GEORGE JONES FREED OF MURDER CHARGE

New Bern, Sept. 8.—"Not guilty" was the verdict of the jury empaneled in the case against Geo. Jones, a white man of the Maple Cypress section of Craven county, who was charged with the murder of his uncle, George Pate several months ago. The case was taken up at Wednesday's session of Superior Court which is in session here this week with Judge C. C. Lyon, presiding, and was given to the jury a short time after court convened for the afternoon session yesterday. The defendant pleaded self defense and it took the jury about two hours and thirty minutes to agree that the State had not produced sufficient evidence to show that the young man was guilty of any crime.

SAYS HIS WIFE IS HAPPY FOR FIRST TIME IN 15 YEARS

J. A. Atkins Makes Strong Statements in Telling How Tanlae Helped Her.

"When I tell you sir, that my wife had not seen a well day for 15 years, and that only since taking Tanlae has she shown any improvement, you know how glad I am to shake your hand and tell you what your medicine has done for us." J. A. Atkins of Route 1, Raleigh, firmly said to the Tanlae man.

Mrs. Atkins suffered from stomach trouble and indigestion. Every thing she ate disagreed with her and caused headaches and heart fluttering. For eight years she has been under doctors' treatment but nothing seemed to relieve her. Often she fainted away and had to remain in bed for most of the time. We had about given up hope when along came Tanlae. Now she is decidedly better—can eat most anything for indigestion. Now her sleep is sound and refreshing and she is much stronger in every way."

Tanlae is sold in Washington by Davison's Pharmacy; Belhaven H. E. Noble.

Chicago, Ill., Sept. 8.—Suit for \$1,000,000 was filed by Henry Ford, the Detroit Manufacturer, against the Chicago Tribune in the United States District Court here today. Mr. Ford asks for personal damages as compensation for an editorial printed in the Tribune, June 23, which is charged called Ford an "anarchist."

The bill charges that the Tribune "sought to bring the plaintiff into public hatred, contempt, ridicule and financial injury," by publishing the editorial.

The editorial, it is charged, referred to Mr. Ford as "ignorant, a degraded human being" and "an anarchistic enemy to the nation which protects him in his wealth."

The editorial also charged that employees of Mr. Ford would lose their positions if they went to the border as members of the National Guard.

Before and After.

The members of the club were telling yarns when a quiet man in the corner was asked to contribute.

"Well," said he, "I once entered a restaurant where they weigh you before eating and then after eating, and then charge you by weight. I got a good feed and was charged five shillings. The next time I went I took in my pocket bricks, weights, old iron and such like. I was weighed and then went upstairs and had a banquet three times as big as the last. After getting rid of the ballast I went down and was weighed again, but they couldn't make it out."

He paused.

"Couldn't make what out?" asked the club members.

"Why," answered the quiet man, "they owed me four-and-tuppence."—London Tit-Bits.
