

WASHINGTON—FIRST IN HEALTH, FIRST IN WEALTH, AND FIRST IN THE RANKS OF THE BEST CITIES TO LIVE IN.

WASHINGTON, N. C., MONDAY AFTERNOON, OCTOBER 2, 1916.

NUMBER 51

TURKS SLAY GREEKS IN ASIA MINOR

WHOLESALE MASSACRE OF GREEKS BY TURKS

FRIGHTFUL SCENES ARE BEING ENACTED IN ASIA MINOR, DECLARE REPORTS. WILL WOMEN AND CHILDREN

Turks had been told that Greece was about to declare war. This resulted in the massacre of many citizens of Greece.

(By United Press)

Rome, Oct. 2.—Reports that Greece is about to declare war, has led to wholesale massacre of Greeks in Asia Minor by the Turks, according to advices received by the Greek legation.

The Turks have spared neither men, women nor children. Frightful accounts of the horrors that have been committed against defenseless citizens of Greece are being reported. In some towns the entire Greek population has been slaughtered in cold blood, say reports. Many attempts to stop the massacre have been taken, tortured and put to death. Outrages were committed against the women. Even small babies in arms were torn from their mothers' breasts and killed. Some of the atrocities reported are too frightful to describe.

38 ADDITIONS TO THE CHURCH IN REVIVAL

MEETINGS AT BAPTIST CHURCH CLOSED LAST NIGHT WITH ESPECIALLY STRONG SERMON. HIGHLY SUCCESSFUL

Revival was the best ever held by local church. Dr. Anderson made deep impression on congregations during his stay in the city.

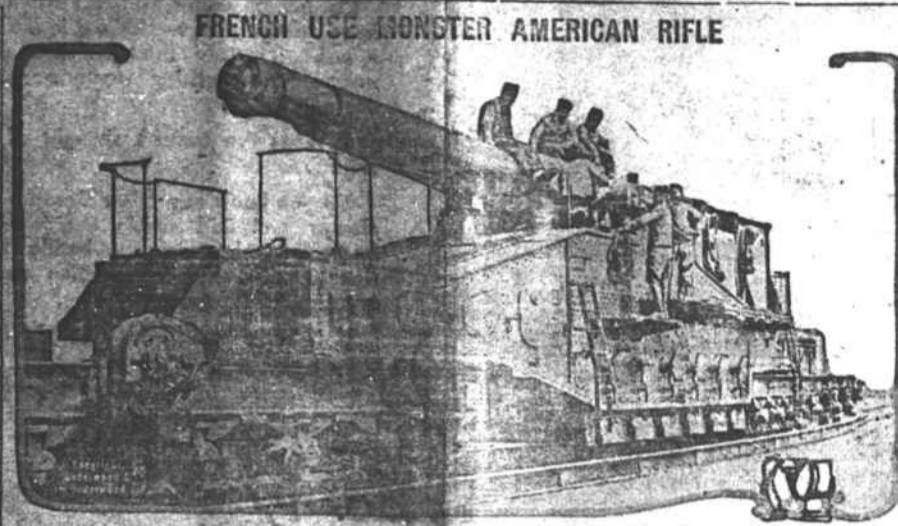

With a total of thirty-eight additions to the church, the revival at the Baptist church ended last night in every way, the meeting was the most successful that has ever been held by this church. Large congregations were present at every service and the closest attention was given to the preaching of Dr. W. M. Anderson, the evangelist, who had the meetings in charge. The musical services, under the leadership of Burt Haynes, was also thoroughly enjoyed and aided greatly in making the revival the success that it was.

Eight additions to the church were made last night. Dr. Anderson preached an excellent sermon on "steadfastness," and his plea, at the conclusion of the session, was the strongest of the entire revival.

Before dismissing his congregation last night, Dr. Anderson expressed his appreciation for the reception that had been accorded him in Washington and earnestly thanked members of all denominations for their assistance in making the meetings successful.

A series of meetings were held in other churches of the Roanoke Baptist Association, simultaneous with those held here. Up to Saturday night, the number of additions to the church in these other cities were as follows: Scotland Neck, 41; Rocky Mount, 47; Nashville, 18; Tarboro, 16; Farmville, 1; Weldon, 16.

Dr. Anderson leaves here for Roanoke, where he will begin another revival.

One of the great guns now being used by the French on the Somme front. This gigantic rifle is mounted on a specially constructed gun carriage, which rests on steel tracks and is easily moved from point to point. The gun is one of the many made in America and shipped to Europe for use against the Teuton powers.

J. F. BUCKMAN & SON PLEASED WITH RESULT OF SMALL AD.

J. F. Buckman & Son carried a small advertisement in the Daily News last week on "Educator Shoes." A large number of sales resulted and many of the purchasers made mention of having seen the advertisement. Many pairs of shoes were also sold to residents of the rural districts, showing that the people in every part of the county are faithful readers of the advertisements in the Daily News.

