Arrival Of Spring Will Start Clean-Up Program

"As a result of the interest that has been aroused by the Civic Club and cooperating agencies, Southport will show a surprising awaken ing this year. I think it is up to all of our folks to start out right now and be able to take advantage of the opportunities that will be offered," said Mayor John Ericksen in an interview yes-

The paint brush should be applied liberally on all sides, houses and business buildings should be repaired, grounds should be looked after and everthing possible should be done to welcome the visitors to a clean, friendly little city. In this connection, said the Mayor, Woman's Club can be a very helpful factor. In fact, the Woman's Club is organization to which lead in such work be-

The Civic Club has a Chamber of Commerce program. Its work has all been along the lines performed by a Chamber of Commerce. It has never sought to intrude on the duties and priveleges of the Woman's Club, but it has stood by ready to extend any possible aid and cooperation that the Woman's Club might ask for.

The Woman's Club and the people, of Southport, should begin now to encourage cleaning up and painting up. The encouragement will be more effective if example is mixed with it. The willing and anxious should begin operations at home and then carry on.

It is not just organization efforts that Southport needs now. The individual coopera-(Continued on page four)

FOUR MEN SEEK SHERIFF'S JOB

Frink Decided Not To Enter Race For Solicitor And Will Concentrate On Senate Nomination

Political developments in Brunswick county during the past week were featured by the announcement of several new candidates and an undercurrent rumor of several others who are expected to file.

Meanwhile, one of last week's stories drops out of the picture since S. B. Frink, of Southport, has definitely decided not to enter the race for district solicitor against David Sinclair and Junius Powell. Frink will stick to his original announcement for

A carload Be Erected Here

Mrs. J. Sidney Cooper, of Handerson, was in Southport Monday to discuss with Mayor John D. Ericksen the placing of a marker in memory of the troops stationed at Deep Water Point, near Southport, during the War

of 1812. Mrs. Cooper is president of the state organization of descendants of veterans of the second war about Panay in the Yangtse with England. With her Monday was Miss Ettie Brown, of Flora MacDonald College, and Mrs.

Wayne Spender, of Wilmington. Plans call for an impressive ceremony in connection with the occasion, which has been tentative-

ly set for April 13. A more definite announcement will be made later.

Clark Files For Congress

Congressman J. Bayard Clark, veteran representative from the seventh congressional district, filed yesterday with the state board of elections for the democratic nomination to succeed himself.

Mr. Clark was elected in 1928 to succeed Homer Lyon, of Whiteville, and has represented the interests of his constituants faithfully since

Mr. Clark was unopposed for the nomination in 1936, and no candidate has an nounced against him for the primary in June.

May Stage Outboard Race At Southport Next Month

The Civic Club hopes to stage an outboard racing regatta at Southport on April 10th. Commodore John Anderson of the Carolina Outboard Association at Wilmington was written to Sunday and querried as to the probabilty of his boys being able to appear here on that date and conditions under which they would come.

Under Commodore Anderson the association, last year, achieved notable distinction in aquatic sporting events. lot of fine young men compose the association and they own some speedy craft.

hope that they can be brought here for April 10th or some other early date.

The big Southport harbor will afford an ideal course for the swift little boats, and should the planned event for next month be held, and proves to be a success, the local sportsmen hope to stage a big outboard event later on in the year. The local organization believes that if a full-fledged regatta can be decided on for later in the year sportsmen from all points up and down the coast can be induced to enter

Willful Waste Of Forests Is **Scored By Jones**

The County Forest Warden Dawson Jones Cites Facts And Figures To Show Loss That Is Being Incurred By County

RECENT LOSS BY FIRE IS RECITED

Most Of The Forest Fires In Brunswick County In Past Month Has Been Caused By Carelessness Or Design

Last week's rain brought only temporary relief from the serious forest fire situation in Brunswick county, and County Forest Warden Dawson Jones renews his olea for consideration and cooperation from citizens of the coun-

More acres have burned over since March 1, according to Warden Jones, than during any other period since he became head of the forest fire fighting corps of

"Several thousand dollars worth Brunswick county timber lands Four Injured of Brunswick county timber lands have gone up in smoke since the first day of March," said War-Jones yesterday. "This means the loss of tax values that it will take years to regain. Records show that this county lost \$1,500,000 in tax values prior to 1934 because of forest fires. Since that time, due to forest fire protection, a fine growth of young pines has been started. With this new growth of young timber tax values are on the increase at the same time the owners are having dollars added to

New Method For Electricity Bills

duals

Electric power bills for users in the city of Southport for the month of March will be figured at a new rate, but don't be fooled when you get your first glance at this month's bill.

The reason? There also is a new system for sending out monthly bills. Instead of allowing a 20 percent discount from the bill rendered, statements will be sent out net. For example: If you have been escaping with a minimum charge, your bill for March will be \$1.44. But there will be no discount from that amount, and you must pay on or before April 10th or a twenty-percent penalty will be added. If you havent paid before April 25 your current will be discontinued, and it will cost fiftycents to be re-connected.

Here's A Prescription That Is Good For What Ails You

Want a prescription for dropsy? Well, here's one that J. J. Arnold, of Bolivia, found among some documents more than a hundred years old which belonged to his greatgreat grandfather, James Hewett.

As a preliminary course

the prescription recommend-

ed "Calomel and galop as a cathartic; repeat until the water is drawn off. While the medicine is operating are the following drink: "Take two quarts of apple vinegar, put twenty nails (tens) in it and let it stand two days. Then add one hand full of blacksnake root,

quart of rum, one pound of sugar. Bottle it up for use. Take a common wine-glass full three times a day." It appeared that this prescription was given by Dr. A.

C. Tolson in 1850. Several tax receipts, some dated as early as 1807, an ancient warrant, a church letter and other interesting

documents are included among the old papers. All of them were prepared before the days of printed forms, for each of them is written
