WHY?

WHY DO THESE MEN PAY BY CHECK

DOCTOR

He writes checks naturally—for his own health and peace of mind. . . . Checks save him from financial worries, free him from details, leave more time for his patients.

LAWYER

He knows the value of evidence, and there is no better evidence of a paid bill than a cancelled check. He handles lawsuits for others, but keeps out of them himself.

MERCHANT

He has many out-of-town bills to pay. Checks help his credit with sellers, save him from carrying too much cash on hand, and make bookkeeping easier.

You, as a successful farmer, have all these reasons for letting the Waccamaw Bank help you with your financial affairs. Deposit your tobacco money. Even if you pay most of it out, the safety, the convenience, and the permanent records you get from a checking account will make it worth while.
