**SAYS HOT WATER WASHES POISONS FROM THE LIVER**  
Everyone should drink hot water with phosphate in it, before breakfast.

To feel as fine as the proverbial fiddle, we must keep the liver washed clean, almost every morning, to prevent its sponge-like pores from clogging with indigestible material, sour bile and poisonous toxins, says a noted physician.  
If you get headaches, it's your liver. If you catch cold easily, it's your liver. If you wake up with a bad taste, furred tongue, nasty breath or stomach becomes rancid, it's your liver. Sallow skin, muddy complexion, watery eyes all denote liver uncleanness. Your liver is the most important, also the most abused and neglected organ of the body. Few know its function or how to release the dammed-up body waste, bile and toxins. Most folks resort to violent calomel, which is a dangerous, salivating chemical which can only be used occasionally because it accumulates in the tissues, also attacks the bones.  
Every man and woman, sick or well, should drink each morning before breakfast, a glass of hot water with a teaspoonful of limestone phosphate in it, to wash from the liver and bowels the previous day's indigestible material, the poisons, sour bile and toxins; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.  
Limestone phosphate does not restrict the diet like calomel, because it can not salivate, for it is harmless and you can eat anything afterwards. It is inexpensive and almost tasteless, and any pharmacist will sell you a quarter pound which is sufficient for a demonstration of how hot water and limestone phosphate cleanse, stimulate and freshen the liver, keeping you feeling fit day in and day out.

**Relieves Serious Case of Chronic Constipation**

Dr. Caldwell's Syrup Pepsin Corrects Condition That Seemed Hopeless.

After suffering from chronic constipation until she was so run down she was unable to do any kind of work, Miss H. A. Frees, 209 Adams St., Dayton, Ohio, obtained a bottle of Dr. Caldwell's Syrup Pepsin and used it with such gratifying results that she continued the treatment and has written to Dr. Caldwell that her condition is again normal, and that she wants to recommend Syrup Pepsin to everyone who suffers with constipation.

Dr. Caldwell's Syrup Pepsin is a combination of simple laxative herbs with pepsin, gentle in its action and free from gripping or other pain or discomfort. It contains no opiate or narcotic drug, and, while acting readily on the most stubborn case of inactive bowels, is absolutely safe for the tiniest babe, so that it is the ideal family laxative and should be kept on hand in every household for use when needed.

Dr. Caldwell's Syrup Pepsin costs only fifty cents a bottle and is sold

in drug stores everywhere. To avoid imitations and ineffective substitutes be sure you get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 455 Washington St., Monticello, Illinois.

**AURORA CITIZEN INDIGNANT OVER SHERIFF'S ACTION**

(Continued from page 1)  
returning from Washington on the W. & V. R. R. I was given information by a lady of a still near Small. She insisted that it be broken up at once as it was doing considerable damage to her community. Not being able to reach the Revenue Officer I was informed by an attorney that a township constable had a right to capture the still. I communicated the information to Mr. G. I. Bonner early next morning, he being a bonded township constable, and asked him to summon his men to go with him. He summoned Mr. R. A. Thompson, Jno. Brantley and myself. As we were leaving Mr. McWilliams the Deputy Sheriff was crossing the street and Mr. Bonner said: "Through courtesy, let's invite McWilliams to go with us," which he did and Mr. McWilliams consented to go.

I took my car and carried the crowd, without a cent of expense to the sheriff and captured the still. Learning later that there was a State law allowing \$20.00 for the capture of each still and on the first Monday in May I went before the Board of Commissioners, asking them for the \$20.00 to pay the lady for the information and the men that served when the raid was made. I was informed by Mr. W. E. Swindell, chairman, that all bills of that kind had to be brought in by the Sheriff. I took Mr. Lindsay Warren with me and in Mr. Warren's presence I asked Mr. Windley to make out the bill and he allowed and his deputy should have his part. He wilfully refused to make any bill but later made it out and drew the money. He stated that he was entitled to the money but would leave it to what Mr. McWilliams said. I came back home and saw Mr. McWilliams in person. He stated that he had never received any information. He merely went by being invited and was going to have nothing to do with it. I immediately wrote the sheriff and asked him to reply at once as the lady was entitled to the ten dollars according to our obligation.

