FORGE TEUTONS RETREAT IN BALKANS

DOBRUDJA SCENE OF VIOLENT FIGHTING

BULGARS AND GERMANS HAVE ALREADY RETREATED MORE THAN FIVE MILES FROM THE CITY.

ARE BURNING VILLAGES

Soda Dispatches Admit That Attacks Have Been Unsuccessful, Capture of Another Town in the Balkans Announced by the Allies.

(By United Press) London, Sept. 22.—Under heavy Russo-Rumanian blows, the Teutons at Dobrudja have already retreated more than five miles, according to Bucharest dispatches. An editor statement reported that the Bulgarians were burning villages and ravaging the country as they retreated. The capture of Stakely Udvarhely, an industrial town of 3,000 population, is also reported by the allies. It is 45 miles inside the Transylvanian frontier.

MANY IMPROVEMENTS AT WASHINGTON HORSE EX.

B. L. Sumner Now Boasts of Having a Model Establishment on Second Street.

The Washington Horse Exchange, during the last week or so, have been making some decided improvements to their establishment on Second street. All of the stalls have been whitewashed, additional stalls have been put in and many other changes have been made. The stables, as they stand now, are a credit to the company and the president, B. L. Sumner, is to be commended for the manner in which he is keeping up the place.

MUCH INTEREST IS SHOWN IN THE REVIVAL

DR. ANDERSON SPOKE LAST NIGHT ON "WILL ONE SEND A MAN TO HEAVEN?"

CONVINCING ARGUMENT

Meetings at Baptist Church Continue With Great Success. Mass Meeting at the New Theatre on Sunday Afternoon for Men. The congregations at the Baptist church revival continue to increase every night and there is no question but that Dr. W. M. Anderson is making a decided impression upon the people of Washington with his earnest and convincing sermons. Last night, the evangelist spoke on the subject, "Will one send a man to heaven?" "A good many persons," said Dr. Anderson, "keep a kind of a mental ledger of themselves. They put the good deeds they do on one side of this ledger and the bad deeds on the other side. They apparently feel that whichever side bears the greater number of 'entries' will determine their fate in the future life. Never was there made a greater mistake. As an illustration, I will say that I take a yard stick and break it into two parts. That is just one break, but the use of that yard stick has been destroyed, and it is only good for kindling wood. It is rendered just as useless as if I had broken it into a dozen parts. It makes little difference how small or how black the sin is that you commit; if it is unforgiven, it will be your doom! "We all have some standard in our lives. When men join the United States army, they must come up to a certain physical standard. And God has his standard too, and what else could that standard be but perfection?"

FALLS HERE ON TOMORROW

W. S. Falls, State Highway Commissioner to Inspect Local Situation With Respect to Road Work.

W. S. Falls, State Highway Commissioner, will be in Washington either tomorrow or Monday, for the purpose of looking over the road work here and seeing what can be done to straighten out the situation. Mr. Falls has been in the western part of the state for some time, overseeing the road work in the food-stricken district. It was because of this that he did not get Mr. Swindell's telegram and letters. It is stated that he has been on the outlook for another man to take Mr. Clement's place, and he may bring this man with him when he comes here.

IN BUSINESS FOR HIMSELF

J. C. House Has Opened Tinting and Repair Shop on Harvey Street. J. C. House, who, for the last four years has been with the Harris Hardware Company, has gone into business for himself, his shop being located at the corner of Third and Harvey streets. Mr. House will make a specialty of all kind of stone work, repairing radiators and tin work of all kind. In an advertisement, which appears in another part of today's edition, he sets forth in detail the nature of his new business.

MANY PROMINENT ORATORS TO ADDRESS COUNTY VOTERS

BICKETT, KITCHIN, MONTAGUE, AND MANY OTHERS TO BE HEARD HERE

Some of the ablest speakers to ever appear in this section of North Carolina will visit Beaufort county to take part in the Democratic campaign between now and the November election. County Chairman Warren announced this morning that from now on there would be a speaking in the county almost every day to November 7th. It will not be said after the votes are counted that the people haven't heard any speeches for oratory galore, and picnics and barbecues are promised. The first outside speaker to enter the county will be Hon. Cameron Morrison of Charlotte, elected at large who will speak in Washington on Monday night, September 25, at 8 p. m. Mr. Morrison is one of the greatest campaigners in the business. On Tuesday, October 10, at 10:30 a. m., the Washington-Beaufort Land Co. will hold a big land sale at Acre Station, and have secured a brass band and arranged for a barbecue. After the sale is over the crowd will be addressed by Hon. Edmund Jones of Lenoir. It will be remembered that Captain Jones was a candidate for Attorney General when Judge Manning received the nomination, and he is now speaking for the democratic cause. Captain Jones is an ex-Confederate soldier, and is an able and entertaining speaker. On Friday, October 13, it is planned to have four thousand people at Aurora to hear Hon. T. W. Bickett, and it is very probable that a special train from Washington will be run. On Saturday, October 14, at 12 M. a basket picnic will be held at Yeaerville. The county candidates will be (Continued on page 5)

