CARL GOERCH..... EDITOR

WASHINGTON, NORTH CAROLINA, DEC. 19, 1916.

Advertising just now pays—and pays big. And advertising would pay big all the year round, if some of our merchants would only realize it.

Whether you have your Christmas tree or not at home, try to be at the corner of Second and Market streets on Monday evening and see some REAL JOY as the part of those kids that are going to get Christmas presents.

By the way, if you haven't contributed to the Christmas tree fund, the opportunity for doing so is still open.

Every little movement has a meaning of its own, and when you see some member of the family sneaking into the house with a big package under his or her arm, just remember that Christmas is at hand again.

Unlimited credit is due to Mrs. S. R. Fowle, and the other members of the Community Christmas tree finance committee for the excellent work they did in raising the necessary funds with which to carry out the project. The members of the committee are Mrs. S. R. Fowle, chairman, Mrs. W. T. Hudnell, Mrs. David Bell, Mrs. J. W. Dailey, Mrs. S. F. Freeman and Mrs. J. R. Percival.

AIDING THE PIG CLUBS.
 The directors of the Savings & Trust Company, at their last meeting, undertook a most commendable plan when they decided to offer five thoroughbred pigs to members of the Boys' Pig Clubs in the county, provided that these clubs were organized along approved lines.

If the boys of the county will realize the benefits of this offer and will become interested in the raising of thoroughbred pigs, stock-raising in Beaufort county will be given a considerable boost.

The plan which the directors had in view was this: They will give a pig to each of the boys. These pigs must be mated with other thoroughbred pigs. When the young pigs arrive, their owner must give back two of them to the bank. And these, in turn, are given to two other boys, under the same conditions. In this manner, before very many years elapse, the bank will have given out a large number of the finest kind of pigs and each boy will be raising more and more pigs every year.

We sincerely hope that the plan will go into effect. Stock raising is destined to become one of the biggest—if not the biggest—industries in the county and everything should be done to arouse interest in it as quickly as possible. The directors of the Savings & Trust Company probably had this in mind when they made their offer. Their action was of the public-spirited type.

HITTING THE H. C. OF L.
 If there is one subject above all others that is interesting the people at the present time it is the High Cost of Living. It is the general topic of conversation and discussion. Much has been said and written about it, but prices keep mounting just the same.

Nearly every article that is sold has to pass through three or four hands before it reaches the consumer. And everyone makes a profit on it. The only practical way, therefore, to reduce the cost of living is to cut off these profits.

Manufactured articles, such as clothing, shoes, canned goods and food staples of various kinds, have to go through the regular channels. But if there is a co-operation between the farmers and the consumers of the farmer's products, the profits of the middle man could be done away with.

Here's a suggestion with this in view, and we believe, that if it were acted upon, it would save the citizens of Washington thousands of dollars every year:

Why not have a weekly market day in Washington? Let us say, for example, that Thursday of each week be designated as Market Day. Let the fact be known to the entire county. Designate a place in the city where all of the farmers can bring their produce in their carts. Have this place and hour also made known to the citizens.

Now then, we have all of the preliminary facts arranged. The farmers come to town Thursday morning, arriving here before nine o'clock and all meeting at the same place. Their carts or wagons are filled with all kinds of country produce, including vegetables, eggs, chicken and dairy products. Their carts are arranged at the designated place and from nine o'clock until noon, the housewives of Washington—or their cooks—can go among the carts, pick out what they want, and buy it at rock-bottom prices. The food is sold direct from the farmer to the consumer and there is no middleman's profit to pay.

Is the idea practical? And if it is, why shouldn't we get together and act upon it?

Of course there will be many persons who won't feel like coming to the "market." Well and good. Let the merchants go there and order what articles they need. In this way, the merchant is also enabled to buy at the lowest cost and at the same time he has a large variety to choose from.

In our opinion, there is no hitch in the plan. It would save the farmers trouble in peddling their goods, it would save the people considerable money, and it would also provide a place for the merchants to buy their produce with the greatest convenience.

This is a project which we believe the Chamber of Commerce or the Board of Aldermen could take up to their advantage. It is entirely feasible and it would do much toward lowering the high cost of living in Washington.

 CHARLES E. Hughes.
 NEW YORK City.
 DEAR MR. Hughes.
 I SUPPOSE THAT YOU are out OF A Job.
 JUST NOW AND THE cost of living IS GETTING higher.
 ALL THE time AND PEOPLE HAVE TO scrape around IN ORDER to make BOTH ENDS meet.
 AND I don't know WHETHER IT'S that way WITH YOU or not.
 AND ANYWAY I KNOW what it is TO BE without a Job.
 AND I'VE got something TO OFFER you.
 AND WE'RE going to have A COMMUNITY Christmas tree IN WASHINGTON.
 AND ALL of the kids ARE LOOKING forward to it.
 AND THEY'RE going to have A BIG time.
 AND MR. Hughes.

