WASHINGTON, NORTH CAROLINA, SEPT. 26, 1916.

Revolution in the Island of Crete! That reminds us that it's about time for some of those South American Republics to break out again.

The citizens of the county "Cam-e-ronning" to hear Morrison speak last night. (That's pretty punk, we'll admit, but read it over again and you may see what we're driving at.)

## PUBLICITY FOR POLITICS.

The American Newspaper Publishers Association, in a recent statement, had the following to say:

"Politicians of both parties are complaining because newspapers are giving so little space to the usual political matter sent out from headquarters."

And, what's more, politicians are going to continue to complain. Newspapers have found out and are finding out that readers do not like to have to wade through column after column of political stuff daily. They like occasional comment on the political situation and they like to be advised as to general conditions. Most newspapers provide that for them, but when it comes to publishing all of the matter that the political bureau send out, that's an altogether different proposition. It isn't fair to expect it of them.

The political party that wins out, reaps the fruits of victory. The candidates fall into easy positions with good salaries attached. Why shouldn't they be made to pay something for the privilege of obtaining office?

## THE RISE IN PRICE OF MILK.

Local dairymen have given notice that milk from now on will retail for thirteen cents a quart. They offer, as an excuse for increase, the fact that the high cost of feed prevents them from making any profit out of their business.

In New York City, milk is selling for nine cents a quart. This milk is brought into the city from points a hundred miles distant or more. It has to be driven to the trains, sent down to the city by fast trains, carried to the various milk companies in drays, put up into bottles, and then delivered through the city. The price of feed is higher in New York than it is here, the milk companies have to pay higher wages to their men than do the dairies in this section, they have to pay more rent and, in every way, they are subject to a much greater proportionate expense than are the dairymen here. And yet, they sell the milk for nine cents a quart! We leave our readers to form their own conclusions on the subject.

## "COMING SOUTH."

In yesterday's issue of the Daily News, there appeared an article, calling attention to the fact that many factories, now located in New York City and other northern points, were seeking to change their location, due to labor trouble and other causes. The article urged the Chamber of Commerce to get busy and advertise Washington as a site for some of these factories.

We believe that a large number of plants will be moved South in the near future. And they are going to be located in those towns that have the best advantages to offer them. But the men who will be assigned to look after the matter of securing new locations cannot cover the entire South and visit every town in it. They are going to investigate those towns that they know about or of which they have heard.

We believe that now is the time for advertising Washington as she has never been advertised before. With the proper publicity given, we see no reason in the world why Washington should not be chosen as the site of some of these plants that will move their place of operation. We have everything to offer them in the way of location and resources, but we've got to let them know what we really have.

As we said yesterday, this is too important a matter to be neglected. The Chamber of Commerce owes it to the city to get down behind the movement and put Washington in the limelight.

## IMPROVING THE COUNTRY NEWS.

For the most part, the news items that come to us from our country correspondents are confined largely to personal items. They tell of who is visiting, who is sick, who has left town and who has died or married. These items are good and they are interesting, but we feel sure that there are many important news stories that "break" out in the rural districts and that never get into print.

We would like to have our correspondents try and see whether they cannot send us these more important stories. For example, give an account of the progress that the school is making in your community, tell about the condition of the roads and what work has been done on them lately, give publicity to the nature and quality of the crops and don't forget to chronicle all unusual or strange happenings. If John Jones has a hen that lays square eggs, that item is worth more than a page of "comings and goings." Or, if Tom Brown goes swimming in the creek and someone runs off with his clothes and he has to walk home, encased in a barrel, it is a story that any paper would be glad to have.

There are scores of happenings of similar nature that ought to be sent in. We not only urge our regular correspondents to keep us informed, but also invite any citizen of the county to keep us advised on any news event that may occur in their community. We will be glad to publish these stories in a prominent position, with the name of the writers at their head.

We want to improve our news service in the county, and with the assistance of our regular correspondents and others, we feel sure that we will be able to do it.

SHALL THE PENILESS  
BE ADMITTED INTO  
THE HOSPITAL WARDS

(By United Press)  
Philadelphia, Sept. 26.—Whether penileless laborers who have suffered accidents in factories or elsewhere shall be accepted in dispensaries and where the money is coming from the pay for their treatment if they are accepted, is one of the subjects for discussion at the annual convention of the American Hospital Association, which began here today. The question has been much debated over and a certain part of the membership is said to favor excluding them.

Dr. Winfield Smith of Baltimore, Dr. Richard P. Bender of Fall River, Dr. Charles E. Young of New York, Dr. L. B. Baldwin of Minneapolis, Charlotte Atkins of Detroit, Dr. W. L. Babcock of Detroit, Dr. J. W. Fowler of Louisville and Dr. R. H. Ross of Buffalo also will speak.

WILSON TO WIN EASILY  
DECLARES MCCORMICK

New York, Sept. 26.—President Wilson will be re-elected by a wide

margin," wrote Democratic National Chairman McCormick to a member of the Washington Administration yesterday.

"Evidence multiplies," continued the letter, "that the justice and strength of Woodrow Wilson's cause before the people will be approved by an overwhelming vote."

Among many reasons for reaching his conclusion, Mr. McCormick says: "The success of the plan of raising a campaign fund in small subscriptions from the people at large, rather than through the channels of special interests, has proved all expectations. By the tens of thousands people of small or very modest means are paying their little to help the reelection of a 'people's President.' Could there be a better index of the trend of the popular judgment?"