RUMORED THAT GERMANY IS AGAIN TO SUE FOR PEACE

(By United Press) London, Sept. 22.—Germany will set another peace kite flying by October, British officials expect. Recent apparently authentic rumors say that Germany is suffering huge losses because of the Somme offensive and is endeavoring to suggest an armistice through Spain and the United States. It is understood on higher authority that King Alfonso is unlikely to act. It is believed here that Germany hopes to attempt President Wilson to start negotiations at a time when his success would affect the national elections. However, it is believed that such a move on the part of Washington would be foredoomed to failure and would arouse bitter resentment on the part of the allies. This would eliminate Wilson as a possible mediator.

Women Should Know Flirting Says Actress

(By United Press) New York, Sept. 22.—"Every woman should know how to flirt," said Constance Collier, English actress beauty, recently, and she added that age and weight had nothing to do with it.

"Fat women may look funny flirting just now because slim girls are the rage, but that is a temporary condition," said Miss Collier. "In the old days no woman was thought beautiful unless she was fat. "Beauty has little to do with a successful flirtation. Plain women are often the most delightful flirts. "Women who flirt preserve their looks and figures longer than those who settle down like the old-fashioned Japanese wife who shaved her eyebrows and blacked her teeth to prove her conjugal devotion. Today men seek in a wife a pal, a friend, and a flirt."

FIRST SHOW OF SEASON

"Mutt & Jeff's Wedding" Will Be Seen at the New Theatre Tonight.

The theatrical season opens in Washington tonight with the presentation of the musical comedy success, "Mutt & Jeff's Wedding." The press has had much to say in favor of this production and it is expected that it will be witnessed by a large audience. The curtain will rise promptly at 8:30 and all are asked to be on time. REPORT RUSSIANS LOST 8,000 MEN IN PERSIA Constantinople, Sept. 23.—In today's Turkish War Office report it is estimated the Russians lost approximately 8,000 men in the recent fighting in the neighborhood of Hamadan on the Persian front. The Russian official statement asserts that a considerable success has been achieved by the Russians in Persia.

Austrians Are Preparing To Leave Trieste

Rome, Sept. 22.—Athens dispatches state that the Austrians are preparing to evacuate Trieste, in order to use in Transylvania the troops defending the great Adriatic stronghold. Large German forces are also being sent to Transylvania.

Important Address by Wilson Tomorrow

NEW AIRCRAFT BEING USED BY GERMANS

HAVE THE APPEARANCE OF HUGE FLYING FISH WITH FOUR BIG EYES ON SIDES.

ARE FASTER THAN BIPLANES

Are Able to Carry More Bombs and Are Capable of Quicker Action Than Any of the Other Aircraft That Are Used in the War.

By CARL W. ACKERMAN (United Press Staff Correspondent) With General von Linsingen's Armies on the Russian Front, Aug. 29.—(By Mail)—Germany has added flying whale to her other war wonders of the air!

A hundred yards away these new aeroplanes look like gigantic fish with double fins which have flapped out of the water and lie stranded on their bellies on the sand. They have four big eyes on each side.

High in the air they are the most startling creatures I have seen on any front. They look like the flying fish one sees on the ocean, many times magnified.

On close examination you discover an aeroplane standing about eight feet from the ground. They wings are those of an ordinary aeroplane but the bodies are shaped like a fat fish. The motor is enclosed in the head and at the sides, where the eyes of the fish would be, are two windows. The operator or observer can look out from above the fish's back or from the sides, through the eyes.

(The censors' scissors had deleted a paragraph at this point, possibly carrying more details of the aeroplane's construction.)

These flying whales have greater speed, more bomb-carrying capacity and quicker action than any other biplanes in Europe, officers at the German aviation camp told me. The one I saw was not large. The Germans have other aeroplanes much larger, equipped with two motors and carrying three or four persons, but for purposes of combat the "flying whales" cannot be equalled, even by the famous French Nieuport machines.

BRITISH MAKE ADVANCES

London, Sept. 22.—The British advanced along a mile front south of Acre last night, capturing two lines of trenches between Fiers and Martinguch. The Germans have been driven back toward the Leans-Ouedchocht highway, their next strong line of defense before Baupame.