Over 2000 persons saw every advertisement that was inserted in the Daily News. Local merchants are finding the columns of this paper the best medium for disposing of their merchandise.

LOCAL BOY AWARDED AN APPOINTMENT IN WASHINGTON CITY

Frank Allgood is Recommended for Good Paying Position in Police Department.

Frank Maybe Allgood, a former Washington, N. C., boy, who was for years in the employ of Dr. D. T. Taylor, but who has been living in Washington, D. C., for the last seven years, has been recommended for chauffeur in the police department, District of Columbia, by Major Raymond W. Pullman, superintendent and major of police. There were only two of these vacancies and forty-six successfully passed the examination. The superintendent of police writes Jos. F. Taylor as follows:

"The returns have been made and you may be interested to know that Mr. Allgood received a practically perfect rating in training and experience and he will be recommended for appointment as a chauffeur as soon as the cars, now in the shops for repairs, are returned to service." This will probably be between October 15 and 25.

Senator Simmons and Congressman Small were behind this appointment and they were cooperated with by the other Democratic congressmen from the state. No doubt this will be gratifying news to Mr. Allgood's many friends in Beaufort county.

New Zeppelins Used in Raids

(By United Press)

London, Oct. 2.—The Zeppelin downed north of London last night was one of the new type of super-dirigibles, the largest aerial monsters in the world.

Lord French, commander of the home forces, today announced that ten Zeppelins had crossed the east coast in last night's raid, in addition to the one that was destroyed. They tried another raid on London, but were driven off. No casualties and no damage is reported.

THE TRUTH ABOUT THE DEBATE AT PINETOWN FRIDAY NIGHT

Hugh Paul Reveals Some Interesting Data Regarding Meeting Which Was Held Last Week

In the first place I wish to state that before the campaign in Beaufort county opened I wrote Mr. Lindsay Warren a letter in which I, as chairman of the Republican County Executive Committee, requested a joint canvass with the Democratic county nominees. I received a reply from Mr. Warren stating that he had taken the matter up with his executive committee in the county and that they refused to allow the joint canvass.

The Republicans began their campaign and have not at any time attended the Democratic speaking or asked for a joint discussion, as this kind of canvass had been refused by the Democrats. As chairman of the Republican Executive Committee I propose that the Republicans make an honorable canvass. I know I speak the truth when I say that the Republican canvass up to now has received more liberal attendance by both Republicans and Democrats. I have been keeping in touch with the attendance at the Democratic speaking and it has been very discouraging to Mr. Warren and Mr. Carter, who are making the county canvass. Evidently this is true, judging from the fact that they, knowing that the Republicans would have a large crowd at Pinetown, were desirous of having an opportunity to once more address themselves to a large crowd, instead of their usual small number, which is a baker's half-dozen. Mr. Warren states that a delegation of Democrats (not his executive committee) requested him to proceed to Pinetown and ask for a joint discussion. Mr. Warren realized that something should be done to break off its fledgling hammer blows which are being so effectively delivered against Mr. Warren's county administration by the Republicans. He organized a company of the best Democratic soldiers available and equipped them with something like this: "Rah, Rah, Rah! who are we?"—and that is about all he had.

Now the truth about the debate is this: Mr. H. C. Carter made a good Democratic speech and that "Rah, Rah, Rah, O'Connell" which was composed of the Democratic boys from Washington numbering ten and about three more who were picked up on their way to Pinetown, kept their shouts up whether their speaker really deserved applause or not. At

COTTON TAKES A BIG JUMP

(By United Press)

New York, Oct. 2.—Cotton jumped from 60 to 80 points on the cotton exchange today, following the publication of the government report showing the damage done in midling states report, December cotton sold at 16 3/4 cents. The exchange is in turmoil as prices soar to new high levels.

COTTON REPORT

(By United Press)

Washington, Oct. 2.—The Bureau of Crop Estimates today reported the condition of the cotton crop 55 normal, as against 61.2 on August 25 and 60.8 in September, 1915. The unprecedented destruction of the boll weevil forecasts a yield per acre of 166.3 pounds. The total production is 11,637,000 bales as against 11,191,000 in 1915, and 16,135,000 two years ago. Conditions in Virginia are 85 per cent normal as against 80 last year; North Carolina 61 as against 79; South Carolina 53 as against 53. The yield per acre in pounds: Virginia, 264 as against 225 last year; North Carolina, 214 as against 269; South Carolina, 175 as against 115. Cotton ginned prior to September 25, 4,993,000 bales as against 2,900,000 in 1915.

FARMERS URGED TO GET UP EXHIBITS FOR STATE FAIR

J. F. Latham to Leave for Raleigh on October 12. Hopes to Bring Home First Prize.

County Demonstrator J. F. Latham announced this morning that he will leave for Raleigh on October 12, to arrange the Beaufort county booth at the State fair.

