

### Wildlife Club Starts Off Well

#### Nineteen Members Joined Last Night, Permanent Organization To Be Made January 29th

The Brunswick County Wildlife club got off to more than a flying start at a meeting at the court house last night. Nineteen members signed up and the indications point to there being more than twice that number when the

organization meeting is held on Tuesday night, January 29th. From various parts of the county a considerable number of citizens interested in birds and wildlife have stated their intention of joining the club. Most of these could not be present last night, owing to sickness, the damp foggy weather and bad roads. Since the organization is to cover the whole county the matter of electing officers was left until the late January meeting.

To serve, until this organization meeting, L. T. Yaskell was appointed Chairman and W. B. Keziah Secretary-treasurer. In

addition to these two the following others joined, J. D. Erickson, John Fullwood, C. W. Osborne, Dick Brendell, Robert St. George, E. J. Prevatte, Robert Marlow, Ed Marlow, Joe Spencer, W. E. Bell, J. D. Hutchens, Malcolm Frink, Daught Tripp, K. N. Sprunt, Miss Hilda Muller, W. M. Wells, R. L. Jones.

Ross O. Stevens of Raleigh, executive secretary of the North Carolina wildlife federation found a very receptive audience when he spoke on wildlife preceding the forming of the organization. In the less than a year since the State Organization was formed at Greensboro nearly a hundred county wildlife clubs have sprung up throughout the State and are thriving. A club starting with 40 members was organized in New Hanover county Monday night and the Columbus County club is being organized tonight. The State Federation will hold its annual meeting at Greensboro this month and about seven hundred delegates are expected to attend.

#### HONORABLE DISCHARGED

Willis C. Sellers, son of Mr. and Mrs. W. C. Sellers, of Freeland, has received an honorable

discharge from the Navy after serving 26 months. The last 19 months he was in the Pacific, serving on the destroyer escort U. S. S. Carbesier. He is now at home with his wife and son at Freeland.

#### HOME ON LEAVE

Lt. Addison Jenrette of the Infantry and just home from overseas, is spending a 45 days leave with his parents, Mr. and Mrs. John Jenrette in Waccamaw township.

#### LANDSCAPIST AT ORTON

Robert Sturtevant, widely known private landscapist of Groton, Conn., and Nashville, Tenn., is spending this week at Orton and Greenfield Park in Wilmington. Mr. Sturtevant has been retained by Orton in an advisory capacity for ten or twelve years.

#### ON WAY HOME

Sgt. William T. Hill, of Leland, is on his way home. He left Yokohama, Japan, on December 21 and was scheduled to arrive at Seattle, Washington, on the 4th of this month. He was aboard the U. S. S. President Adams.

#### RETURNING HOME

Quartermaster James P. Mintz is expected to return to his home at Freeland just as soon as shipping space becomes available from Pearl Harbor, where he has been doing his last hitch in the Navy.

Ground pork should be frozen as soon as possible after slaughter since the longer the meat is held, the more quickly it oxidizes and the fat turns rancid in frozen storage.

Wash or clean clothes before storing them away, because spots and stains are likely to become set on long standing and be difficult or impossible to remove later.

## BRUNSWICK COUNTY COURT CALENDAR For January Term, 1946

WEDNESDAY, JANUARY 23rd, 1946—2:30 P. M.

# Don't Cheer Too Soon About The End of Tire Rationing

No rationing certificates are needed to secure new tires. However, the public is warned that tires are still scarce and the demand cannot be met for several months. Tire conservation is still necessary—those little precautions that mean more miles—safer miles—and less expense.

## Don't Ask For More Tires Than You Need

In order that the supply shall benefit as many as possible, all tire dealers are charged with the responsibility of giving out tires to those who are most urgently in need of them. We will not play favorites and to make our task lighter we trust that you will be reasonable in your tire demands.

— AND IN ORDER THAT MORE PEOPLE MAY DRIVE—

## Turn In Your Old Tire

It may be repaired or recapped and furnish satisfactory mileage at low cost to some other motorist. Only in this way can we maintain transportation. There has been a severe shortage of good tire casings and by turning in your old tire you will help materially in relieving a very bad situation.

WE ARE OFFERING OUR SERVICES, AS WE HAVE DURING THE EMERGENCY, SO YOU MAY CONTINUE TO DRIVE SAFELY.
