CARRANZA HAS PLAN TO END ALL PROBLEMS

WOULD HAVE COMMISSION OF
THREE APPOINTED TO SETTLE
DIFFICULTIES BETWEEN
TWO COUNTRIES.

TO BE BROUGHT UP SOON

Expected That Negotiations, With
This in View, Will Be Opened at
Border and Will Later Be Brought
Up at Northern Summer Resort.

(By United Press)
Washington, July 14.—A plan,
which Carranza believes will settle
the differences between the United
States and Mexico, has been made
known here today. It is expected
that it will be submitted formally to
the State Department within a few
days.

Carranza proposes a commission,
of three men from each country,
who will be directed to work out a
complete series of remedial steps,
probably involving the border pa-
trol. Neither Arrondado or Sena-
tor Fletcher will be members of this
commission, nor will any member
of the State Department or the Mex-
ican foreign office. Negotiations,
with the purpose of organizing this
commission, are expected to start at
the border and a meeting will later
convene at some northern summer
resort.

Submit Plan to Wilson.
Washington, July 14.—Polk this
afternoon submitted Carranza's sug-
gestion, for the appointment of a
commission to settle the Mexican
problem for all time, to President
Wilson and the cabinet. It became
known that the President heartily
approves of the plan and will O. K.
it before leaving on a yachting trip
this afternoon, after which Polk will
tell Arrondado that it is accept-
able.

WONDERS LOST GAME TO FOUNTAIN 3-0

Locals Were Unable to Touch Foun-
tain's Twirler. Haynesworth
Being Only Player to
Get Safe Hits.

The Fountain baseball team de-
feated the Wonders yesterday at
Farmville, the score being 3-0. Foun-
tain secured five hits of Brown, who
twirled for the Wonders and the
Washington players grabbed three off
Taylor, who worked in the box for
Fountain.

It would have been more appro-
priate to have said "Washington
player" in the above instead of
"players," for all three hits were
secured by Haynesworth. The other
fellows appeared unable to touch
Taylor's offerings. The Wonders
made two errors while Fountain
maintained a clean sheet in the error
column.

Washington plays Aurora here
today, Haynesworth pitching.

Next Wednesday Ayden will come
here for a return game.

Fountain will play a return game
at the local grounds on next Thurs-
day.

Newport, R. I.

The Naval Militia will leave here
tonight on the night train for Nor-
folk. They will embark on the morn-
ing on board the U. S. S. Louisiana.
The Florida and Texas militia will
also be aboard.

All men of the local militia have
been ordered to be present at their
armory at 7:30 o'clock and all who
fail to be present at that time will
be summarily court marshaled.

The cruise will be of ten days'
duration. From Norfolk the Louisi-
ana will sail for Newport, R. I.,
where shore liberty will be given.
Then the warship will proceed to
Sheepshead Bay. Fleet maneuvers

stated that twelve ships will take

ELIZABETH CITY TO CLOSE STORES FOR HALF A DAY

Elizabeth City, July 14.—This af-
ternoon at one o'clock the majority
of Elizabeth City's stores will close
their doors and give their employ-
ees a much-deserved half-holiday.

On each Friday during July and
August this will be repeated. Three
years ago Elizabeth City began to
lead in this co-operative business
step, and since that time a number
of Eastern North Carolina towns
have followed her shining example.
The number of stores joining in the
movement here has increased each
year, a larger number of the city's
clerks thus being afforded a bit of
leisure and pleasure during the
hottest months of the summer.

Naval Cutter Is in Distress

(By United Press)
Washington, July 14.—The naval
cutter, Hector, is in distress on
Charleston, radiograms to the coast
guard service said. A gale is raging
off that point. The cutter, Seminole,

BARACA CLASS TO RICHMOND

Large Number of Members Are Ex-
pected to Take Excursion. Will
Leave Here Early Next
Tuesday Morning.

Members of the M. E. Baraca class
will leave here Tuesday morning on
an excursion trip to Richmond. They
will leave Washington on the regu-
lar A. C. L. train and will board a
special train from Kinross at Par-
mele, which will carry them direct
to Richmond.

It is expected that a large number
of members will take advantage of
the extremely low rates in effect on
that day and will make the trip. An
attractive program has been arrang-
ed for them at Richmond, where they
will be entertained by Baraca classes
of that city. It is also expected that
they will stop over at Hopewell to
see the powder works and inspect
the progress that that city has made
in the last year.

WILSON CHAMBER OF COMMERCE GETS BUSY

Wilson, July 14.—The Wilson
Chamber of Commerce which has
been in existence for the past six
years, has been reorganized, having
employed a secretary and traffic
manager of experience whose duty it
is to devote his entire time and en-
ergy to the upbuilding of the com-
munity from the standpoint of its
commercial, industrial and civic wel-
fare and is making plans for an ac-
tive membership campaign.

President Bridgers and Secretary
Hope have been doing some prelimi-
nary work along this line for the last
few days and are very much grati-
fied at the results so far attained,
having signed one hundred and forty-
two new memberships which were
taken by only forty-two concerns,
some parties taking as many as ten
memberships each.

A get-together meeting of the en-
tire membership of the Chamber is
planned for Friday, the 14th, at
which time the plans for the big
campaign will be laid before them.

