

MAKE WAY FOR PROGRESS

THE NATION IS GOING

REPUBLICAN

... AND BRUNSWICK COUNTY IS READY TO LEAD THE WAY!!

In the county, in the State and in the Nation, There is a strong trend toward a return to safe, sane government. The American people are tired of living in an "emergency" status, they want to get back to the normal way of life. They are turning to the political party which has always stood for the kind of government they are seeking.

The people are tired of being told what they must do, how they must do it, what they can sell, what they can buy, how much they can pay, etc. We are a free-thinking and independent people, and we cherish our right to regulate our own affairs, whether they be of County, State or National scope.
