JAMES L. MAYO.....Proprietor CARL GOERCH.....Editor

WASHINGTON, NORTH CAROLINA, AUGUST 11, 1916.

Mississippi, Louisiana, Georgia, North and South Carolina and one or two other states have had their floods.

The Administration calls Hughes a liar, and Hughes calls the Administration by the same appellation.

The opening of the Washington tobacco market is just five days off. And when that day comes, we won't mind if we have to spend the entire day shaking hands with farmers who come in to see us.

POLITICAL NEWSPAPERS.

Although election is still some time distant, readers of newspapers are already obliged to wade through column after column of political stuff daily.

We believe that the majority of newspaper readers are interested in politics, but we do not believe that they appreciate reading the one-sided views of some party paper.

An editor may be a devout church member, but that is no reason why the majority of his news items and the greater part of his editorials should be devoted to articles pertaining to the church.

A WRONG IMPRESSION.

The captain and crew of the Deutschland dived for home with the firm, frankly-expressed opinion that American sentiment has been misunderstood abroad.

Their impression is natural, but none the less erroneous. The Americans whom they have met have been mostly German sympathizers.

There is another important factor which may have misled these men. They have misunderstood the friendly attitude of the nation as a whole.

Americans, without regard to their judgment or sympathies, have expressed their admiration for the Deutschland's captain and crew because they typified a sporting spirit which Americans would have praised, regardless of their nationality.

It is fortunate that the Deutschland's crew can testify at home to the friendliness and fairness of our people.

DIFFERENT TYPE OF MEN.

According to reports from New Bern yesterday, seven more men have been arrested for leaving Camp Glenn.

"How different these men are from the type who shouldered their muskets in '61 and went to battle to defend their rights!

"It is a shame and all true Americans should blush at the articles appearing in the papers, full of complaints regarding 'rations' furnished soldiers now in camp.

"Soldiers who are ever complaining can not turn out Lees, Jacksons and others, whose names are written in gilt on the pages of history.

"The Southern woman scorned the man who did not enter the army. Are the women of America doing this today?

It would be well if some of the dissatisfied men in the militia today took the advice of this old veteran.

SU FRAGISTS ISSUE WARNING TO CONGRESS

(By United Press) Colorado Springs, Colo., Aug. 11.—An official circular passed out to delegates attending the conference of the National Woman's Party here today said:

WAY TO WIN IS KILL GERMANS, SAYS DERBY

London, Aug. 11.—Lord Derby, Parliamentary Under-Secretary for War, interviewed by the correspondent of the International News Service, said in regard to the loss of men in the recent advance on the Somme:

"We are accomplishing what we set out to do. The Germans last year had everything their own way. They were able to rush troops to any front, but now they cannot spare a single man from the West or East.

"The only way to win the war is to kill Germans. This we are doing, and so are the Russians and the Italians.

"Every counter attack is welcome. It helps kill Germans. The situation on the whole is decidedly favorable for us."

Asked if the Germans are calling up their reserves of nineteen years, Lord Derby said:

"They have boys younger than nineteen fighting at the front now."
