

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue.

Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side.

The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good.

I had gotten so weak I could not stand, and I gave up in despair.

At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work."

If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

WILSON AND HUGHES LEADERS BOTH CLAIM 300 ELEC. VOTES

New York, Nov. 1.—One week before election eve each of the great opposing political camps issued predictions of a decisive victory for its candidate.

Chairman Willcox, of the Republican National Committee, approved the forecast sent here from Frank H. Hitchcock, who is running the Western end of the campaign at Chicago, and who is admittedly the most astute politician in the Republican ranks.

Hitchcock says that Hughes has clinched 300 votes in the electoral college and has a good chance of getting 395, by carrying seven of the doubtful States.

"I have just had advices from Ohio and Indiana," said Willcox yesterday, "which confirm my faith in Mr. Hitchcock's report. I will not be surprised if Hughes gets 308 votes. State Chairman Tanner says Hughes is sure to carry New York by 100,000. Without New York Wilson cannot win."

Fred Lynch, the gigantic Minnesotan who is supplying most of the practical politics for Chairman McCormick of the National Democratic Committee, sniffed at the predictions of Hitchcock, and Willcox.

"Of course," said Lynch, "Hitchcock had to claim practically everything to make an exhibit. But I can see right away at least eleven States, with a total of 159 electoral votes, which are sure for Wilson or doubtful, and they have all these listed as surely Republican.

"They are: New York with 45, Illinois with 29, New Jersey with 14, Michigan with 15, Wisconsin with 13, Minnesota with 12, Indiana with 15, Connecticut with 7, Washington with 7, West Virginia with 8 and Delaware with 3.

"Eliminate these and Hughes will have only 149 votes. We are sure of Ohio, Nebraska and Colorado. Put down 300 electoral votes for Wilson instead of for Hughes and you will have it right."

Birth Of a Nation Here Next Week

SCENE AT FORD'S THEATRE ON THE EVENING OF LINCOLN'S ASSASSINATION.

D. W. Griffith's mighty spectacle, "The Birth of a Nation," will be the attraction at the New Theatre for two days starting Thursday evening, November 8, with a matinee on the second day. The evening performances will start at 8:15, matinee at 2:15.

The presentation of the mammoth spectacle in Washington will not differ in any way from the manner it has been shown in all of the large cities of the South. A superb symphony orchestra of twenty skilled musicians accompanies the photodrama on tour. A sixty-foot baggage car of stage and scenic effect will be used. It requires the services of twenty-four men on the stage to work the various effects that lend such realism to the great theatrical attraction in so many of the large scenes.

The prices at night will range from fifty cents to one dollar and a half. The matinee prices will be from twenty-five cents to one dollar.

In order that out of town and local theatergoers may have the same opportunity of securing choice seats for this attraction, the management of the New Theatre will accept all mail orders that are accompanied by a money order and self-addressed,

stamped envelope. The tickets ordered by mail will be returned to their owner before the opening of the regular seat sale, which will take place at Worthy & Etheridge's on Monday, November 6.

This is the farewell tour of Mr. Griffith's masterpiece which will be replaced on the road at the close of the present season by his new super-spectacle "Intolerance," which has been proclaimed the world's artistic triumph. "Intolerance" is now playing at the Liberty Theatre in New York, where "The Birth of a Nation" enjoyed a prosperous run of over seven hundred performances.

If you are interested in "The Birth of a Nation" it will be well to see it on its engagement here as it will not be presented in any of the smaller towns in this vicinity.

The demand for tickets will undoubtedly be very large, and it is advised to secure them early. The mail orders will be promptly cared for.

A store must be interesting every day—not merely now and then. And a store should be advertised on every day that it is interesting!

WHEN YOU WAKE UP DRINK GLASS OF HOT WATER

Wash the poisons and toxins from system before putting more food into stomach.

Says inside-bathing makes anyone look and feel clean, sweet and refreshed.

Wash yourself on the inside before breakfast like you do on the outside. This is vastly more important because the skin-pores do not absorb impurities into the blood, causing illness, while the byrel pores do.

For every ounce of food and drink taken into the stomach, nearly an ounce of waste material must be carried out of the body. If this waste material is not eliminated day by day it quickly ferments and generates poisons, gases and toxins which are absorbed or backed into the blood stream, through the lymph ducts which should seek only nourishment to sustain the body.

A splendid health measure is to drink, before breakfast, each day, a glass of real hot water with a teaspoonful of limestone phosphate in it, which is a harmless way to wash these poisons, gases and toxins from the stomach, liver, kidneys and bowels; thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

A quarter pound of limestone phosphate costs but very little at the drug store but is sufficient to make anyone an enthusiast on inside-bathing. Men and women who are accustomed to wake up with a dull, aching head or have furred tongue, bad taste, nasty breath, sallow complexion, others who have bilious attacks, acid stomach or constipation are assured of pronounced improvement in both health and appearance shortly.
