BABY'S PAIN HAS VANISHED

No more running to and from the hot kettle, no more danger of burns. The Westinghouse Electric Heating Pad takes the place of the hot water bag, and does its work better. Ready for use at a moment's notice—temperature always uniform—never too hot or too cold. It is furnished either with rubber cloth cover, or felt, covered with washable slip cover. To convince you we will send one on trial. Costs 1-2 cent an hour to run.

Money That is Paid Out For Tobacco Crop Will Follow Out Two Courses

Tobacco is bringing record prices just now and the farmers are realizing a handsome profit on their crop. Thousands of dollars are being paid daily for the loads that are brought to town. This money will follow in two courses. Let's see if we can keep track of them:

The first course takes the money to the local dry goods store, the hardware store, the bank, or any of the other local institutions. The business of these stores is increased just that much and they are able to enlarge their quarters, to purchase larger stocks, and make other improvements, which will be to the advantage of their customers. The money will help to keep up the city and county, will build roads, pave streets, and do other work. In short, it will bring prosperity that is shared to some extent by all.

The second course takes the money to the mail order houses. It leaves town and it stays away from town, never to return. It benefits no one in the local community.

Which course is your money going to follow?

THE WOMAN'S WORK

You women, are only one of a thousand women today who are deluded by the long-distance bargain. Don't be carried away by a beautiful picture in a catalog. You can get better bargains from your own home merchant, where you are assured of a fit and satisfaction in every respect. In trading at home you are doing your share in building up your community. This is your work.

Tobacco is bringing record prices and the reason is their crop. Thousands of dollars are being
