## KEEN COMPETITION FOR BUSINESS MAKES LOW PRICES IN WASHINGTON

Competition for business is keen in Washington. There are a large number of dry goods stores, hardware establishments, grocery stores, butcher shops, jewelry stores, etc. People do their buying where they can get the best values for their money.

Therefore, it is necessary for every merchant in the city to sell his goods at just as low a price as he possibly can. Otherwise, it won't be long before he is driven out of business by his competitors.

This competition is one of the greatest factors in the life and progress of Washington. And furthermore, it does away with the last excuse for dealing with mail order houses.

Every article that is sold by the merchants whose advertisements appear on this page, is sold at as small a margin of profit as possible.

And besides, you get first class goods, and not goods that could not be sold to customers direct and were therefore disposed of to the mail order houses.

TRADE AT HOME and do your trading with the merchants whose advertisements appear on this page.

## THE CHAMBER OF COMMERCE

Has our community a Chamber of Commerce? How often does it meet? Once a year or EVERY DAY? What is our club doing to increase its membership? Has it BURIED the last of the knockers? How many factories has it secured in the last ten years? The most progressive towns have a Chamber of Commerce meeting EVERY day in the year. New members are added every day. The membership takes in farmers, as well as business men. There is something DOING all the time. The greatest energy is expended on boosting the HOME market. Everybody works at this, and the result is the Chamber of Commerce puts the town on the MAP as a LIVE community. This is all true of the BEST towns. Is OUR town in this class? Are WE content to be anything less than the BEST? Let's get into THAT class and work EACH day to STAY there.

## He Saved Money, Didn't He?

## McKeel-Richardson Hdw. Co.
