

"Our County Has Everything"

"Yep - Good People, Good Farms, Good Climate, Good Timber, In Fact, Just About Everything You Need For Good Living"

Brunswick is a well-balanced county. There are thousands of acres of rich land from which her farmers produce a wide variety of crops. Then there are additional thousands of acres where long-leaf pines flourish, developing one of the most valuable resources of this area. Nature's final gift to this section is a wonderful year-round climate.

Citizens of Brunswick county have a variety of interests, ranging all the way from industrial development in Northwest township to fishing along the coast. In every community you will find modern, up-to-date business firms whose services are designed to bring the people the advantages of being able to trade with their home merchants.

You Can't Find Better Firms With Whom to do Business
