## SANITARY MARKET

Following the recent visit of a state sanitary inspector to our store, we have been busy improving the sanitary conditions of our meat market. We have completely screened our buildings, have installed hot and cold running water, have painted the walls above and about our meat counter and have in many other ways done our best to qualify for a Grade "A" Rating.

### LEGALS

BUY IN BRUNSWICK

Ever so often we remind our friends to do this . . . because we feel that there are certain important advantages to be gained by trading with home merchants. This is particularly true when you have stores in your home county that offer you as complete stock of merchandise as you'll find at . . .

### SHALLOTTE TRADING CO.

Hobson Kirby, Prop.

NEWS and FACTS ... of Statewide Interest

# The 8th Birthday

of One of North Carolina's Biggest Taxpayers!

On May 1, 1933, beer was re-legalized in North Carolina. Since that time, it has paid taxes as follows:

To The State Treasury ...... \$6,777,854.76 To North Carolina Counties ...... 993,750.00

To Our Cities and Towns ...... 377,500.00

This \$8,149,104.76 total is in addition, of course, to federal taxes amounting to about \$7,000,000. Thousands of new jobs have been created, moreover, bringing in a new stream of income and a re-vitalization of trade in North Carolina.

### Social Benefits, Too

Important as well are the social results. The American brewing industry has promoted a vigilant campaign to protect the public against abuses in the retail sale of beer-a campaign to see that the reputation of the thousands of retailers operating legally and decently is not smeared by the relatively few who would use a beer license to shield illegal activities. In the past two years, for example, the North Carolina beer industry's "Clean Up or Close Up" program has resulted in the elimination of 155 undesirable outlets.

The brewing industry submits this record to you because it takes justifiable pride in it. Your support has made the achievements possible; your continued support will make results even more outstanding.