COLON BACILLAE IN WATER

The last sample of the water, used by the residents of Washington, was sent to the State department on September 14 and showed the presence of colon bacillae. Superintendent Charles, of the local water department, wired the department whether the people should be warned and today received the following telegram:

"Since former analysis, good sample was possibly accidentally contaminated when taken. Suggest that daily analysis be taken for a week and bottles sent here. State Lab. of Hygiene."

ALLIES SOMME LOSSES 500,000, SAYS BERLIN

Berlin, Sept. 22.—Up to Sept. 15 the total losses of the Allies on the Somme front were 500,000 men, according to estimates made in an official review of operations issued here today. This fixed the British losses at 250,000 and the French at 120,000.

Russians Again Advancing

(By United Press) London, Sept. 21.—A wireless from Rome reported that the Russo-Rumanians won a victory at Dobrudja, Transylvania and that the Rumanians are again advancing across the Carpathians in Galizia.

NO TRACE OF VILLA

(By United Press) Paso, Sept. 22.—Although Francisco Villa is only twenty miles outside of Chihuahua City, according to Carranza officials at Juarez, and a "vigorous pursuit" has been instituted, the bandit has not been sighted. General Trevino is still conferring with his chieftains before risking an encounter with the outlaw.

Trevino declares that Villa was defeated with heavy losses and does not admit the capture of the city. He also charges that the attack was planned by "American-Mexican interests" in the hope of influencing the American-Mexican peace commission in New London.

U. S. WILL BUY A DIRIGIBLE, 500 FT. LONG

(By United Press) Washington, Sept. 22.—A monster Zeppelin-type dirigible as big as some of Germany's largest aircraft, is to be bought by the Navy Department. This first aerial monster of 500 feet in length will be only the beginning of a fleet. The dirigible will cost about half a million.

BIG PICNIC ON NEXT TUESDAY

Hundreds Expected at Great Educational Rally That is to be Held at Winsteadville.

Great preparations are being made at Winsteadville for the Big Farmers' Educational Picnic, that is to be held there on next Tuesday.

It is expected that over a thousand persons will be on the grounds on that day. Educational addresses will be delivered by Edward L. Stewart and Rev. C. L. Read.

The picnic is to be held in a beautiful grove, and dinner will be served on the grounds. A ball game is scheduled for the afternoon. An invitation has been extended to residents in every part of the county to be present and to bring their baskets with them. The committee, in charge of the event, have issued the following statement:

"We solicit the aid of every man, woman and child, who is interested in education and betterment of their community.

"We want you to know that this picnic is not confined to our community, but every community is cordially invited to take part in this grand educational rally.

"Lay your work down for one day, fill your baskets and come and let us unite our efforts in the one great cause that concerns our community and your community go much."

W. F. WINSTEAD, W. C. KINION, F. M. DAVIS, Committee.

GET STORM WARNING

The local weather bureau has received notice of a storm warning from Washington City. It reads as follows:

"Evidence of a disturbance northeast of Bahama islands has been noticed. It is probably moving north or northwest. Intensity is unknown."

WILSON TO SPEAK FOR HIMSELF TOMORROW

WILL MAKE HIS FIRST PERSONAL APPEAL FOR RE-ELECTION AT SUMMER HOME.

THOUSANDS ARE EXPECTED

Will Take Up Eight-Hour-Law Issue and Other Matters. To Confer Afterwards With Page Regarding Trouble With the British.

(By United Press) Lond. Housh, Sept. 22.—President Wilson will make his first personal appeal for re-election tomorrow when he will speak from the veranda of his summer home to several hundred representatives of the Business Men's League of Trenton. The gates of Shadow Lawn will be opened to the public this morning before the speech of several thousand others are expected to be present.

Thousands interested centers on the speech among democratic leaders. It will be the first plunge of the president into a discussion of the issues that Hughes has been raising through the west.

The eight-hour-law and what the administration proposes to the country in the laying of foundations for meeting foreign trade competition after the war, are expected to feature the president's first "punch campaign" address.

Following the speech tomorrow, Mr. Wilson plans to confer with Walter Hines Page of London tonight. It is understood that the blacklist and mail interference will be discussed.

44,000 POUNDS SOLD TODAY

Libraries took place on the floors of the local warehouse today. Only about 44,000 pounds was brought in. The tobacco that was sold brought good prices and general satisfaction was manifested by the farmers over the sale.

HEAVY RUMORS THAT A GREAT FLEET OF ZEPPELINS BEING BUILT

(By United Press) Rome, Sept. 22.—A Zurich dispatch receives reports to the effect that the Germans are building a fleet of super-Zeppelins at Friedrichshafen for a great raid on England.

Russian Ships Bombaraded

(By United Press) Berlin, Sept. 22.—German sea-planes today successfully bombarded two Russian ships off the Bulgar coast.
