## PENSACOLA IS TORN BY TERRIBLE HURRICANE

NUMEROUS PERSONS INJURED,  
BUILDINGS UNROOFED AND  
OTHER DAMAGE DONE.

### GREAT BATTLE IN EAST

Picked Up a Messenger and Carried  
Him Through the Air for Eighty  
Feet Before Throwing Him  
Through a Plate Glass Window.

(By United Press)

Pensacola, Oct. 19.—Whipped and  
torn by the worst hurricane in its  
history, Pensacola today reports num-  
erous persons injured and a wide  
spread of unroofed buildings.

The storm is sweeping in from  
the Gulf and lashed the city furiously.  
The wind reached a velocity of  
120 miles an hour. It tore away the  
tower of the Weather Bureau and  
wrecked the grain elevator of the  
Louisville & Nashville railroad. It  
also tore off a railroad warehouse  
roof and ruined several thousand dol-  
lars worth of goods inside.

The wind performed many strange  
tricks. It picked up a messenger  
boy and hurled him eighty feet  
across the street through a plate  
glass window. Public Works Com-  
missioner Johnson fractured both  
legs. Street cars and telegraph and  
telephone service are paralyzed.

Storm at Mobile.

Mobile, Oct. 19.—One woman is  
reported killed and slight damage to  
shipping and property is reported as  
the result of the hurricane which  
swept over the city yesterday. The  
loss is estimated at \$50,000.

Storm Proceeding Northward.  
Washington, Oct. 19.—The Gulf  
storm is now centered in Indiana.  
Storm warnings have been posted on  
the Great Lakes by the weather bu-  
reau.

## WHICH SHOWS THAT THE DAYS OF MIRACLES ARE NOT A THING OF THE PAST

Surry Parker, of Pinetown, was in  
the city today. A Daily News re-  
porter saw Mr. Parker standing in  
front of the Louise Hotel and he  
stopped to ask if there was "anything  
new."

"There certainly is," replied the  
Pinetown capitalist. "Something has  
just happened to me that has never  
happened before, and it sort of stag-  
gered me."

"Let 'er go!" urged the reporter.  
And Mr. Parker did.

"Eighteen months ago, I left my  
umbrella in Mr. Havens' office. This  
morning, as I was standing here a  
few minutes ago, John Calloway  
walked up to me and handed me the  
umbrella, remarking that it was  
probably as good a time as any to  
return it."

"I was dumfounded. But I took  
the umbrella, and here it is. I've  
just been doing some figuring and I  
find that in my lifetime, I've lost at  
least 200 umbrellas, and this is the  
first one that has ever been returned  
to me—and it took eighteen  
months for it to come back."

## German Submarine Is Reported Sunk Off Coast Of Nantucket

(By United Press)

NORFOLK, Oct. 19.—A German submarine, probably the U-53, was  
sunk off Nantucket, according to a signal from a British cruiser to the  
British steamer North Pacific, which arrived in port here today.  
Officers of the North Pacific stated that when their vessel was still  
some distance out at sea, they passed the British cruiser. The warship  
signalled the message that the German submarine had been sunk; but no  
other details of the incident were revealed.

## MANY PRESENT LAST NIGHT AT THE REVIVAL

Rain Had Little Effect Upon Church  
Goers. Interesting Sermon Is  
Delivered.

In spite of the inclement weather,  
a large number of persons were pre-  
sent last night and heard another ex-  
cellent sermon by Dr. Thacker on the  
subject: "The Church, Her Complaint  
and Its Cure." Dr. Thacker called  
attention to the fact that much criti-  
cism was often brought upon a  
church because of some of its mem-  
bers or because the church was not  
as active as it should be. He urged  
closer co-operation among the church  
members and a greater activity and  
zealousness in religious work. The  
music was excellent. Mr. Jelks has  
organized a fine choir and the sing-  
ing is thoroughly appreciated.

## PANTS WERE FIRST WORN 100 YEARS AGO TODAY

(By United Press)

Chicago, Oct. 19.—Stand up  
straight men, swing your legs about  
—first one, then the other look at  
'em and then glorify the memory of  
the man who invented, trousers, pan-  
talons or just plain pants.  
It happened just 100 years ago  
today. A chap whose name is long  
since dust grew tired of breeches  
with their encumbering snugness and  
evolved the forerunner of the present  
style of trousers.

## FRENCH TROOPS REPULSED SAYS THE BERLIN REPORT

Berlin, Oct. 19.—The official state-  
ment of today referring to the situ-  
ation on the western front reads:

"Army group of Prince Rupprecht  
—The artillery fighting attained con-  
siderable intensity over wide sectors,  
especially north of the Somme. Dur-  
ing the evening the British attacked  
between Le Sars and Guedecourt  
and the French from Les Boeufs, as  
far as Rancourt. On both sides of  
Eaucourt l'Abbaye our destructive  
fire brought to bear upon the enemy  
storming trenches, reduced the attack  
at the outset to failure. Near Gue-  
decourt stubborn hand-to-hand fight-  
ing developed, during which our po-  
sitions were held in their entirety."

## May Settle Bayonne Strike.

Bayonne, N. J., Oct. 19.—Pros-  
pects of a settlement of the strike of  
Standard Oil workers, which has  
been marked with the loss of life,  
were in view today. The Standard  
Oil company was authoritatively re-  
ported to be ready to consider fa-  
vorably the demands of the men for  
higher wages, provided they would  
first return to work.

