

It's Turkey And Trimin's For Boys

Army Plans To Give Its Men Even Better Than They Were Used To At Home

It's going to be turkey with trimmin's on Thanksgiving Day, November 25, for the soldiers at Army posts and camps in the southeastern states — and there'll be no skimpy helpings.

Prepared menus, released today at Headquarters, Fourth Service Command, show that there'll be 100 pounds of turkey for every 100 men — and a pound of turkey is not a lunchroom sandwich slice of meat in any language.

Neither will the boys be exactly starved at breakfast one this holiday. For the morning meal — just to whet their appetites for the "big feed" at noon they'll have: Oranges, dry cereal, fresh milk, hot cakes, bacon, toast, butter, sirup and coffee.

And the mess sergeants are going to feed them in the evening just like they hadn't had a belt-busin' meal at noon — and it won't be turkey hash. That'll come later. For supper they'll have: Cold cuts, sliced cheese, potato cakes, left over vegetables, bread, butter, peanut butter, cocoa.

Place Pea Seed Orders This Week

Dry weather resulted in many Brunswick farmers getting behind in ordering and sowing their Austrian Winter Peas.

The county AAA office at Supply states that orders for the pea seed for planting cannot be accepted after this week. There are plenty of the seed available and farmers who are eligible to receive a supply are urged to put in their orders this week.

How To Address Merchant Seamen

Because letters from home are as big a factor in maintaining morale of merchant ship crews as they are with soldiers, blue-jackets, and marines, the War Shipping Administration has relaxed regulations to speed movement of mail. A seaman in a foreign port may advise his family and friends how to address mail to him by including the name of his ship in the letters enclosed in envelopes, but not on outside envelopes. To address a seaman, this form should be used: first line, seaman's name; second, name of his ship; third, "Care of Postmaster"; and fourth, New York, New Orleans, or San Francisco, according to the coast from which the addressee sails. Return address should appear in upper left corner, and name of steamship line in lower left corner.

Here's the menu for that Thanksgiving Dinner, traditional event in the Army:

- Fruit cup
- Roast turkey with dressing and gravy
- cranberry sauce
- Mashed potatoes buttered peas
- Corn Tomato and lettuce
- Crisp celery Assorted pickles
- Hot rolls Butter
- Pumpkin Pie
- Apples, Grapes, Candies, Nuts
- Coffee

IF THROAT IS SORE

IF A COLD has given you a miserable sore throat, here's how to relieve the suffering.

DO THIS NOW—Melt a small lump of VapoRub on your tongue and feel the comforting medication slowly trickle down your throat—bathing the irritated membranes—bringing blessed relief where you want it, when you want it.

DO THIS TONIGHT—Rub throat, chest with VapoRub. Its long continued poultice-and-vapor action loosens phlegm, relieves irritation, eases coughing, invites restful sleep.

Way Suggested To Collect Paper

The Collection Of Paper In The Salvage Campaign Should Bring Schools More Money Than They Obtained In Scrap Iron Drive, Says Chairman

Attorney E. J. Prevatte is now in Florida and will be absent from the county until December 5th. He is receiving treatment for an ulcerated stomach.

He is chairman of the salvage committee for Brunswick county and before his departure to suggest a way in which the schools of Brunswick might help in the salvage of paper. The salvage people are paying 50 cents per hundred pounds for paper. This, however, is on delivery in Wilmington. Mr. Prevatte suggested that the schools collect this paper in the same manner in which scrap iron was collected last year.

He said that if the paper was assembled at the school houses in sufficient quantities to load trucks a way would be provided to get it to Wilmington and the schools would be paid the full price there on their grounds.

When Thanksgiving comes it will be the occasion for a great outpouring of hospitality to service men and women. With victory now in prospect, millions of Americans plan to give thanks this year in the traditional way, and to make the day happier by exerting every effort to see that homes are thrown open to the men and women who are far from their own hearths, and are likely to be still further. The Army and Navy see to it that their men and women are particularly well fed on Thanksgiving; however, the local USO is planning an extra dessert of pumpkin pie and coffee for the service people who frequent the USO Club on Thanksgiving Day.

Mrs. Marshall Now Working In Norfolk

Mrs. Ida Marshall, who served as hostess in the local U. S. O. for two years, has accepted a position in Norfolk, Va., as superintendent of a resident hotel and school for working girls. Approximately 40 young women live in this home, working during the day and receiving business instruction in the evenings.

BRUNSWICK MAN CHIEF CHAPLAIN IN AUSTRALIA

Louisville in 1918 to join the Army but returned after the war to continue his studies and act as a student pastor near West Point, Ky. In 1920 he was recalled to the Army, and has been a chaplain since. Colonel Bennett saw service in Maryland, Texas, Virginia, and Georgia, and when the Army was being expanded in 1940, he was assigned to Fort Meyer, Va., as post chaplain to head the editorial committee on the new hymnal and song book required for the rapidly growing armed forces.

Mrs. Bennett and their youngest son live at Raleigh, N. C. Their eldest son is an ensign in the Navy, and the third is a cadet at West Point.

