LADIES! DARKEN YOUR GRAY HAIR

Look years younger! Use Grandmother's recipe of Sage Tea and Sulphur and nobody will know.

The use of Sage and Sulphur for restoring faded, gray hair to its natural color dates back to grandmother's time. She used it to keep her hair beautifully dark, glossy and abundant. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect.

But brewing at home is messy and out-of-date. Nowadays, by asking at any drug store for a 50-cent bottle of "Wyeth's Sage and Sulphur Compound," you will get this famous old recipe which can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, feverish, itchy scalp and falling hair.

A well-known downtown druggist says it darkens the hair so naturally and evenly that nobody can tell it has been applied. You simply dampen a sponge or soft brush with it and draw this through your hair, taking one strand at a time. By morning the gray hair disappears, and after another application or two it becomes beautifully dark, glossy, and abundant.

CZAR FERDINAND REAL MOVIE ACTOR

(By United Press) AMSTERDAM, Nov. 15.—(By Mail)—Czar Ferdinand of Bulgaria is a movie actor. A four reel film running today in Hamburg movie theatres, shows the monarch of real life doing the work of a monarch of the reels.

The drama is written around Bogdan Stimo, a Bulgarian peasant of Macedonia falsely accused of murdering Stojescu, his Rumanian neighbor. The drama, full of thrills, shows Stimo in his escape to America where he becomes manager of a munition factory.

When the "world-war" breaks out, Stimooff refuses to continue in the munition business and embarks on a Swedish steamer for Germany. The steamer is captured by an Italian warship but the hero escaped overboard. He is rescued by a German submarine and taken home. He throws himself at the feet of the real Czar Ferdinand, is pardoned, takes his place in the army and performs many feats of valor.

The Czar plays his part remarkably well. He is seen walking in the park at Sofia when Stimooff throws himself at his feet. Here the royal actor registers good surprise and talks to his subject searchingly as if desirous of every detail. Then the Czar is next seen pinning a medal on the hero's breast and giving the royal salute.

Unlike most movie thrillers, the picture was not made in California, Arizona or on the hills of the Hudson. But it shows a real U-boat, aeroplane and warships, soldiers and battles and a real—not reel—King.

SUFFRAGE ARMY IS READY FOR BIG DRIVE ON CONGRESS

(By United Press) WASHINGTON.—The front line of the army of woman suffrage formed here today for the "big push" on Congress to force through the Susan B. Anthony amendment at this short session.

The initial move of the campaign depends largely upon whether the attitude of President Wilson which leaves toward states instead of federal action has at all changed. Some suffrage workers believe it has, that it may be passed on promptly to the states for ratification.

The following official statement was made today by the Union thru the United Press: "The feeling is general that a demand for a federal amendment should be pressed much more insistently than heretofore in view of the previous delay of congress in dealing with the measure."

"The case for national suffrage has been unanswerably presented. The movement has been endorsed by women voters at the polls and there is only one answer the administration can give, namely the passage of a federal amendment at this session. The women are not in a mood to brook delay. We are confident the attitude of the administration will be favorable, because the Democratic party to maintain itself must look to the west. It cannot hold the West without the women voters; and to win their support must aid woman suffrage."

Miss Anne Martin, of Nevada, national chairman of the Woman's Party is in charge of the campaign.

GRAVES, SELF-STYLED SPY MAY HAVE TO FACE BLACKMAIL CHARGES AGAINST HIM TODAY

(By United Press) WASHINGTON.—Dr. Armgaard Karl Graves, self styled international spy, was to appear today before United States Commissioner Taylor to find whether he will answer a charge of attempting to blackmail Countess von Bernstorff, wife of the German ambassador, for \$3,000 by the sale of letters smuggled through the British censor from Germany.

Graves' trial or release depended on whether German embassy officials were willing or able to tell about the visits of Graves to the residence of Prince Hatzfeldt, Embassy counselor.

Graves today was the same debonaire figure he was when arrested, nearly four weeks ago, as he stepped from Hatzfeldt's residence. He has stoutly maintained he never will answer the blackmailing charge.

"I never mentioned the Countess' name," he affirmed. He added that the letters disclosed Count von Bernstorff as a stock gambler.

Around Graves still hangs an air of mystery. He admits "Armgaard Karl Graves" is an assumed name. He will not tell his real name. The German Embassy declares he really is named "Melke," and was educated at Berlin public schools. He claims to have been intimately acquainted with the high councils of the German government.

The author of two widely read books on international spying, "Secrets of the Hohenzollerns" and

"Secrets of the Hohenzollerns" Graves has been "exposed" frequently by newspapers and the German embassy. His latest composition is a movie serial, "The Master Spy," which Graves admits is draped around his own romantic history. He created quite a furor with his sensational "disclosures" in a series of magazine stories just after the war began. No one really knows much about him.

BIDS FOR BATTLE CRUISERS OPENED

(By United Press) WASHINGTON.—Bids were opened at the Navy Department today for the construction of four battle cruisers, the first vessels of this class to be built for the United States navy. They will cost \$25,000,000 apiece.

The legal maximum which the bidders must meet is \$19,500,000, exclusive of armor and guns. They will have a speed of 35 knots, a length of between 825 and 850 feet, a little under 300,000 horsepower, 33,000 tons displacement, electric propelling machinery and a main battery of 14-inch guns.

Woman Finally Recovers From Nervous Breakdown

Impoverished nerves destroy many people before their time. Often before a sufferer realizes what the trouble is, he is on the verge of a complete nervous breakdown. It is of the utmost importance to keep your nervous system in good condition, as the nerves are the source of all bodily power. Mrs. Rosa Bonner, 825 N. 18th St., Birmingham, Ala., says:

"I have been suffering with nervous prostration for nine or ten years. Have tried many of the best doctors in Birmingham, but they all failed to reach my case. I would feel as if I was smothering; finally I went into convulsions. My little girl saw

Dr. Miles' Nervine advertised in the papers and I at once began to take it. I continued to take it for some time and now I am well."

If you are troubled with loss of appetite, poor digestion, weakness, inability to sleep; if you are in a general run down condition and unable to bear your part of the daily grind of life, you need something to strengthen your nerves. You may not realize what is the matter with you, but that is no reason why you should delay treatment.

Dr. Miles' Nervine has proven its value in nervous disorders for thirty years, and merits a trial, no matter how many other remedies have failed to help you. Sold by all druggists. If first bottle fails to benefit your money is returned. **MILES MEDICAL CO., Elkhart, Ind.**
