## REPUBLICAN PLATFORM

It is now time that the voice of the people be heard in the land, that the political force of the people who are free be felt in the primaries and election. In this the Republicans have a part, the privilege of a part, and as never before must free people speak out, even in Brunswick County.

It is now clear to the Brunswick County voter that our people are not to be given any relief from increasing taxes and heavy burden of carrying increased employees at the hands of the present administration.

It is now clear that the New Deal party, called the Democratic party, is chiefly concerned with holding on to fat political jobs, rather than showing any particular concern about good, economical government.