Knowing that he had sickness in his family I again wrote him three weeks later and received no reply. The third letter I wrote him I sent him a self-addressed stamped envelope—and still no reply.  
Sometime in May I went around to the good people here and we raised the \$10.00 and paid the lady for the information, expecting surely that the sheriff would refund same.  
Last Monday I went to Washington to see the sheriff and took a gentleman with me to hear the conversation. I met him as he came out of E. R. Nixon & Co.'s and told him very politely that I wanted to talk to him. He was nervous and excited and his demeanor was insulting. He stated that he had received all my letters; that they were harsh, and for that reason he didn't answer them.

I will gladly pay the expense if the sheriff would have those letters published.  
The only definite thing that I could get from the sheriff was that he would not refund one penny.  
Now, Sheriff, I feel that our people have been badly treated. Knowing them as I do and how promptly they have responded when I had to call on them for money to pay attorney fees and other expenses, and at one time I thought best to have two detectives come here and there was \$150.00 raised in a few hours' time with two gentlemen in Washington responding every time they were called on.  
At our fair two years ago we thought it necessary to have a detective come here. We raised \$100.00 without any trouble. Two weeks ago,

I received information of a still in the Tunstall swamp just in the edge of Craven county. I wired Mr. James at his home and later learned that he was in Washington. I then called him up at Louise Hotel by phone and told him what I wanted. We met him at the train, summoned the men and made the raid, captured the still and destroyed the fixtures and material of another one, that had just been moved, and the bill was paid and every thing was satisfactory.  
Now, Sheriff, the still we have the controversy over is the only one there has been any trouble over in fifteen years, and being a much older man than yourself, I may be able to give you some advice. I think it would have been much better for you to have given us the \$20.00 than taking the \$20.00 that you know doesn't belong to you. You well know there wasn't a man in Richland township that worked harder for your nomination the first time than myself. There has never been an unpleasant word between us until this matter occurred but as long as I represent the good people of Aurora, in anything pertaining to good I certainly will stand for their rights.

**ENGLAND MUST RESORT TO CONSCRIPTION IN IRELAND**

London, Oct. 6.—Official reports made public today show that Great Britain is in urgent need of men for her armies and ammunition factories.  
As a result the proposition to enforce conscription in Ireland has been put forth with renewed vigor and has the powerful support of Sir Edward Carson. The fight will be brought up in Parliament when it reassembles next week. England is confronted once more with a crisis over the Irish question.  
The Nationalists assert that Ireland will be a united nation in resistance to conscription.  
The situation was brought to a climax today by the report of the Man Power Distribution Board and a

statement by Sir William Robertson, chief of the Imperial Staff; both declaring immediate steps must be taken to increase Great Britain's supply of men.  
Sir Edward Carson asserts that the situation is such that without conscription in Ireland it will be impossible even to maintain the Irish regiments at the front in their proper strength. He contends that Ireland could provide another half million men of military age, and asks what the colonies, which have made such sacrifices for the Empire, will think of the shirking of Ireland.  
The Nationalists in reply to Sir Edward Carson point out that the colonies already have self-government and hence there is no analogy with the position of Ireland.

**POTATOES NOW CLASSED WITH THE LUXURIES**

New York, Oct. 6.—Food prices are being increased all over the city. Not all of the increases can be attributed to the milk strike.  
Yesterday two of the chains of restaurants altered their scales of prices. One added to the cost of individual portions. The other to "regular" meals.  
Many table boarding houses added ten cents per meal on transient charges.  
Eggs and milk drinks yesterday cost 20 cents in the larger drug stores.  
Potatoes are going in the luxury class. They sold at \$1.70 a barrel one year ago, yesterday \$3.50 was the charge.

**DIDN'T TAKE WHISKEY TO MAKE HIM DRUNK**

Cleveland Jones, colored, was brought up before the recorder Wednesday, charged with being intoxicated.  
"Where did you get the whiskey?" demanded the judge.  
"Boss, I ain't had no whiskey!" earnestly responded the negro.  
"How did you get drunk?" next

queried the judge.  
"I ain't had a thing to drink but some —Cola."  
And Jones stuck to that statement. The judge threatened to put him in jail unless he told where he had obtained the —Cola from, but the negro refused to make this fact known. He was afterwards released.  
Will Black and Dave Carter, both charged with speeding, were fined costs of court.
