MAKES ATTEMPT TO AMBUSH OFFICER

Night Policeman Mel Lewis had a narrow escape from death about 1:45 o'clock Monday morning when a man stepped from behind Bell's barber shop and shot at him at close range with a pistol. Before the officer could return the fire the would-be assassin escaped.

Lewis called Policeman Chief of Police Moore and the two of them made a search for suspicious prowlers. No one was arrested.

Later in the night there was more shooting, according to Policeman Lewis. He stated, however, that he did not know who was doing the shooting, or why. At one time the two officers believed they had the gunman rounded up in Franklin Square, but he escaped.