## GREEK TROOPS IN CONTROL OF SITUATION AT ATHENS

ANTI-ALLY MOBS HAVE BEEN  
DISPOSED OF FOR PRESENT.  
CRISIS NOT YET PAST.

### AMERICAN SHIPS NEAR

Will See That Greek Neutrality Is  
Not Violated by the Allies. King  
Constantine Urges People to Re-  
frain from Acts of Violence.

(By United Press)

Athens, Oct. 19.—Greek troops are  
in complete control of the situation  
here. Anti-ally mobs have been dis-  
posed of for the present and the pos-  
sibility of a serious clash between  
the citizens and the French marines  
appears to have been averted.

Anti-ally leaders, however, con-  
tinue their efforts to organize demon-  
strations and the crisis is by no  
means past.

It is understood that King Con-  
stantine, following a conference with  
the French and British ministers,  
personally appealed to his most  
prominent supporters not to stir up  
the Athens crowds to acts of violence.

The collapse of the rumors that an  
American fleet was approaching  
Pierzois to intervene, disheartened  
the citizens. The fact that American  
war ships will arrive in a few hours  
to prevent violations of Greek neu-  
trality by the allies, greatly encour-  
aged the Greek cabinet. The cabinet  
met and is reported to have drafted  
a protest to the allies against the ar-  
rest of the Greek members of the  
Roservist League by the French ma-  
rines. A crowd of Greek troops,  
witnessing the arrest, failed to in-  
tervene.

been provided for all visitors. There

other attractions. Midway shows,

## KING GEORGE WATCHING BOMBARDMENT

## PRESIDENT'S HAND IS SCRATCHED BY SOME CARELESS ENTHUSIAST

(By United Press)

Goshen, Ind., Oct. 19.—President  
Wilson is today whirling through  
Indiana en route to Chicago, where  
he is scheduled to make three speech-  
es. The President greeted his hand-  
shakers today with his left hand. His  
right hand is bandaged because of a  
scratch inflicted by some careless en-  
thusiast, who drove his nails into  
the President's palm. Dr. Grayson  
ordered the wound to be bandaged,  
fearing infection.

## HORSE JUMPS OVERBOARD

Becoming frightened at something  
or other, a horse belonging to James  
Ellison yesterday ran off the dock  
and was drowned. A negro was un-  
loading the wagon at the time and  
had just completed the work when  
the accident happened. Horse and  
wagon went down between some  
boats, making it impossible to rescue  
the animal. M. M. Jones' dredging  
machine was used in hoisting them  
up later.

## HE SENT THE JOB BUT FORGOT HIS NAME

The Daily News today received an  
order mailed on the Washington &  
Vandemere train for letter heads and  
envelopes. There was no name signed.  
If the writer will please advise  
what name he wants printed on them  
we will rush the job.

## HIGH ENTHUSIASM IS EXPRESSED BY DEMOCRATS

New York, Oct. 19.—The Demo-  
crats fairly exuded optimism here to-  
day from every pore. President Wil-  
son was here for a short stay, on his  
way west and received a fine demon-  
stration at the Grand Central station  
which his managers insisted had not  
been "planted." Many trainmen  
joined in the demonstration and  
cheered for Wilson and the eight-  
hour law. The President remarked  
to some of the trainmen that he was  
very glad to observe that "some ef-  
forts did not go unrewarded."

Chairman McCormick, just from  
the west, assured the President that  
the west was on fire with Wilson sen-  
timent and that the Republicans  
would never be able to stop the con-  
flagration. The Democratic chair-  
man likewise assured the President  
and party that neither Ohio nor Il-  
linois could longer be considered  
doubtful.

## FRENCH CLOSE IN ON CITY OF PERONNE

CAPTURE OF CITY BY ALLIES IS  
SURE TO TAKE PLACE IN  
NEAR FUTURE.

### GREAT BATTLE IN EAST

Fighting in Vicinity of Volhynia  
Continues With Deadly Furore.  
English May Abandon Military  
Conscription of the Irish.

(By United Press)

Paris, Oct. 19.—The French closed  
in on Peronne during the night and  
are progressing between Lamaizon-  
ette and Dianches in heavy fighting  
south of the Somme. In spite of the  
German counter attacks, the newly  
won Sully-Salliel positions are now  
entirely in the hands of the French,  
who consolidated their forces last  
night. The capture of Peronne is  
now believed to be a matter of a  
short time only.

### Serbs Take Village.

Paris, Oct. 19.—The Serbians

southeast of Monastir, from the Bul-  
garians, in a brilliant combat, ac-  
cording to an official statement.

### May Abandon Conscription.

London, Oct. 19.—The cabinet  
met today to consider the question of  
Irish military conscription. In view  
of Lloyd George's statement yester-

### German Use U-boat Nets.

Washington, Oct. 19.—Following  
the British tactics, the Germans are  
now using nets in the North Sea to  
entrap submarines, according to dis-  
patches to the State Department.

London, Oct. 19.—Heavy rains are  
impending operations on the Somme  
front, states a report from General  
Haig.

### Great Battle in the East.

Petrograd, Oct. 19.—After five  
days of practically ceaseless fighting,  
the battle of Volhynia continues with  
no sign of interruption. The Ger-  
mans are using gas and a large  
quantity of ammunition against the  
Russian lines. The fighting is es-  
pecially fierce east of Seinsuchl.