R. GREGG CHERRY ARMISTICE DAY SPEAKER AT USO

"We are paying for that mistake today. Surely we won't make it again."
"Our boys are now giving their lives gloriously that their country may be victorious in its present conflict. Back here at home it is our duty to back them up whether it be in our personal work or our public service or with the money we have in the bank. The boys must have a steady stream of supplies reaching them as they are needed. It is our duty to see that we do not fail them."

MADE BIG CROP SWEET POTATOES

Frequently during the fall this paper had reports of there being a fine potato crop in both acreage and yield. The county agent this week substantiated these reports. He is especially pleased with the yield, saying that it is especially large.

Friday T. T. Ward, of Longwood, had more than 800 bushels of potatoes in baskets scattered over one of his fields, waiting to be gathered up and put away that night. This was the result of just one day's digging. It is not known just how many acres Mr. Ward had planted in potatoes but he has been digging and selling on the Wilmington market for several weeks and at last reports he had not finished gathering his crop.

U. S. O. PLANS FOR BIG THANKSGIVING

The square dance was held on Thursday this past week after the American Legion Banquet and address by R. Gregg Cherry; however, it is scheduled for Friday of this week with the fine music of the Section Base Four.

When Thanksgiving comes it will be the occasion for a great outpouring of hospitality to service men and women. With victory now in prospect, millions of Americans plan to give thanks this year in the traditional way, and to make the day happier by exerting every effort to see that homes are thrown open to the men and women who are far from their own hearths, and are likely to be still further. The Army and Navy see to it that their men and women are particularly well fed on Thanksgiving; however, the local USO is planning an extra dessert of pumpkin pie and coffee for the service people who frequent the USO Club on Thanksgiving Day.

USED PASTURE FOR A LANDING FIELD

til his death in action early in October. The trip here was to visit Mrs. Kinsler and the eleven year old son of Colonel Kinsler. The two families having been very close friends at Fort Benning, he had volunteered to come up and assist Mrs. Kinsler in getting the affairs of her husband in order.

MRS. O. P. HOLDEN DIES AT SUPPLY

Phelps, Austin Phelps, Ralph Phelps and Robert Phelps, honorary pallbearers will include Dr. J. W. Hayes, Lucian Phelps, J. J. Hewlett, J. W. Sellers, F. L. Gore and Manley Bennett.

Lorrie Choble, speeding, called and defendant failed to appear, case continued.

Two or three other cases were also continued for various reasons.

LITTLE WORK AT MEETING OF BOARD

Rogers property, in Town Creek

PLANE CRASHES PILOT IS KILLED

His machine, however, failed to right itself. It dived, bottom up, to the point of the island and exploded when it struck. The eyewitnesses state that the machine did not roll, it apparently was set for a dive and continued on the way it was set, with no one operating the controls.

Coast Guard from the local station hurried to the scene of the crash and recovered remains of the officer. It was announced yesterday from the Wilmington Army Air Base that an investigation is underway to learn the cause of the crash.

ALL RESTRICTIONS ARE NOT REMOVED

all restrictions have been removed from the beaches. Only the dim-out restrictions have been removed, and no changes have been made in restrictions applicable to coastal Restricted Zone established under the authority of Public Proclamation No. 2, Headquarters, Eastern Defense Command and First Army dated 7 September, 1942. No persons are allowed on the beaches between sunset and sunrise, and the use of camera, field glasses, and signaling devices in restricted zones is still prohibited.

The Commanding General, Fourth Service Command states that all concerned are hereby cautioned that the dim-out regulations are suspended only. A resumption of the program may be ordered at any time, and, therefore, permanent installations for the control of lighting should not be altered so as to prevent prompt return to present dim-out requirements.

STOP HERE FOR YOUR FEEDS.

L. C. BABSON Service Station Kingstown Road FREELAND, N. C.

NOVEMBER IS MAILING MONTH

Postal officials pointed out that the volume of mail now is far above any previous records, that railway cars by the hundreds have been diverted to war service and that the air lines have only about half as many planes as they once operated.

More than two hundred thousand extra temporary employees normally are employed to help with the holiday postal rush. This year, the extra employees will be largely women and high school boys and girls who are unable to work the long hours usually required and whose work will be relatively slow.

To deliver the Christmas mails on time, therefore, it is necessary that mailings be spread out over a longer period so that available transportation equipment and postal personnel can be used during more weeks. It will be utterly impossible to make the deliveries by Christmas if mailers wait until the last three weeks before the holiday, as in normal years.

LIEUTENANT LEWIS HOME ON LEAVE

He states he does not know whether he will be returned to sea, or assigned to the transport of bomber pilots here at home when his ten days leave is up. Pointing out that he is just back from a still very active period of war, he has nothing to say what is going on out there, what he has been through.

Postmaster General Walker observed that his warning is not to do; it is only an advance indication of what will happen in mail late. He feels that the public is entitled to the facts that when they know them, they will decide to MAIL IN NOVEMBER.

War reaches for the Telephone -

IN PEACETIME, the more Long Distance calls you make, the better we get it. But today our ambition is to get all essential calls through fast.

Yet the war has choked the wires with messages so that often we have busy circuits.

When that happens, it will help if you will cancel your call altogether, if it isn't really important.

If you can't do that, the operator will say, "Please limit your call to 5 minutes."