"BETTY OF GREYSTONE" AT  
THE NEW THEATRE TONIGHT

Dorothy Gish with Owen Moore and George Fawcett, appear tonight at the New Theatre in "Betty of Greystone," a five-act Triangle film. Gish has a distinguished career as a winsome and popular star in the motion picture drama and she will be seen at her very best tonight in "Betty of Greystone."

## The Town Gossip

I'VE BEEN noticing  
IN THE papers  
WHERE THERE have been  
COMPARATIVE STATEMENTS  
ABOUT THE price  
OF FOODS  
A YEAR ago  
AND NOW.

AND I notice  
THAT SIRLOIN steak  
HAS GONE UP  
FROM 26 cents  
TO 33 cents.

AND I like  
SIRLOIN STEAK.  
AND I see  
WHERE EGGS  
HAVE GONE UP  
ABOUT FIFTEEN cents  
ON THE dozen.

AND I like eggs.  
AND THEN again,  
I OBSERVED  
THAT CHICKENS  
ARE GOING UP too.  
AND I like chickens;  
I MEAN, the kind  
THAT SCRATCH for worms  
IN THE barnyard.

AND I noticed further  
THAT PRUNES  
ARE STAYING  
AT THE same old price.  
AND I don't like prunes.  
AND CORN meal  
ALSO SHOWS  
NO INCREASE  
IN PRICE.

AND I don't like  
CORN MEAL.  
AND RICE  
IS STILL to be sold  
AT THE same old price,  
AND I'm not  
OVERFOND OF rice.

HOW EVERYTHING  
THAT A fellow likes  
HAS GONE UP  
OUT OF sight.  
WHILE THOSE things  
THAT HE doesn't care for  
CAN BE bought  
FOR THE same money  
OR LESS money  
THAN A YEAR ago.  
AND MAYBE

YOU'VE NOTICED IT  
YOURSELF.  
AND I believe  
I'LL WRITE  
TO THE president  
ABOUT IT.  
I THANK you.

"Goodnight Corns!"  
We Use "Gels-It!"

6 Drops in 3 Seconds. That's All.  
"GELS-IT" Does the Rest.  
Never Fails.

Really, I never could see how some few people use the most difficult and painful way they can find to get rid of corns. They'll wrap their toes up with bandages, into a package that fills their shoes full of feet and makes corns so painful they're

got to walk sideways and wrinkle up their faces. Or they use salves that eat right into the toe and make it raw and sore, or they'll use plasters that make the corns bulge, or pick and gouge at their corns and make the toes bleed. Funny, isn't it?

"GELS-IT" is the simple, modern wonder for corns. Just put 3 drops on. It dries instantly. No pain, fuss or trouble. The corn, callus or wart loosens and comes off. Millions use nothing else.

"GELS-IT" is sold and recommended by druggists everywhere, 25c a bottle, or sent on receipt of price by E. Lawrence & Co., Chicago, Ill.

## SAVES DAUGHTER

Advice of Mother no Doubt Prevents Daughter's Untimely End.

Ready, Ky.—"I was not able to do anything for nearly six months," writes Mrs. Laura Bratcher, of this place, "and was down in bed for three months."

I cannot tell you how I suffered with my head, and with nervousness and womanly troubles.

Our family doctor told my husband he could not do me any good, and he had to give it up. We tried another doctor, but he did not help me.

At last, my mother advised me to take Cardui, the woman's tonic. I thought I was so used to being nearly dead and nothing seemed to do me any good. But I took eleven bottles, and now I am able to do all of my work and my own washing.

I think Cardui is the best medicine in the world. My weight has increased, and I look the picture of health.

If you suffer from any of the ailments peculiar to women, get a bottle of Cardui today. Delay is dangerous. We know it will help you, for it has helped so many thousands of other weak women in the past 50 years.

At all druggists.

## New Ideas.

Within the last ten years throughout this country the children's court has sprung up as a necessary and legitimate part of the community's activity. Denver has developed a court in which the judge was a striking figure; and his personality has gained for the court wide publicity. The juvenile tribunals of Chicago and Boston are examples of courts in which the old idea of punishment has given way to that of prevention and scientific reformatory treatment.

## NOTICE OF SALE.

Under and by virtue of authority vested in the undersigned Commissioner, duly appointed in a special proceeding pending in the Superior Court of Beaufort County, entitled "Louis Perry and Mary Myrtle M. Tuten, an infant, by her Next Friend G. Rumley," the undersigned will sell, at the Court House Door, in Beaufort County, to the highest bidder for cash, on Monday, October 9, 1916, at 12 o'clock noon, that certain piece of lot of land in Beaufort County, City of Washington, N. C., and in that part of said city known as "Nicholsonville," which said lot is described in the petition filed in the above entitled cause, as follows, to-wit: One certain lot, being lot No. 35, in plat recently made by R. W. Burbank, for S. T. Nicholson, of a part of the property purchased by the said Nicholson from Hattie E. Banks et al., heirs at law of Jno. G. Williams. The said lot No. 35 is situated on the corner of 7th and Bonner streets, which said deed is recorded in Register's office of Beaufort County, in Book 85, page 523, and is hereby referred to for description.

This the 7th day of Sept. 1916.  
R. B. NICHOLSON,  
Commissioner.
