Citizens Of Southport Asked To Attend Mass Meeting In Courthouse Thursday Evening at 8 O'clock

O MAKE PLANS TO MEET EMERGENCIES

Purpose Of Meeting Is To Shape Program That Will Aid Town To Cope With Problems If **Population Increases**

A mass meeting of Southport citizens has been called for Thursday night at 8 o'clock in the Brunswick county courthouse to discuss long range plans for this community in the event of a Natonal Defense program development here.

Recognizing that the sudden announcement of a major project for this section might bring about conditions that will completely swamp Southport. Mayor John D. Eriksen is calling this meeting. He wants it clearly understood that this meet ing is not being called for the "break", and he is anxious that no unwarranted enthusiasm will purpose of this gathering is to discuss calmly and sensibly plans Four Negroes

It is desired that representative ladies of the community as well as the men attend the Thursday night meeting.

In order that as many as possible may know the kind of problems likely to be faced in South port in the event of the location of a defense project nearby, it is suggested that local citizens read "Defense Program Comes To Our Town", in a recent issue of The Saturday Evening Post.

Planning Meeting Little White Chapel At Orton **Attracts Interest Of Visitors**

All during the spring months tourists and other visitors at Orton Plantation on Sunday mornings have the opportunity of joining in worship at Luola's Chapel, the beautiful little church near the mansion, where tourists register.

The church has no regular pastor. Occasionally some visiting minister or one from a neighboring community, is invited to conduct the Sunday morning services. When no minister is available the services are in charge of Churchill Bragaw or someone else connected with the plantation. As in the old time churches, some half dozen or more of the colored employees of Orton are in regular attendance at these services, occupying a portion of the church especially reserved

Orton is probably the only plantation in North Carolina that has its own church for the owners and workers. In fact Orton has two churches, one for white and one for colored employees. The services are held each Sunday morning at eleven o'clock. There is no Sunday school, just a simple gathering for worship with appropriate

Congressmen Like Folders **Advertising This County**

Official Washington likes the Brunswick County Folders, issued by the Chamber of Commerce. Some weeks ago the office of Congressman J. Bayard Clark asked for enough of the folders to give one to each representative in Congress with the compliments of the people of Brunswick county. 650 of the folders were sent but as they have much to do with fishing, etc., and as Congress has been engrossed in all sorts of important undertakings, Congressman Clark decided to

The task of distributing them began this last week in March, and Sunday, Congressman Clark advised W. B. Keziah of the Chamber of Commerce that a flood of inquiries were being

until spring.

received. He inclosed three letters, which he said were typical of the many. Of these letters, Congressman

John H. Tolar of the 7th California District says that Brunswick county people are to be congratulated in such a fine work, illustrating the assets of Brunswick county: He goes on to say that he is forwarding copies to some of the California promotional organizations in the hope that they will be able to take a tip from this well laid out literature.

Congressman Robert F. Jones of the 4th Ohio District was very much pleased with the folder. In his letter to Congressman Clark he advised that he hoped to be able to see this portion of Mr. Clark's District

To Make Survey For Purpose Of Finding Labor

State Unemployment Ser-vice Cooperating With Strawberry Growers In Effort To Obtain Help For Picking

SURVEY FOR THIS COUNTY BEING MADE

It Will Be Possible To Give Employment For Five Or Six Weeks To Strawberry Pickers This Year

An expected shortage of strawberry pickers in the Chadbourn, Wallace and Mount Olive areas for the season of about five weeks, starting probably the second week in April and continuing until the third week in May, has caused C. W. E. Pittman, farm placement supervisor for the Employment Service Division of the State UCC, to issue a call all over eastern North Carolina for recruits for this work.

Maurice H. Moore, manager of the Wilmington Employment office, which serves Brunswick county, asks all who are interested and are near enough to call at the office at 814 Market street. Those interested in the jobs in this immediate area are asked to contact the employment office representative who will be in Southport at welfare office on Thursday of each week from 10 A. M. to 12:30 P. M. or in Shallotte at R. D. White Motor Co. on Thursday of each week from 2:00 P. M. to 4:00 P. M.

Last year, Mr. Pittman reports, approximately 6,000 pickers were employed in the Chadbourn area, all in Columbus county, 9,000 in the Wallace area, embracing parts of Duplin and Pender counties, and 1,000 in the Mount Olive area, all in Wayne county.

Rates of pay will be from 11/2 to 2 cents a quart, the growers furnishing daily transportation for nearby workers and supplying transportation to the work at the beginning of the season and back home at the end for those further away. Growers supply quarters, usually vacant tenant houses or temporary shelters, cookstoves and beds or bunks for workers from a distance. Workers are expected to furnish their own cooking utensils, dishes and blankets.

Jobs in other crops can be furnished workers who wish to remain in the sections after the strawberry work ends, Mr. Pittman states.

At County Home

continue in his present capacity, Bennie Williams Resigned, Effective Last Week, After Seven Years Of Fine Service On This Job
