

Farm News

about the AAA and other
EXTENSION WORK
From the
County Agent

J. E. DODSON

Following is a definition of the responsibility of county agents, county committeemen, community committeemen, and chief clerks in the administration of the AAA program.

1. Duties of county agent: The county agent is to be responsible for directing the educational work of the program in the county.

(a) The program is to be thoroughly discussed by the agent with the county and com-

munity committeemen and chief clerk. Necessary meetings should be held to thoroughly acquaint all parties concerned with the work to be done.

(b) Meetings of farmers are to be conducted in each community by the agent and a county and community committeeman as often as is needed to keep farmers informed on the provisions of the program.

(c) The agent is to be responsible for publicity on the AAA given out through press and radio.

(d) The agent will emphasize and try to increase the participation in soil-building practices through the use of demonstrations, farm tours, meetings, and other extension means.

(e) The agent will be responsible jointly with the home agent for the mattress project in the county.

(f) The agent will be responsible for those letters which are sent out to farmers over his signature as secretary on the subjects covered in (a) to (e) above.

(g) The secretary should discuss carefully each month with the county committee and chief clerk the estimate of expenses and the payroll.

(h) The agent, as secretary of

the county committee, shall be responsible for the duties of the secretary as stated in the Articles of Association, as follows:

"Secretary. — The secretary to the county committee shall be custodian of all the records and documents filed in the office of the Association. He also shall—
"(1) Maintain an adequate supply of official forms and pamphlets required for use by members of the Association;
"(2) Certify the results of all elections held in the county or communities within the county;
"(3) Give public notice of the designation and boundaries of each community within the county not less than 10 days prior to the election of county committeemen and delegates or alternates;
"(4) Cause due notice to be given of all acreage allotments and such other information as may be required;
"(5) Provide for the accessibility of information to the public as follows:

"(1) Make available for public inspection in the Association office information pertaining to each farm within the county with respect to the number of acres in acreage allotments or goals that may be established for the farm, the average yields or productivity indexes established for the farm, and the acreage of range land and grazing capacity thereof for each ranching unit, owned or operated in the county by members of the Association, and payments received by the farmers for cooperating in programs administered by the Association except that the information concerning payments shall not be made available sooner than 30 days after such payments have been received by the farmers;

"(2) Post conspicuously in the office of the Association each year the names and addresses of all regular or alternate committeemen, officers, and employees of the Association, the amount received as pay by each such committeeman, officer, or employee, and the total amount of the association's administrative expenses for that year;

"(3) Not furnish or make accessible for copying mail addresses of members of the Association;

"(4) Give due public notice at

least 5 calendar days in advance of all meetings of the Association, all elections of regular or alternate community committeemen, and all conventions of delegates to elect the county committee; and
"(5) Perform such other duties as may be assigned to him by the county committee or the Agricultural Adjustment Administration."

It is not the responsibility of the county agent for the following administrative work:

(a) Establishing special crop allotments.
(b) Adjustment of special crop allotments.
(c) Administration or marketing quota provisions.
(d) Appeals by producers to County Committee.
(e) Detail work on AAA Program.

(Note: This will be continued next week with definition of duties of members of the county committee.)

Remember Men Of World War

Is Part Of Duty Of Legion Auxiliary To See That Yesterday's Heroes Are Not Forgotten

"While America is making itself strong against today's dangers, it must not forget the men who gave their strength in the country's service twenty-three years ago," Miss Elizabeth Murray rehabilitation chairman of the Southport Unit of the American Legion Auxiliary, said today as she aided the Auxiliary campaign for 1941 members.

"A country which forgets its defenders of the past is not likely to have men eager to risk their lives in its defense in the future," she continued. America has not forgotten or been ungrateful to the disabled veterans of the World War for it is a great continuing work of the American Legion and Auxiliary to make sure that their needs are supplied.

After describing the benefits gained from the government for the disabled men and their families through Legion and Auxiliary action, Miss Murray pointed out that the need for effort in their behalf is now greater than ever.

"With the country's attention focused upon defense preparations, the Auxiliary must work harder than ever to hold the benefits gained for the disabled, for wives and children, for the widows and orphans of the dead, and for the aged parents. We must not permit the idea to spring up in American minds that service to country is rewarded only by suffering and hardships for the men who serve and those dependent upon them.

"The Auxiliary's activities for the disabled veterans and dependents are interesting and varied. There is deep satisfaction in doing things to help these men who have done so much for the country. The Auxiliary needs fullest strength for this work this year. It needs the influence of every available woman behind its plea for generous treatment of the disabled. We are hoping that all the wives, mothers, sisters and daughters of veterans in Brunswick county will be with us this year as we strive on for 'those who have borne the battle.'"

