## MANAGEMENT PLAYS IMPORTANT ROLE

County Farm Agent Declares  
That Management  
Plays A Large Part In  
Raising Any Kind  
Of Poultry

Now is a good time for poul-  
trymen to do their bit for Na-  
tional Defense and to help win  
this war and write the peace, J.  
E. Doshier, county farm agent,  
said in a statement issued today.

The first step in a successful  
poultry program is for each per-  
son who is buying baby chicks to  
get the best chicks they can buy.

A large number of hatcheries in  
the State are selling quality  
chicks. Quality chicks will live  
better and produce more eggs on  
less feed than chicks of poor  
quality, Mr. Doshier declared.

The one aim of all buyers of  
baby chicks is to raise as many  
as possible. This can be done by  
proper feed and care. The brood-  
er house should be thoroughly  
cleaned in advance of the chicks  
arrival and the brooder started at  
least two days before the chicks  
arrive. This should be done so that  
the brooder can be set on the cor-  
rect temperature when the chicks  
do come and to have the house  
thoroughly dried out. The tem-  
perature around the house should  
be around 95 - 100 degrees for  
the first few days. After that it  
may be dropped around five de-  
grees per week until they need no  
more heat, the county agent said.

Feeding the baby chicks is a  
most important part of raising  
the chicks. For the first day or  
two, the chicks should be fed  
chick grain. This will enable the  
chicks' system to start function-  
ing properly. They should be fed  
several times a day. Then a good  
grade of starting mash should be  
kept before them at all times and  
fed grain three times daily. Clean

## Preston Bryant Gets Commission

Southport Man Has Had  
Considerable Sea-Going  
Experience; Commissioned  
Lieutenant (jg)

Preston Bryant, of Southport,  
was advised during the past week  
of his appointment as a lieutenant  
(jg) in the U. S. Navy Reserve  
and left today for Raleigh for a  
final physical examination.

Bryant has had considerable  
ocean-going experience, having  
served for several years as an  
officer aboard the U. E. E.  
Dredge Comstock and later as  
master of this vessel after she  
was converted into a government  
freighter.

Bryant returned here several  
months ago from the Caribbean  
area and immediately made ap-  
plication for a commission. He  
has not been advised yet where  
to report for indoctrination.

## Prizes Awarded Winners In Decorations Contest

Woman's Club Follows Its  
Usual Custom Of Award-  
ing Prizes To Winners Of  
Home Decoration Contest

THIS YEAR IT WAS  
DONE WITHOUT LIGHTS

Interesting Effects Are Ob-  
tained By Residents Of  
Community Without  
Resorting To Light-  
ing

The Woman's Club, following  
its usual custom, offered prizes  
again this year for house decora-  
tions in the Christmas spirit. Be-  
cause of the dim-out restrictions  
lights were not allowed on the  
outside of houses but a number  
decorated their houses without  
lights.

These were judged on Christ-  
mas day and the judges awarded  
the first prize, a baking set,  
which was donated by Leggett's  
Drug Store, to Mrs. James Har-  
per. Pine boughs were placed on  
either side of the double windows  
and "Merry Xmas" was written  
across the top of the windows in  
red oilcloth. A spray with a red  
bow was over the doorway.

Mrs. Clayton Hickman was  
awarded second prize, a box of  
candy given by Watson's Phar-  
macy. Mrs. Hickman's porch was  
arranged with pine boughs in a  
lattice-like pattern. Her doorway  
had a large "V" with a wreath  
in the center.

Honorable mention was made  
of the following persons who had  
outstanding decorations: Mrs. L.  
C. Fergus, Mrs. C. Ed Taylor,  
Mrs. Otto Hickman and Mrs. Roy  
Daniel.

Others who had decorations up  
were Mesdames Dallas Pigott, E.  
H. Cranmer, Dick Brendle, C. C.  
Cannon, R. S. Harrison, H. W.  
Hood, Clarence Crapon, George  
Y. Watson, W. G. Butler, J. El-  
wood Cox, L. Leinert, Martin Mc-  
Call, Sandy Simmons and Eva  
Wolfe.

## Cease Delivery Of Milk Locally

Only Wholesale Deliveries  
Will Be Made From Mag-  
nolia Dairies After Janu-  
ary 1, 1943

Tire rationing is pinching in a  
new place this week with the  
announcement by the manage-  
ment of Magnolia Dairy that no  
more retail deliveries will be  
made after January 1.

This change in policy has been  
made necessary by the tire rat-  
ioning regulation which makes  
provision for new tires for ve-  
hicles delivering milk in whole-  
sale quantities, but will allow on-  
ly retreads for retail deliveries.

Manager Fred Stevens of the  
Magnolia Dairy, has continued  
his retail deliveries until the con-  
dition of his tires wouldn't stand  
it any longer.

Milk will be available to the  
buying public of Southport from  
the retail stores of the com-  
munity.

