

TOBACCO GROWERS Be Sure To Vote VOTE FRIDAY

JULY 12th

This advertisement is sponsored and paid for by the following business firms who join the majority of business firms in this area in desiring to see tobacco farmers give full expression to their wish concerning Tobacco Acreage Quotas. These and most business firms give their support to the quota system—and sincerely hope tobacco farmers will see fit to vote to continue quotas on tobacco acreage.

QUOTAS....

Marketing quotas will be continued on the 1947 flue-cured tobacco crop provided growers approve quotas in a referendum to be held Friday, July 12, 1946.

DO YOU?

You have an important decision to make. Do you want marketing quotas continued on flue-cured tobacco beginning with the 1947 crop? Quotas will affect you as a producer and it's up to you to vote for one of three questions:

1. Do you favor quotas for three years beginning with 1947?
2. Do you oppose quotas for three years but favor the quota for one year?
3. Do you oppose any quota?

If quotas are approved by growers, farm acreage allotments will be continued at a level designed to keep production in proper balance with demand. There will be acreage allotments in 1947 only if quotas are approved. This is a matter for growers themselves to decide.

YOUR DECISION WILL BE EXPRESSED BY YOUR BALLOT!!