He urgently requests all the farmers of the county to have their exhibits in his hands by October 10. After that time it will be too late.

Mr. Latham hopes to take a large enough exhibit with him to Raleigh that will give Beaufort county first prize. It is hoped that the farmers will get their best specimens of crops in early to him.

CARNIVAL STARTS UP ON MARKET ST. TODAY

"Sibley's Big Shows" arrived in the city this morning and erected their tents on Market street today. The first performance will take place tonight. Large crowds are expected to attend the carnival during the week, as a part of the proceeds will go to the local firemen.

WILSON WILL HOT-FOOT IT AFTER HUGHES

STARTS TOMORROW ON HIS TRIP WEST. TO SPEAK AT OMAHA ON THURSDAY. MAKE USE OF SARCASM

Will Taunt Hughes With the Question: "What Would You Have Done?" Democrats Regain More Confidence from News of Policy.

(By United Press)

Asbury Park, N. J., Oct. 2.—President Wilson is determined to "smoke out" Charles Evans Hughes on what the Democrats have now defined as the real issues of the campaign. When the president starts for the west tomorrow, to speak at Omaha on Thursday evening, he will have completed his plans to force Hughes, if possible, to say what changes he would make in the foreign and business policies of the United States. Wilson will continue the use of taunting sarcasm, which he used in his address Saturday, challenging his opponent to divulge how far the "peace policy" might be altered in the event of a Republican victory. There may be no direct questions and no indulgence in personalities, but questions and challenges will rebound in the President's speeches as he did in his last one when he indicated that war would be the Republican method in the foreign policy. A new confidence is again with the knowledge that Mr. Wilson is "going after" Hughes. He will attempt to show how a change in administration will endanger peace.

PERONNE MUST SOON YIELD TO THE ALLIES

NAVAL FORCES ARE JOINING IN THE BATTLE, TAKING ADVANTAGE OF CANALS. FRENCH DRAWING CLOSER

Are Encircling Peronne in the Same Manner That They Accomplished the Victory at Combes. Terrific Fighting is in Progress.

(By United Press)

With the French armies before Peronne, Oct. 2.—The naval forces have joined the allies here in the great land battles on the Somme front. Ironclad monitors are utilizing France's magnificent network of canals along the Somme and are participating in the daily bombardment in the vicinity of St. Quentin, seventy miles from the sea.

St. Quentin dominates Peronne from the east and is a key to that position. It is being steadily encircled by the French in the same manner that the victory of Combes was accomplished.

The allied forces are drawing slowly but surely closer to Peronne and it can only be a matter of a few days before this city will also be wrested from the hold of the Teutons. The fighting all through the day was terrific and some important positions were taken by the French.

TICK ERADICATION IS MOVING FORWARD

The work of eradicating the tick from Beaufort county is proceeding most satisfactorily under the supervision of Dr. E. A. Yager and his able corps of assistants. The farmers all over the county are manifesting considerable interest in the project. A number of vans have already been built, the latest one having been erected at Surry. Work will be done in the vicinity of Pantego this week.

One of the plans that representatives of the United States bureau of animal industry will make for the eradication of the tick will be that the eradication program is a parting investment to the live stock owner and raiser. The local branch of the bureau is prepared to prove its plan with literature from the department of agriculture.

One of the pamphlets, now ready for delivery, deals with the increase in the value of each animal, once it has been freed of ticks and the territory has been declared "clean" and released from quarantine.

One of the sentences in the pamphlet says that "when a beef animal has been freed from ticks, because it can be sold in the open pens at the stockyards in competition with other free cattle, it brings from \$5 to \$10 more than when offered for immediate slaughter only from a quarantine pen."

The increase in the value of each head of live stock after it has been taken out of quarantine is usually placed at \$5 by the federal men. However, many cases are known where the increase reached double that amount. Government representatives who have kept records of transactions at all live stock centers place the increase in value at \$5.

Against this possible increase through tick eradication the pamphlet states that cattle can be freed from these pests at a cost of not more than 50 cents per head. In some cases whole counties have eradicated the tick by an investment of only 25 cents per head of live stock.

BIG R. R. STRIKE IN PARAGUAY

(By United Press)

Asuncion, Paraguay, Oct. 2.—The railways of Paraguay have completely suspended operations because of serious disorders, due to a general strike among railway employes. The strikers have attacked several trains, burned bridges and inflicted other damage. Several persons have been seriously injured in the rioting.

RUSSIANS LAUNCH STRONG OFFENSIVE AGAINST LEMBERG

Petrograd, Oct. 2.—The Russian drive at Lemberg was renewed yesterday. After a period of comparative inactivity the Russians inaugurated strong offensive movements north and south of the Galician capital. According to today's war office report material successes have been won.