## Legion Sponsors Speaking Contest In This County

High School Boys Invited  
To Compete This Year In  
Contest Which Offers  
\$4,000.00 Scholarship As  
Prize

MEDAL WILL BE  
GIVEN LOCALLY

Chas. M. Trott Heads Com-  
mittee For Promoting  
Speaking Contest In  
Brunswick County

Chas. M. Trott is post chair-  
man of the American Legion Ora-  
torical Contest for this year, and  
will be assisted in promotion of  
the contest by Jim Finch.

High school boys of Brunswick  
county are eligible to compete  
in the county contest, and a me-  
dal will be awarded the winner.  
Contestants must use an original  
oration not less than 10 minutes  
nor more than 12 minutes in  
length. In addition, he must be  
prepared to render an extempore  
speech of not more than four  
minutes duration.

Victory in the county contest  
will make the winner eligible to  
advance in the state contest, and  
state contest winners will meet in  
regional eliminations. Prizes are  
awarded for each succeeding ad-  
vancement, winding up with a  
\$4,000.00 scholarship prize for the  
winner of the National Contest.

It is the earnest wish of local  
Legion officials that every high  
school in the county have a local  
contest, and every possible as-  
sistance will be rendered by  
legionnaires in charge of the pro-  
gram.

For full information contact  
with Mr. Trott or Mr. Finch.

## Short Session Of County Court

Three Cases Disposed Of  
Here Monday In Abre-  
viated Session Of Brunswick  
County Recorder's Court

There was an abbreviated ses-  
sion of Brunswick County Recor-  
der's Court here Monday, with  
only three cases disposed of.

Ernest Brown was found guilty  
of making an assault with a  
deadly weapon and was given 4  
months, judgment being suspended  
upon payment of costs and a  
fine of \$25.00. The same defend-  
ant was convicted on another  
similar charge and was given 3  
months, judgment being suspended  
upon payment of \$15.00 and  
costs. In this matter the fine was  
remitted.

Samuel Brown was found not  
guilty of aiding and abetting in

## Freeland Club Meeting Held

The Freeland Club met at the  
home of Mrs. D. F. King on Fri-  
day, December 11th.

The business was attended to  
and Miss Eakes, the home agent,  
stressed the importance of buying  
War Bonds and Stamps. The rest  
of the meeting was in the form  
of a Christmas party. Games and  
contest were played and were  
greatly enjoyed by all. The club  
women had prepared gifts and  
they drew names and exchanged  
presents. The party was a great  
success.

The hostess, Mrs. King, served  
fruit for refreshment. The treas-  
ure hunt, "Work for what you  
get," was much fun.

The next meeting will be at  
the home of Mrs. West Mintz.

## No Increased Gas Ration Seen For Eastern Section

Hardpressed motorists of the  
county of Brunswick and the re-  
mainder of the eastern seaboard  
have little reason to hope for  
relief from the current rest-  
rictions on gasoline and fuel oil.

Economic Director James F.  
Byrnes conferred yesterday  
with officials concerned with the  
fuel oil and gasoline problem  
and reported afterward that he  
still saw "no hope of any in-  
creased allotment."

Byrnes said the situation de-  
manded "the most stringent  
economy by every user of such  
products, and that while steps  
have been taken to improve con-  
ditions, other steps still were  
required. Railroad representa-  
tives will confer with officials  
in Washington next Tuesday in  
connection with the problem.

## Rationing Board Busy Adjusting Fuel Rations

Persons With Complaints Are Urged To Mail Them In;  
Motorists Should Have Their Tires Inspected  
Immediately

Members of the Brunswick  
County War Price and Ration  
Board have been swamped this  
week with appeals from kero-  
sene and fuel oil allotments, and  
adjustments are being made  
wherever it is discovered that a  
mistake has been made.

Consumers are urged, however,  
to write in about their troubles  
and not to make an unnecessary  
trip to Southport. Their appeal  
will receive the same considera-  
tion, and the entire program of  
clearing up any inequalities will  
be made easier in this way.

Tire inspectors are now on duty  
in every community in Brunswick  
county, with the exception of Sup-  
ply, and all passenger car owners  
must have their first inspection  
made immediately. A fee of 25-  
cents will be charged for this in-  
spection.

The fact that the inspector  
makes a notation for a new of  
recapped tire on an inspection  
blank does not constitute an ap-  
plication. A separate form must  
be filled out for this. Even then,  
the application will be filled only  
when there is sufficient quota to  
take care of this order. There has  
been some relaxation in tire  
quotas, particularly with the in-

## Christmas Programs In Churches Of Southport

Section Base To  
Get Cigaretts

Local listeners to "Thanks  
To The Yanks" radio program  
over nation-wide hook-up Sat-  
urday night were electrified by  
the announcement that the  
"duffle-bag" for the night would  
go to the boys at the Section  
Base of the Naval Inshore Pat-  
rol, Southport.