Need Skilled Men For Work

Specialized Jobs For Defense Orders Make Great Demands For Skilled Workers

Getting the skilled men needed for National defense jobs continues to be one of the greatest problems of the new year for the Civil Service Commission. Thousands were appointed during 1940 but thousands more are going to be needed during the coming year at the arsenals and navy yards and in the air service. Toolmakers, instrument makers, and machinists are especially in demand, and they are especially necessary to the National defense program. Among others also urgently needed are: Aircraft instrument mechanics; aircraft mechanics; metalmiths (aviation); copersmiths; lens grinders; lofts-men; ordnancemen (torpedoes); shipfitters; and ironworkers (shipfitting duty). If you are skilled in any of these trades, and want a Government job, write to or call for information at the office of the Board of U. S. Civil Service Examiners at any first or second-class post office. You may also learn about these jobs by consulting the notices posted in the third class post offices.

CHILD ILL
Friends of little Miss Gloria Lee Hewett regret to learn that she is confined to her home, due to illness.

AT PRESBYTERIAN
There will be only one preaching service Sunday at Southport Presbyterian church. That will be in the evening at 7:30 o'clock. The pastor, Rev. J. R. Potts, will preach at Willard at the 11 o'clock hour.

Legion Candidate

R. L. (Roy) McMillan (above), prominent Raleigh attorney and civic leader, has been endorsed by the state for election as commander of the North Carolina department of the American Legion. A native of Scotland county, McMillan has been active in Legion circles since 1919. He has served as post commander, department vice commander and chairman of various post, district and department committees. The department will elect its commander at the state convention in New Bern next June.

WHITEVILLE AND SOUTHPORT SPLIT

(Continued from page 1.)
ville with 10 points each. Gilda Arnold led Southport with 5 points.

The boys game was tight with the first half ending in a tie. The second half Southport came back and scored 13 points to Whiteville's 9 points. Juan Gore led the scoring for Whiteville with 7 points, while Willis with 9 and Sellers with 8 points led Southport's scoring.

The line up for Whiteville:

CHEST COLD MISERY
FIRST—rub throat, chest, and back with Vicks VapoRub at bedtime.
THEN—spread a thick layer of VapoRub on the chest and cover with a warmed cloth.
RIGHT AWAY, VapoRub goes to work—loosens phlegm—eases muscular soreness or tightness—clears air passages—relieves coughing. And often by morning, most of the misery of the cold is gone.

Smith L. F. (2), Moore R. F. (1), Gore C. (7), Berry L. G. (4), Rogers R. G. (2). For Southport: O'Daniel L. F. (3), Sellers R. F. (8), Christian C. (1), Shannon L. G., St. George R. G. Subs: For Whiteville Singletary, Nealy (2), Brown (2), B. Moore, Cook, Fore. For Southport: Willis (9), Simmons (4).

Brunswick County Is Planting Small Grain

(Continued from page one)
grain will do even better here than it will in the Piedmont.

During the past few months a new flour mill has been constructed in the neighboring county of Columbus. This mill has been a great encouragement this winter to farmers planting wheat and other small grain.

This winter over 100 acres of barley and 400 acres of oats are being grown, in addition to the wheat. These crops, and some 2000 acres of Austrain Winter Peas, are looking extremely well.

The winter peas are worthless for feed, but extremely valuable as a soil improver. Mr. Dodson estimates their value on Brunswick county as a soil improver to be not less than \$10.00 per acre.

In March, he says, much of the small grain acreage will have lespedeza sown along with the grain. This will result in two crops being grown with only one preparation of the soil. Lespedeza it has been demonstrated, grows well in Brunswick county. In addition to being an excellent forage, it is a great soil improver.

Stating that the price of hogs

had been dragging bottom for the past two years, Mr. Dodson anticipates that Brunswick county, where swine raising is carried on rather extensively, will get better prices both for pork and for hogs on the hoof during the next few years. About the so-called cash crops of cotton and tobacco, he is not so optimistic. He admits that prospects are good for mounting cotton prices, but does not see much hope of an increase in the price of tobacco. He says that the farmers here in Brunswick must gradually change from the present tobacco and cotton cropping system.

AGED SHALLOTTE RESIDENT PASSES

CHAS. E. GAUSE
TAX COLLECTOR OF BRUNSWICK COUNTY

(Editor's note: There is a danger of Brunswick county property owners overlooking reports to the Chamber of Commerce. It will take several hundred dollars for postage this year, and that is only one item of expense.)

A Year of Accomplishment

The year just ended was a record year of general telephone expansion in the South. Millions were spent to expand local and long distance facilities and other millions were expended for preparedness projects. At the same time, numerous and varied governmental and industrial emergency needs were filled promptly.

Nearly 300,000 new telephones were installed and about 180,000 taken out, making net gain for the year of more than 110,000. Sixty-eight central offices were built and put into service. Twelve of these were new exchanges while the six replaced manually operated offices with the newest type equipment. Rural sections also shared liberally in this program.

The gross expenditures for new construction and replacements exceeded \$40,000,000. It was a year of outstanding accomplishments achieved under exceptional conditions. The thousands of telephone men and women responsible for this work are justly proud of the results. They begin the new year confident in their ability to meet the future telephone requirements of this fast growing section of the nation.
