

Gets Approval Of Map Change

At Long Last W. B. Keziah Has Received Assurance That River Road Will Be Shown As Continuous Stretch

The 1940 state highway maps will show the River Road from the Brunswick River bridge to Southport instead of just from the bridge to Orton as in the case of previous maps. These previous maps were very misleading in that they gave the traveling public the impression that the only way to reach Orton Plantation was to go to the Brunswick River Bridge and come down. If the much distributed state maps were to be taken literally, Orton was on a blind road.

From Supply to Southport and Orton the distance is 23 miles. From Supply to the Brunswick River Bridge and back the distance is 40 miles, and this last mentioned route entails the traveling of five miles more of dirt road. Naturally, both the Orton and Southport people have always resented the impression created by the maps that Orton was on a blind road and could not be reached through Southport.

The hurtful results were especially strong in the case of tourists coming up from down south. The maps gave them the idea that the only way to reach Orton was to go to the bridge and then double back. Many would not visit Orton because of the indicated difficulty of reaching there. In a letter from W. H. Hampton, senior office engineer of the State Highway Commission, W. B. Keziah, secretary of the Brunswick County Chamber of

Flowers Carried To Georgetown

Churchill Bragaw of Orton and W. B. Keziah of Southport went to Georgetown, S. C., Monday with a big station wagon loaded with flowers to deliver to the gardens near Georgetown and to residents in the city.

The plants had been ordered by visitors at Orton from the famed South Carolina garden center.

Leland Boy On Honor Roll

One Brunswick county man is among the 117 students who made the mid-term honor roll at Wake Forest College. He is W. W. Sessions, of Leland. Sessions, a senior, is enrolled in the academic school.

Approximately 11 percent of the student body is on the honor roll.

Commerce, was advised this week that the 1940 maps, which will be issued about the first of May, will show the River Road for its entire distance from Route 17 to Southport. Mr. Hampton regretted that the road was not shown in full in the first place. He went into detail in explaining how oversights prevented the making of corrections when the matter was called to their attention.

Incidentally, F. A. Yahner, Jr., director-manager of the Ocean Forest hotel and club at Myrtle Beach, has written Mr. Keziah that he is coming to Southport shortly to visit Orton with him. Mr. Yahner is thoroughly in sympathy with acquainting his guests, who are visiting Orton, with the short route through Southport.

Sharpe Announces His New Weekly

Bill Sharpe, who leaves the State Advertising Bureau this week, having resigned two months ago, will give Winston-Salem a new weekly newspaper. The first issue will appear on March 14th, according to an announcement received this week by W. B. Keziah, a friend of Bill's.

The Sharpe publication will issue on Thursday's and will bear the rather unique name "Thursday." Mr. Sharpe intends to have complete coverage of Winston-Salem and of most of Forsyth.

Tobacco Plants Are Doing All Right

Asked regarding the condition of tobacco plants when he was in town Saturday, George B. Ward, well known Waccamaw township grower, said that they seemed to be alright, despite all the bad weather that has existed during the planting season.

Mr. Ward said he personally had plenty of the plants and that they already had four leaves and were growing. He understood that other growers likewise had good plants.

Roe Menhaden Caught Up Coast

The Beaufort News, of Beaufort, reported this past week that menhaden boats operating there were catching the largest roe menhaden ever seen on that part of the coast. Roe menhaden, The News pointed out, are practically an unheard of thing at this season of the year.

Not only were the catches of roe menhaden in February regarded as unusual, the paper stated that the fish were the largest ever seen at Beaufort. They were so large, they looked like young shad.

Clearing Right-Of-Way For Road

Anticipating the big tourist travel that will shortly be using the River Road through Orton from Southport to the Brunswick River Bridge, the State Highway Commission has had a force of men clearing the right-of-way.

All underbrush and obstructions to vision on the right-of-way has been cut down. This was done to eliminate danger of collisions on the turns. It is understood that special efforts will be made to keep the road in the best possible condition during the next two or three months while the tourist traffic is at its height.

The teacher asked Dan, who had been absent from school, for an excuse. "Mother says I better wait and get one from dad tonight. He's good at making them", replied the lad.

WACCAMAW-SOUTHPORT

The Waccamaw boys' game against Southport on Monday night afforded many thrills to the spectators by running neck and neck for winning honors. This hair-raising playing prevailed throughout the game, with first one team and then the other being only one or two points ahead. Every player on each team was aware of the fact that at the close of each quarter it was anyone's game, and fought hard to carry the victory to Southport or keep it at Waccamaw. As the whistle blew for the end of the game, the score was found to be tied with 21-21.

The suspense continued through the next three minutes which was allowed to play off the tie, with the first team securing the necessary two points winning the game. Each team worked hard, but B. Sellers on the Waccamaw team was successful in ringing a field goal, thus keeping the victory at Waccamaw with a score of 23-21. Kermit Pruitt with 13 points led the Waccamaw team to victory and Lewis of Southport with 12 points starred for his team.

The girls teams played first. The line up for Southport was: Corlette, G. Arnold, and Lewis playing forward, and D. Hickman, Smith and J. Arnold playing guard. Miss Lewis proved herself the star forward by making five goals from the free throw line and two goals from the floor.

The line up for Waccamaw was: M. Brady, V. Sellers, and O. Norris playing forward, and A. Bennett, M. F. Dodson, and G. Hewett playing guard. Brady was the star forward for Waccamaw. She made two goals from the free throw line and eleven goals from the floor. Waccamaw's second team played part of the first quarter. The members of this team are: O. Watts, H. Norris, L. Bennett, M. Mintz, E. Gray and M. Long. The players had a large audience that seemed to thoroughly enjoy the game. Both teams were good sports throughout the entire game. The final scores were: Southport 13, Waccamaw 47.

This was the last home game the Waccamaw players will have in the county series of games this year.

WACCAMAW-LELAND

Waccamaw girls played the Leland last Thursday night in the second match game between the two schools in the series. Virginia Sellers was the star player for Waccamaw girls. She played the entire game without making any fouls and scored 11 points for Waccamaw.

E. King was the leading player for Leland. She scored 12 points and made only one foul for the entire game. Both teams were well matched and exhibited good sportsmanship throughout the entire game. The final score was twenty-six points for Waccamaw and nineteen points for Leland.

BOX SUPPER

The Waccamaw basketball girls will give a box supper in the Waccamaw auditorium Friday night, Feb. 23, 1940. The proceeds will be used to help defray the expense to the Tournament at Wilmington. The public is invited to attend the supper.

Exum Demonstration Club Women Meet

Legion Auxiliary Has 15 Members

The American Legion Auxiliary entered February with more than 400,000 members enrolled for 1940. Mrs. J. D. Sutton, membership chairman of the Southport Unit, announced today. Total national enrollment on January 31 was 407,551 or 85.14 per cent of the year's membership goal. More than half-million women will be actively enrolled in the Auxiliary this year, Mrs. Sutton predicted.

The local Unit now has fifteen members enrolled for 1940.

New Radio Beacon In Old Lighthouse

The radio beacon which the Coast Guard will install on Bald Head Island sometime this month or early in March will be in the old Bald Head lighthouse. The building, a hundred feet tall, is admirably suited for the purpose and no repairs will be necessary outside of the replacing of a few window panes.

Since the building is all of brick several feet thick there will be no maintenance cost unless it is entailed by an occasional broken window.