The program features Bob  
Hawk, who propounds questions  
of varying degree of difficulty  
and pays of winners with either  
one thousand, two thousand or  
three thousand cigarettes, these  
to be sent to some designated  
member of Uncle Sam's armed  
service. A miss, and the cigar-  
etts tried for go into the "duf-  
fle bag", which, at the end of  
the program is consigned to  
some camp of base.

As a result of Saturday  
night's generosity the men at  
the Section Base will have 15-  
000 of a popular brand of cigar-  
etts free.

## Mrs. Woodard Dies At Supply

Funeral Services For Wo-  
man Who Died In Duke  
Hospital Saturday Night  
Are Held Tuesday Morn-  
ing

husband, Private Leroy Wise, of  
the U. S. Army; an infant son;  
her parents, Mr. and Mrs. L. S.  
Carroll, Delco, and three sisters,  
Miss Sarah Lee Carroll, Dorothy  
E. Carroll, and Martha Carroll,  
all of Delco.

## Farm Security Families Are Growing Food

Statistics From Office Of  
FSA Supervisor Reveal  
That Important Increase  
Has Been Made In Food  
Production

SURPLUS FOOD TO  
FEED SOLDIERS

Development Also Reflected  
In Improvement In  
Machinery Being Used  
On FSA Farms In  
Brunswick

Farm Security Administration  
families of Brunswick county are  
contributing their part in the food  
for freedom program, and a re-  
cent survey of food production  
this year of FSA families shows  
that they have substantially in-  
creased the production of essen-  
tial foods. The production this  
year is sufficient to adequately  
feed their families and supply an  
enormous amount of food to sol-  
diers. In addition to food produced  
to meet the need of the family,  
on an average, each family pro-  
duced sufficient eggs per family  
to feed at least five soldiers, suf-  
ficient pork to feed at least 3  
soldiers, and sufficient poultry to  
feed at least two soldiers, and suf-  
ficient increase in truck crops to  
feed at least two soldiers.

This survey showed that the 76  
FSA families in Brunswick super-  
visor for Brunswick county have  
increased their food production  
this year over their first entrance  
on the FSA program as follows:

Dairy cattle, including all ages,  
have been increased from 22, be-  
fore entrance on the program, to  
95 cattle in 1942. This is an in-  
crease of 431% in cattle. There  
were 65 of the dairy cattle pro-  
ducing milk this year. They pro-  
duced more than 25,500 gallons of  
milk.

There has been an increase in  
hogs, all ages, from 52 head per  
year to 836 this year. There has  
also been a very noticeable rise  
in weights at slaughtering time.  
More of the hogs killed for home  
use and sold on the market reach  
the desirable market weight of  
200-225.

Layers have been increased from  
a pre-FSA program year of 1216  
to a flock of 2940 for 1942. Of  
the 23,520 dozen eggs produced  
this year, 11,650 dozen were  
consumed by the families and the  
remainder, 11,870 dozen, were  
used to feed our soldiers.

Prior to entrance on the pro-  
gram these families canned 6,384  
qts. of food. This year they can-  
ned 20,140 quarts of food. The in-  
crease could not have been real-  
ized without the 48 steam pres-  
sure cookers, all of which have  
been purchased since entrance on  
the FSA program.

There has been six tractors,  
discs, grain drills and combine  
community and cooperative ser-  
vices organized by groups of farm-  
ers in Brunswick County within  
the last eighteen months. This has  
encouraged community cooperation  
to plant small grains that they  
could not otherwise.

This is a picture of what a  
group of farm families can do.  
Their goals have been set for  
1943. They are higher than for  
this year and it is hoped that the  
goals will be exceeded.

Small farm families, upon an  
average, can increase their food  
production 25% or even double it  
with his own labor and equipment  
with some agricultural assistance  
and some additional finance, than  
the large farmer who does not  
have the land and labor to expand.  
As a united people we must get  
the maximum food production to  
prevent a food shortage.

## Colored Youth Fatally Hurt

Dunk Spicy Dies Of Wounds  
Received During Fight  
Christmas Night With  
Stoopy Grissett

Bunk Spicy, Shallotte colored  
youth, was killed Christmas night  
during an altercation with Stoopy  
Grissett, death resulting from  
knife wounds reported to have  
been inflicted by Grissett.

According to Grissett's account  
of the fight, he was engaged in  
a scuffle with Spicy and fell on  
top of him. He declared that he  
did not have a knife, and that he  
did not know the other boy had  
been hurt until he was advised  
later that Spicy had died.

Other witnesses of the affray  
say that Grissett held an open  
knife in his hand, and that he  
plunged it into the best of the  
dead youth.

Final plans for the inquest  
have not been perfected, but it  
probably will be held tonight  
(Wednesday) at Shallotte.
