

LIGHT FROST SATURDAY

Light frosts fell in portions of Brunswick county Saturday morning. No reports have been received of serious damage to growing crops.

PROMINENT MAN DIES IN COUNTY

(Continued from page 1)

He resided with his son and daughter-in-law, Mr. and Mrs. Lacy Bennett. Surviving in addition to these is another son, Harry Bennett, and a daughter, Mrs. Olivia Bellamy of Wampee, S. C. Three grandchildren and

one great grandchild also survive.

Funeral services were held at the residence Thursday afternoon at 3 o'clock, with Rev. Tom Johnson, of Bolivia, in charge. Burial followed in the cemetery at Beulah Baptist church.

The active pall bearers were Bryan Bennett, Manson Long, Manley Bennett, Otis Bellamy, A. B. Bennett and Roscoe Bellamy.

LOCAL CITIZENS FOOLED BY STORY

Smith tore up the papers he was

carrying. He was arrested and Chief Hickman pieced together the torn papers and discovered that they bore the names of around 150 Shallotte and Southport people who had contributed from 50-cents to \$3.00 each. These donations were made on Smith's representation that he had just lost his home and everything by fire. According to the papers he had collected about \$150.00 in a one day's work of preying upon public sympathy. It was shown at the trial that he had not been the victim of fire any time recently.

Other cases heard during the day were as follows:

Harry Alan Johnson, improper lights, judgment suspended on payment of costs.

Roland Ganey, trespass, continued.

William McMillan, assault, six months on roads, judgment suspended on payment of a fine of \$125.00 and costs.

William Mintz, assault, continued.

Andrew Gray, drunk on highway, judgment suspended on payment of costs.

Marlin T. Baker, operating motor vehicle without registration, judgment suspended upon payment of costs, costs remitted.

Last Minute Developments Add Interest To Primary

(Continued from page One)

out opposition in the General Election in November. W. A. Kopp, who was given a unanimous convention vote for this nomination on the Republican ticket, failed to file.

The race for coroner is according to schedule, with John G. Caison opposed by W. E. Bell for the Democratic nomination; and Odell Blanton opposed by O. R. Mooney for the Republican nomination; and Odell Blanton opposed by O. R. Mooney for the Republican nomination.

Three men filed for member of the board of education on the Democrat ticket. They are John Stone, H. D. Williams and L. H. Reynolds. The Republicans had two men file for this office. They are Jack Potter and Blaine Skipper.

The following men filed for township offices: In Northwest both F. W. Wooten and C. L. Lynch filed for Democratic nomination as township constable. In Smithville township Archie R. Johnson and Richmond Fulwood both failed for constable, while A. W. Smith filed for magistrate, all on the Democratic ticket. In town Creek E. T. Walton, Democrat, and J. H. Coleman, Republican filed for constable. In Shallotte township U. H. Grainger and Martin Herring both filed for the Democratic nomination for constable.

SOUTHPORT WINS OVER TABOR CITY

(Continued From Page One)

The management urges that a large crowd turn out for this home game, as it is only through spectator interest that a winning team can be developed.

and Hugh Sprunt, of Wilmington, serving as models. Scenes were made in Southport at the old pump in Franklin Park, of Whittier's Park and some water front scenes with boats. The Venus fly-trap, native to this section and found nowhere else in the world, also came in for photographing.

Accompanying the party was Bill Sharpe, director of the North Carolina State News Bureau, and E. Carl Sink, who is also with the bureau. It was planned at first to have the picture making program include Long Beach, Lockwood's Folly River, Holden's Beach and Shallotte Point. Owing to the party being on a set schedule and with Saturday lost on account of the weather, there was no time for the down the inland waterway pictures.

Mr. Sharpe stated he was trying to get another nationally known picture magazine to do a canoe and camping trip down the Cape Fear from Fayetteville to Southport. Whether this plan goes through or not the State photographer should be here some time in the near future and W. B. Keziah, who usually assists in the program for such events, is set on showing the next camera party down country as far as Shallotte Point.

Discuss Possibilities For Shipping Shrimp By Air

(Continued from page One)

local seafood producers and see what they think of occasionally using this air service. For several years now the local man has firmly believed that the day was coming for the shipping of shrimp

and other seafoods by air. In fact, he thinks it will be the ultimate need for such shipping that will be a strong point in the argument for an air field here. Any immediate plans for shipping shrimp by air will necessitate the use of trucks for the short haul from Southport to the Wilmington airfield.

**— For —
COUNTY COMMISSIONER**

The time for filing has past, and now the candidates have settled down to their race for the nomination.

I want my friends to remember that I am seeking the Democratic nomination for member of the Board of County Commissioners. I will appreciate your vote and support.

PETER ROBINSON

NOTICE TO DOG OWNERS

Rabies Inspectors in all parts of the county have asked me to urge dog owners to cooperate with them by bringing their dogs for treatment as soon as possible. Most of the men filling these jobs have other things to do, and they cannot go from house to house on a dog round-up. They have their medicine now available, and it must be kept cool. Please do your part to make this program 100 percent successful. If you have not already done so, please have your dog inoculated this week.

**Now...no wheat used
in beer or ale**

*And wheat alone can solve the
problem of feeding the world's hungry*

Actually wheat has never been a large item in the brewing process—only $\frac{8}{10,000}$ of the entire U. S. wheat crop was used in 1945:

In accordance with United States Government policy, the brewing industry has used no wheat whatever since March 1, 1946.

OTHER MATERIALS CUT 30%

The other grains used have been reduced by 30%—that is, to 70% of the 1945 amount.

Wheat alone can solve the problem of feeding the hungry. The grains to which the industry is now restricted, are of a variety and grade not normally consumed by the people of the world as food.

LESS BEER AND ALE

Altogether, the brewing industry is using 30%

less materials than in 1945. This results in a proportionately lower production. But since the current demand for beer and ale is about 25% greater than a year ago, the real shortage is nearer 50%.

Consequently, your dealer will not be able to supply you with all the beer and ale you would like. We know you will understand the reason for this.

Your attention is earnestly directed to the recommendations of President Truman's Famine Emergency Committee, which are summarized in the box below.

This statement tells in clear, simple terms what each of us individually can do to help during the emergency.

What the President's Famine Emergency Committee asks us all to do

1. Save and share wheat and fat products . . . Go light on all foods that take wheat, fats and oils—save breads, macaroni, cakes, cookies, pastries and deep-fried foods. Use drippings for pan-frying. Save salad oil—use boiled dressings.
2. Buy and serve more plentiful foods . . . Balance diets with the more plentiful foods, such as potatoes, fresh fruits and vegetables.
3. Waste NO food . . . Dress up today's leftovers for tomorrow. Make every crust count with melba toast, crumb-toppings, bread puddings and stuffings. Take no more than you can eat. Clean your plate. Turn in unusable fat salvage promptly.