FIRST SNOW OF SEASON
 Fell Last Night and Lasted for Some Time. Clear Weather for Rest of the Week.

The first snow of the season fell last night. It started at about ten o'clock and kept up intermittently for two or three hours. This morning the roofs of the houses and buildings still bore signs of the fall, but no trace of it could be seen on the streets. The snow was mixed with rain and pedestrians found it exceedingly disagreeable on the streets while the fall lasted. At about midnight the rain stopped and for a few minutes the fall of snow was heavy and came down in large flakes.

The weather man promises "to be good" for the remainder of the week. Clear weather is predicted, with rising temperature.

EAT LESS MEAT AND TAKE KIDNEO IF KIDNEYS HURT
 Says Kidneeo Flushes Kidneys, Stopping Backache

Meat Forms Uric Acid, Which Excites Kidneys and Weakens Bladder

Eating meat regularly eventually produces kidney trouble in some form or other, says a well-known authority, because the uric acid in the meat excites the kidneys, they become overworked, get sluggish, clog up and cause all sorts of distress, particularly backache and misery in the kidney region, rheumatic twinges, severe headaches, acid stomach, constipation, torpid liver, sleeplessness, bladder and urinary irritation.

The moment your back hurts or kidneys aren't acting right, or if bladder bothers you get a small box of Kidneeo from Davenport's Pharmacy, take one tablet before each meal followed by a glass of water for a few days, and your kidneys will then act fine. This famous treatment is made from a formula of a specialist in the treatment of kidney trouble, and has been used for generations to flush clogged kidneys and stimulate them to normal activity; also to neutralize the acids in the urine so it no longer irritates, thus ending bladder disorders.

FAMILY AVOIDS SERIOUS SICKNESS
 By Being Constantly Supplied With Theford's Black-Draught.

McDon, Va.—"I suffered for several years," says Mrs. J. B. Whitaker, "with sick headache, nervous trouble, constipation, indigestion, and a general feeling of depression. The year ago a friend told me to try Theford's Black-Draught, which I did and I found it to be the best remedy for young and old.

"I keep Black-Draught on hand all the time now, and when my children feel a little bad, they ask me for a dose, and it does them more good than any medicine they ever had.

"We never have a long spell of sickness in our family, since we commenced using Black-Draught."

Theford's Black-Draught is purely vegetable, and has been found to relieve indigestion, colic, wind, neuralgia, headache, sick stomach, and bilious symptoms.

It has been in constant use for more than 70 years, and has benefited more than a million people.

Your druggist sells and recommends Theford's Black-Draught. Price only 25c. Get a package to-day. N. C. 12-14

GREENVILLE WILL MAKE FIGHT FOR CIGARETTE PLANT

Knowing that the P. Lorillard Company is contemplating building a cigarette factory in this section of the State, Greenville is prepared to make a strong fight for the location of this plant. The following article with reference to this matter, appeared in yesterday's issue of the Greenville Reflector:

If the Greenville people are anxious to make a bigger Greenville, then some concerted effort should be made by them to secure the purchase of a cigarette factory that the P. Lorillard Company is contemplating locating in this part of the State. It is rumored on good authority that this company plans to locate a mammoth cigarette factory somewhere in Eastern North Carolina, and already some of the surrounding towns have taken steps to secure it.

Greenville compares most favorably with any of them. In addition to its railroad facilities, it has water facilities, a thing that no other large tobacco market in North Carolina has. Its market is one of the largest in the State; labor can be readily secured; sites are plentiful. These advantages are manifold, and the people of the town should see that they are brought to the attention of the Lorillard Company.

AN EASY WAY TO REDUCE FLESH
 Drink Hot Water and Take Tasseo.

Have you often wished for a medicine to reduce your flesh? Something that does not require dieting or calisthenics? Well, right here you have it in 5-grain Tasseo tablets, which you may secure at Worthy & Etheridge. They are pleasant to take, perfectly harmless and cause no restrictions of habit or eating, and reduce the flesh, little by little, until you are down to the number of pounds you wish to weigh. Too much flesh is undesirable, as most stout people will readily admit, and it detracts from one's good appearance; makes one clumsy and short of breath.

There isn't any reason why anyone should be too stout, when there's this much-tried, perfectly satisfactory remedy at Worthy & Etheridge. Tasseo tablets (don't forget the name) are recommended by physicians and are guaranteed to be perfectly harmless. Refuse substitutes, if you can not come to our store, we will mail Tasseo to you.
