

Red Cross Contributors

To the contributors for the flood sufferers:

At this date, February 15, your committee, has the following report which it offers for your inspection, in behalf of your Red Cross Chapter. In this showing of individual and organizational offerings for the flood sufferers, your committee does not guarantee the list to be absolutely correct, for in the splendid response, no doubt some have handed in their money and their names failed to be recorded. But so far as possible this showing has been checked up and here-with presented. In the matter of supplies, your committee could not give a record. Many did not even keep their names. The money has gone to Admiral Cary T. Grayson, the National Red Cross chairman, Washington, D. C., and the Supplies have been sent by express to Cincinnati, Ohio, Louisville, Ky., and Memphis, Tenn., to the Red Cross organizations in these cities.

The final compilations for the total money received will be made and published, showing the sums the several sections of Brunswick county people gave, and the total amount that was sent to the national headquarters of the Red Cross, at Washington, D. C., in behalf of and for your committee.
