

"Ladies In Love" And "Walking On Air," Are Carolina Attractions

With the most exciting and brilliant star combination ever to appear in one picture, "Ladies In Love," opens Thursday at the Carolina Theatre, Wilmington, a bitter-sweet romance of four lonesome, lovely girls, and their adventures in search of love.

A quartette of Hollywood's most famous renegade personalities, Janet Gaynor, Loretta Young, Constance Bennett and Simone Simon, appears in the film, with the cast featuring Don Ameche, Paul Lukas, Tyrone Power, Jr., and Alan Mowbray.

Of the four lovely ladies, one gambles for love and loses, one gambles and wins, one asks for love and gets it, love asks for the fourth—too late.

Janet, Loretta and Constance, modern young ladies all, have pooled their resources and taken a small apartment, where they eagerly plan for the romances they intend to have.

Janet is employed by Don Ameche, a young doctor, to feed his laboratory rabbits. Loretta is in the chorus of a reigning musical hit, and Constance is a model, with dreams of becoming a luxurious lady.

Loretta falls in love with Tyrone Power, Jr., a wealthy young man, and is heart-broken when she hears that he is soon to be married. Janet is in love with her doctor, but when the opportunity comes, incredibly, for a job as valet to Alan Mowbray, a famous magician, she leaves the young physician. Constance is having a mad round of pleasure with Paul Lukas, a mining engineer on vacation from South America. Constance and Lukas have a creed—no good-byes, no tears when it is ended.

Simone Simon, an appealing but determined young girl, is also in love with Lukas, who does not realize that she has grown to womanhood.

NEXT WEEK

Featuring the first radio chase ever staged in films, the hilarious comedy, "Walking On Air," starring Gene Raymond and Ann Sothern, coming Monday to the Carolina Theatre.

The high spot of both comedy and plot is the attempt of Raymond to prevent Miss Sothern from marrying another man through the medium of a frantic broadcast. As his sweetheart speeds toward Yuma, Arizona, from Beverly Hills, Raymond battles attendants in a broadcasting studio in an effort to stay her flight and deny that he is already married, as she has erroneously supposed.

The story, based on magazine story by Francis M. Cockrell, relates the experiences of two young college men who advertise for positions as secretary and bodyguard when they find themselves without work and destitute. Unbeknown to each other, they are hired by a Beverly Hills millionaire and his temperamental daughter respectively. The complications which develop and the final denouement combine to provide a fast-moving, gripping entertainment.

Officer Shoots Man Near Loris

Tabor City Police Forced To Use Gun On Charlie Tyler Sunday Night In Own Defense

Tabor City, Sept. 30.—Chief of Police Frank Hayslip, of this city, on Sunday night shot Charlie Tyler, of the Clarendon area, through the leg following a spectacular chase which covered parts of two states. The officer said that he was acting in his own defense, and that Tyler was coming on him with an automobile crank at the time he brought his gun into play.

Chief Hayslip noticed the automobile being driven along the highway two miles east of this city in a dangerous manner, he said, and set out to catch the driver.

Tyler allegedly drove through Tabor City at a rapid rate of speed and got nearly to Loris before he was finally over taken by the officer. When the officer attempted to place him under arrest, Tyler grabbed an automobile crank and came on him.

The wound was not serious, and he was able to return home after having it dressed at the clinic here.

Good Pictures Add To A Room

On Otherhand, Poor Taste In Wall Decorations Is Worse Than Having Bare Walls Exposed

A selection of good pictures furnishing with the color and furnishings of a room will bring out latent beauty and atmosphere that would otherwise go unnoticed.

Pictures are constant companions in the home, said Miss Pauline Gordon, extension specialist in house furnishings at State College, and they should be selected with care.

"A bare wall is better than ugly, distasteful, or tiresome pictures," she declared.

In the first place, she continued, a picture should be beautiful. It should also harmonize with the room, suit the space it is to occupy, and be appropriate for the persons who will use the room most.

For example, the living room should not be cluttered up with pictures intended for the nursery or a child's bed-room. Likewise, dark or somber pictures should not be placed in the children's room.

Omit pictures when color and figure interest of background are sufficient; use a mirror or textile hangings. When there is enough color but not enough pattern, choose etchings or drawings. With sufficient pattern and not enough color, use strong color pictures.

Place light pictures on light walls and dark pictures on dark walls. Don't place a picture in a frame that is more conspicuous than the picture. Oil paintings require larger, heavier frames than water colors or prints.

Warm colored pictures should be framed with warm colors or gilt. Cool colors such as blue, white, or gray should be framed with a cool color or possibly silver.

Fine picture wire should be used rather than large ornate cords. Medium and small pictures should be hung "blind," that is, to a hook or nail hidden behind the picture. Large rectangular pictures should be hung with two vertical wires, and large round or oval pictures should be hung with a wire going over one hook or hanger in the form of a triangle.

Shallotte citizens are interested in seeing that the Whiteville-Southport road runs through their town, and favor a junction between the bridge and the Shallotte high school. They use as the basis of their argument that the route they favor is shorter than the one coming out a Clemmons' station.

Actual work will not begin until protests have been heard and a definite decision has been reached concerning the route to be paved.

REFUNDING BONDS EFFECT SAVINGS

(Continued from page 1) the net saving to the county on the debt service requirements from July 1, 1931, to July 1, 1935, will be approximately two hundred and seventy-five thousand dollars.

Under the new schedule on interest which goes into effect as of July 1, 1935, the County will have the first year of its operation between eighty and ninety thousand dollars, likewise for the current year, and 1937-38.

All of the bonds are to be refunded as of July 1, 1935, and bear interest at the following rates for the indicated periods: 1 1/2 pct. July 1, 1935 to 1938 2 pct. July 1, 1938 to 1945 2 1/2 pct. July 1, 1945 to 1955 3 pct. July 1, 1955 to 1960 4 pct. Until paid.

There is a graduated saving commencing with the present period of approximately \$85,000.00 and gradually reducing with each change in the interest rate to a saving of approximately \$20,000.00 from 1960 to 1965. All bonds are optional for redemption, and it is contemplated that quite a few bonds will be bought in each year, thereby reducing the interest payment for the succeeding year.

Tentative Date Set For Races Here Next Summer

(Continued from page 1) gram for the year is as follows: Scheduled Regattas: Savannah Yacht Club, July 8. Beaufort Yacht Club, (S.C.) July 15th. Carolina Yacht Club, of Charleston, S. C., July 22nd. Mount Pleasant Yacht Club, of Rockville, S. C., August 3rd. Wilmington, Wrightsville and Southport at Southport, August 3rd.

It is expected that a considerable number of boats from each of the above clubs will enter the triangular Regatta at Southport. The name of the local event being selected because of the fact that harbor at Southport affords a great triangular twelve-mile course and the further fact that three communities are jointly interested.

Northern Boats Interested In addition to the something like 50 boats expected from the South Atlantic Association, the Wilmington, Wrightsville and Southport interests have verbal assurance that many boats from waters north of Southport will be on hand to participate in the event. Clubs all through the Chesapeake Bay section and in Long Island sound will be contacted and invited to participate.

Having an old and favorably known harbor, the event at this place should attract vast numbers of the sporting fraternity as participants, in addition to several thousand spectators for the three days.

As an illustration of the interest taken in these regattas, Beaufort, S. C. has a population

of only about 500 souls and their races this past summer attracted about eight thousand people each day.

For both interest and wide-spread publicity the event promises to be the biggest thing ever staged here. While not now owning any racing craft, there is a fair assurance that Southport sportsmen with the interest of the town at heart, will either buy or build two boats and enter them in the event.
