

New Teacherage Helps Shallotte

Low-Cost Housing Facilities For Faculty Members At Shallotte Have Proved Boon During Current School Year

Although it is not yet completed the teacherage at the Shallotte school has been a boon to more than two-thirds of the faculty this year, and with the low salary that is paid teachers the \$7.00 per month that is charged teachers for rooms means a very welcome saving.

Out of a faculty of 32 teach-

ers, twenty teachers and Principal and Mrs. H. C. Stone all have rooms or apartments at the teacherage. Others not living at the teacherage are residents of the immediate community and have no need to pay board and room.

The first payment of \$2,800 on the bonds through which construction of the teacherage was made possible was paid promptly, and there is a clear outlook for easily making other payments as they become due.

The Shallotte school with its enrollment of approximately 1100 is supposed to have a total teaching force of 33. This year, unable to secure an agriculture teacher, they had to get along with only the 32. Mr. Stone said this week that with the changing

Young Man Is Held For Theft

Theodore Babson Caught With Stolen Car While Under Bond For Appearance In Court To Answer Similar Charge

Out of jail under a three hundred dollar bond in an automobile stealing case for which he will be tried at the next term of Superior court, Theodore Babson, young Waccamaw township white man, is in jail again for his appearance at the next term of Superior court on the charge of stealing another automobile.

On January 19th young Babson was arrested by Policeman W. D. Evans, allegedly having in his possession an automobile he had stolen from Bryant Babson. Asking a jury trial, his case was automatically sent up to Superior court under the \$300.000 bond, which he managed to give.

Last Saturday night Babson was again arrested for stealing an automobile. This time he was charged with stealing a machine belonging to Floyd Evans, and was in possession of the Evans car when arrested, according to Deputy Sheriff Odell Blanton, who hailed him into court.

His present status is that he is out of jail under a \$300.00 bond on one larceny charge, and is in jail for want of a \$300.00 bondsmen in another automobile stealing case.

times they should have little or no trouble in getting the needed agriculture teacher for next session.

Incidentally, with the rapid development that is taking place in the Shallotte school area, there is a prospect for a steady increase in enrollment at the Shallotte school. This is one place where additional teachers will be needed year by year, to take care of the increasing enrollment.

Appropriation Is Made For County

Rivers And Harbors Appropriation Covers Improvements In Cape Fear From Wilmington To Bar; Also Some Work At Lockwoods Folly

Among river and harbor projects receiving promise of aid by the House Appropriations committee in Washington last week, Lockwoods Folly river received a tentative appropriation of \$5,000. This is for maintenance from the highway bridge at Supply to the mouth of the river on the inland waterway.

Residents of Lockwoods Folly and Smithville townships, have been hoping for a larger sum than the above. The river is important for the shipping of pulpwood, fishing and as a storm haven. The sum tentatively promised will hardly permit of any extensive improvement.

Various other projects also received approval, among these being \$185,000, for maintenance of the Cape Fear river between Wilmington and the bar at Southport.
