

Demonstration Club Notes

Editor's Note: As a part of National Home Demonstration Club week, a number of club members throughout the county wrote to Miss Alene McLamb, home agent, giving their impressions of the good being accomplished through this organization. We saw these communications, and were impressed with the enthusiasm and sincerity of the club members. One letter this week will be published in the Pilot for the next several weeks.

BY MRS. W. A. KOPP

During National Home Demonstration Week May 5-12 the theme was "Today's Home Builds Tomorrow's World." That is just what Home Demonstration work is doing. Through its Extension Service at State College it is training the rural women to become better and more efficient home makers, to become better citizens, to develop a higher plane of living, to become more health-conscious and to become better leaders, not to mention the other phrases of its work.

Rural women want just as high a plane of education as well as all other advantages for their children as do urban women. I believe Home Demonstration work is a channel through which we can accomplish such a goal. To me, one of the most outstanding results of home demonstration work in our county is

THE AMERICAN LEGION AUXILIARY...

the fine leadership that our women are showing. Through the local clubs, county council, and district meeting our women are given an opportunity to become leaders.

Through the combined efforts of our Home Demonstration Agent and club women, I hope to see an increase in our membership and number of clubs. For truly, I know of no other organization that will mean more to rural women than Home Demonstration work. There is a direct challenge to each club member not to be satisfied to be a club member herself but to interest her friends and neighbors and pass on to them the good therein receiving from her club work. I would like to see every rural woman in Brunswick county take the advantages of our Home Demonstration work and have their share in building a stronger and healthier nation.

FOR COMMISSIONER

PETER ROBINSON

This is my last opportunity to appeal to you before the Primary Election for your vote and support.

I wish I could have seen each one of you in person so I could talk with you and try to convince you that I am one of the men you want on your **BOARD OF COUNTY COMMISSIONERS**. But Brunswick county is a large place, and it has not been possible for me to see you face to face.

I have had my picture made and have been running it in the paper so all of you can see what kind of man you are voting for. If you want to know more about me and about my record as a good citizen and a good businessman, I hope you will take the time to ask some of my friends about me.

In closing, let me tell you, that if you will help to nominate and elect me I will always be ready to help you with any matters of business that you may have before the Board of Commissioners. If I should be one of the men who lose out in this race you will find me satisfied to abide by the decision of the voters.

Do what you feel like you can for me Saturday, and I will always be grateful to you.