HACKNEY AND JACKSON HAVE RENTED BUILDING

Have Secured Part of Rodman Build-
ing, Which Will Be Used as Dis-
play Room for Automobiles.

Messrs. Hackney and Jackson
have rented the vacant floor space
in the new Rodman building, 129
West Main street and will use it as
a display room for Studebaker auto-
mobiles. They are local dealers for
these machines and brought a car-
load of new models from Norfolk a
day or two ago. The location which
they have selected is an ideal one
and will give them an opportunity
for displaying the automobiles to
best advantage.

wealthy business man of Greenville

brated Bastille Day, the birthday

tralian, Indian and French troops
marched through the streets across
the Alexander bridge, which was
built to commemorate the Russian-
French alliance.

Will Permit Deutschland To Clear

(By United Press)
Washington, July 14.—Following
the report of the neutrality board,
Acting Secretary Polk today said
that there was no need of formal
announcement regarding the sub-
marine, Deutschland. This is taken
to mean that the Deutschland is a
merchantman and will be allowed to
clear.

Pope To Make Second Appeal For Peace

(By United Press)
Rome, July 14.—Pope Benedict
is reported in church circles to be
preparing a second appeal for peace
on the second anniversary of the
war, which is only two weeks off. Its
issuance is said to depend on the
successes of the allies, which, if
great, may convince the Pope that
the time is propitious.

HAD A NARROW ESCAPE FROM BEING HEROINES

Young Ladies Rowed Out to Rescue
Boys, But Had Their Offers of
Assistance Indignantly
Refused.

Two well-known young ladies of
the west end of the city had a nar-
row escape from being real heroines
yesterday afternoon. They were sit-
ting on the front porch, overlooking
the river, when one of them was
startled to see a skiff, with three
young boys in it, overturn in the
middle of the Pamlico. With a
scream, she called the attention of
her companion to the "accident."
Then they proceeded to get busy.
Running to the shore as fast as
their skirts would permit them, they
sprang into a row boat and rowed
frantically out into the stream. One
of them stood in the bow, urging the
"victims" to keep on struggling,
while the other made the rowboat
plough through the water at motor-
boat speed.

They finally arrived at the scene
and found three mildly astonished
colored boys, who indignantly re-
fused all offers of rescue and said they
were merely in swimming and had
overturned the boat in order to dive
off it.

The two ladies, whose names are
withheld for self-evident reasons,
weekly returned to shore, in no
bright frame of mind.

TO GET OUT SEALS FOR RELIEF OF BELGIANS

Asheville, N. C., July 14.—In or-
der that the smallest boy or girl, or
any man or woman, no matter what
their means of livelihood are, can
contribute their mite to the aid of
the suffering women and children of
the "Kingdoms of Grief," Belgium
and Northern France, the North Car-
olina Commission for relief in Bel-
gium announces today that seals of
mercy will be placed on sale in all
sections of the United States. These
seals, which were designed by the
Secretary of the North Carolina
Commission, and authorized by the
National Commission in New York,
are of similar size to the Red Cross
seal.

Occupying the center of the seal
are flags of the United States and
Belgium, with the words: "Seal of
Mercy," and "Kingdoms of Grief,"
above, and "America's Sympathy"
below. The seals sell for one cent,
and the funds derived from their

BRITISH MAKE BIGGEST GAIN OF THE WAR

PENETRATED GERMAN LINES
ALONG FOUR-MILE FRONT
FOR DISTANCE OF OVER
A MILE.

GERMANS CAN'T STOP THEM

Success of the British Marks the
Biggest Single Gain Since the Start
of the Present Super-Offensive.
Continue to Advance.

(By United Press)
London, July 14.—The British to-
day broke through the German lines
along a four mile front in a smash-
ing blow that swept two villages and
the Trones woods. The advance was
for over a mile and marks the great-
est single gain since the super-offen-
sive began thirteen days ago.

Heavy fighting continues today
and the Germans are making desper-
ate efforts to check the further ad-
vance of the British. They are
slowly being pressed back, however,
and are apparently unable to stem
their foes.

SAY DEUTSCHLAND WILL CARRY TWO AMERICANS BACK

Washington, July 14.—Answering
the statement of the French and
British embassies that the German
submarine liner Deutschland would
be fired upon without warning and
treated as an enemy warship, it was
learned today that the officials of
the German line controlling the dar-
ing undersea boat have agreed to
carry two American citizens on the
return trip.

If the Government upholds its
ruling in the Sussex case now that
the Deutschland is held strictly a
merchantman, it must, to be consist-
ent, in case of an attack without
warning rule that the act is delib-
erately unfriendly to the United
States.

In the note to Germany of July
21, 1915, the State Department made
this promise to the Imperial German
Government:

"The Government of the United
States will continue to contend for
that freedom (of the seas) from
whatever quarter violated, without
compromise and at any cost."

To Move—or Not to Move

People who live in rented homes are considering the mat-
ter of moving—those, at any rate, whose leases expire soon.
The "To Let" ads are very interesting literature for these
people just now. A good many decisions will be made,
either directly or indirectly through the influence of these
little ads.

Landlords should keep their offerings "in the limelight"
these days—for, otherwise, they may be inclined to look up
some old and discarded "To Let" placards later.
