-Effects. Tobacco, Corn, Cotton and Other Crops Are Making a Splendid Showing in Spite of Weather.

Practically every local resident, who has had occasion to travel through the county recently, has had some word to say regarding the splendid condition of the crops.

"I am confident that Beaufort county is going to raise the biggest crops in its history this season," stated one merchant.

"All of the crops are showing up fine. Corn, cotton, tobacco and potatoes all look good. Garden truck is also coming along nicely," stated another.

It is not believed that the recent heavy rains will have any bad effect on any of the crops. In fact, the most severe rains that visited Washington were purely local and did not extend more than three or four miles from town. Every part of the county, however, had more than sufficient rain for its needs.

It is generally believed that the tobacco crop will be both superior in quality and quantity to what it was last year. The stand is said to be excellent. With good prices in effect during the coming season, every farmer in the county should realize handsomely on his crops.

THIRD ARMY IS SENT BY U. S. AFTER NEW MEXICAN RAIDERS

San Antonio, Tex., June 13.—A third American punitive expedition last night had crossed the border. Troops of the Fourteenth cavalry, under direct orders from Major General Frederick Funston, entered Mexico with avowed intention of capturing and punishing or disbanding Mexican bandits making depredations into United States territory.

The expected "advertised raid" by Luis de la Rosa that for four days has excited much comment along the border occurred today at the T. A. Coleman ranch at Hidalgo, Tex. In Zapata county, thirty miles east of Laredo. No lives were lost, but two American cowboys, George Conover and Arthur Myers, were kidnapped. Later, however, they escaped and reached Palefox late last night. Bandit troopers under the leader-

It is estimated that more than one-third of the Austrians on the east front have been killed, wounded or captured since the Russian offensive began on June 4. 120,000 have been captured. 650,000 have been killed.

The Austrians have been making desperate attempts to check the advance of the Russians but their efforts have been futile. They have a large number of field guns and ammunition.

WILSON SCORES "HYPHENISM"

Delivers Stirring Address Before the Graduates of West Point Academy.

(By United Press) West Point, N. Y., June 13.—"The world is going to know that when America speaks, she means exactly what she says," President Wilson today told the academy graduating class. "He stated that it was undeniably the duty of the country to be prepared and promised to uphold the American standard of justice when the time comes to join the league of nations."

Mr. Wilson said that to be military did not mean militaristic. He asked the West Pointers not to forget that they are citizens first.

Regarding hyphenism, he said that "nobody who does not put America first can consort with us." He concluded by stating that preparedness is at the present time the imperative duty of America, but that we must know what we are preparing for.
