Bird Club Meets During Week-End

Two-Score Members Of The North Carolina Bird Club Visited Points Of Interest In Brunswick Saturday

Forty or more members of the North Carolina Bird Club spent Saturday at Orton, Southport and Bald Head Island. Most of the party was composed of ladies with a few men and a fair sprinkling of boys. They reported a most interesting time, despite one or two minor incidents.

At Orton one of the ladies fell into the pond and suffered a wetting. Part of the party was taken to the island from South-

port through the courtesy of the Coast Guard. Twenty-seven others went on a private boat, which ran aground and marooned them for two hours until the tide came in and floated the craft. Returning from the island, the rudder of the boat went wrong and it sprung a leak. It was beached in three-feet of water and the men folks aboard and some of the ladies waded ashore. Others were brought in on a skiff.

Water Available For Ice-Making

Fine Flow From New Well At Shallotte Ice Plant Has Started Citizens Hoping Again For Own Waterworks

The Heater Well Company, of Raleigh, which has been boring a six-inch well at the plant of the Shallotte Ice Company, struck a surprising heavy flow of clear and pure water at a depth of 284-feet last week.

No actual test of the flow has been made, but the well company estimated the flow over the top of the piping at 100-gallons per minute with the water remarkably clear and free from impurities. The clearness of the water is causing a lot of Shallotte residents to look with longing to the time when they may have a waterworks system.

The ice plant is now about finished and D. D. Bruton, Chadbourn man who owns and will operate it, states that he will be making ice by the first of June, provided there is no unexpected delay in getting some parts of the machinery. Most of the machinery has already arrived. Mr. Bruton will move to Shallotte in the near future.

Extension Made In Draft Rule

Selective Training And Service Act Is Extended; Only Childless Men Between Twenty and Thirty To Be Called

The Congress has passed and the President has approved legislation extending the selective training and service act as amended to July 1, 1946, and including provisions prohibiting the induction of father and restricting induction to registrants twenty to thirty years of age, inclusive.

Pursuant to the provisions of the above amendment local boards will not issue an order to report for induction or preinduction physical examination or forward for induction or for preinduction physical examination or forward for work of national importance any registrant who has not yet reached his twentieth birthday.

The liability of persons eighteen to sixty-five to present themselves for registration remains unchanged. Registrants eligible for deferment under existing selective service regulations, including registrants twenty-six years of age and over and fathers of any age, shall continue to be deferred. Calls will be filled with men classified in a class available for service in the age group twenty through twenty-five.

Local boards are directed to forward for preinduction physical examination all registrants aged 26 through 29 who are non-fathers and who the local board believes may qualify for military service under existing physical requirements and current occupational deferment policies, except registrants classified in C class I-G and Class I-C discharged.

Registrants forwarded under the above directions may be forwarded for preinduction physical examination without changing their present classifications. If after preinduction physical examinations they are found qualified for military service, their cases shall be reopened and reconsidered. Eighteen years old still register on their 18th birthday.

David Ross

Chairman Brunswick County Board of Elections.

CANDIDATE FOR HOUSE OF REPRESENTATIVES

I have done the best I could to travel about the county and to meet as many people as possible since I announced my candidacy for the Democratic Nomination for Member of the House of Representatives, but I know that there are a lot of you folks who still don't know me.

Well, I'm just a plain country boy who is seeking the honor of representing his home county in the North Carolina Legislature. I haven't had any previous political experience, and I am under no obligations to any group nor faction.

If you will nominate and elect me, I promise to go to Raleigh and make an honest, conscientious effort to make you a good Representative.

EDWARD H. REDWINE
Democratic Candidate For Representative

VOTE FOR W. S. (BILLY) BRITT for CONGRESS

Your present Congressman has been in office nearly Eighteen years. THAT'S A LONG TIME.

He has received over one hundred and seventy - five thousand dollars as salary.

He has received over one hundred and twelve thousand dollars for office expense.

That is a lot of money, but not enough for Mr. Clark.

On June 7th, 1945, he voted for and helped to pass a bill allowing himself an additional three thousand dollars per year as personal expense, free and exempt from all taxes, this, in addition to his \$10,000.00 salary and \$9,500.00 office expense per year.

HOW MUCH EXEMPTION DO YOU GET?

Mr. Clark has done much for himself, but what has he done for you and the Seventh Congressional District?

IT'S TIME TO CHANGE
