## THE MERCHANTS WHOSE NAMES APPEAR ON THIS PAGE ARE INTERESTED IN THE UP-BUILDING OF WASHINGTON

Their Advertisements Contain Items of Interest to Every  
Reader of this Paper. They are Washington's  
Leading Business Men.

Along the border of this page, there appear the advertisements of men who are among  
the most prominent citizens of Washington, who realize that the mail order houses dupe their  
customers into buying unsatisfactory goods and who are working to help Washington and Beau-  
fort county grow and prosper.

Run your eye down the list. You will find the advertisers to be those men who are en-  
gaged in every work of development that is brought up. They give both time and money to  
help the community better itself.

Are these men not worthy of your patronage? Is it either just or fair to ignore their  
places of business and send your money off to the mail order man, who does not know you and  
who cares nothing for you—except to get your money!

"TRADE AT HOME" is now the slogan of every citizen who is interested in his home  
community and who wants to see it grow.

IS IT YOUR SLOGAN?

Let's Bring Down the Dollars that are  
Flying Away From Us.

Is there any way to stop this flight? How many communities are making an effort to  
check this stampede of money that flies out of their home town? What is our community do-  
ing? What would all this money mean to you and me, if it were spent with our own business  
men? The picture is no dream or fancy. The artist has simply brought home to us the hard  
facts. Let us face them as they are. The group of men with rifles provides the right action  
for us. Let us organize to stop this flight. Let each one of us remember this: That home  
values increase in proportion as we spend our money at home. That home values disappear  
with every dollar sent away.

## He Saved Money, Didn't He?

A customer ordered from a Mail Order House six sets  
Tobacco Truck Axles to save five cents a set—thirty  
cents; but had to pay 50c freight. The Mail Order House  
pays no town, county or State tax in North Carolina. We  
pay hundreds of dollars. Don't we save you money?

**McKeel-Richardson Hdw. Co.**

## A GUARANTEE

We guarantee our prices on any piece of Hardware we carry to be equal  
or less to that of any mail order house in the United States for the same qual-  
ity of goods and on the same terms, delivered in North Carolina.

**Harris Hardware Co.**

### Ocean Breezes by Wire

Think what a pleasure and comfort it is to have cool  
ocean breezes delivered into your home by merely turning  
the switch of an electric fan. Quarter of a cent per hour  
is all it costs to run a portable 8-inch fan, which can be  
carried from room to room. A 12-inch fan costs less than  
burning a single electric light.
