DESIRABLE REAL ESTATE

AT GAUSE LANDING-IN

Brunswick County

—7 miles from Shallotte, N. C., near Intra-Coastal Waterway, I have a group of 35-lots that are well shaded 3-5c with liveoaks and hiskory trees and plenty of shrubbery which includes the noted Yeopon and Holly. These are large lots ranging from 65 to 75 ft. front by 160 to 215 ft. deep. Ideal place for building homes in a new development. It is well elevated and known as Gause Landing Heights. All avenues and alleys recently opened. State highway runs through property and to landing. This with liveoaks overhanging the road with Spanish Moss, has been a scene where many a tourist has tarried to get a picture for a memory back home. From the landing to Hale Beach is approximately three-quarters of a mile.

I have also adjoining the lots on opposite side of highway, a nice 8-room house equipped with electric lights and a water system and nice bath to be installed

Of the 20-acres more or less, this house is on a tract which has about 2-acres.

I would sell all property or any one portion at a reasonable price. It would be ideal for a quick development, as quite a bit is already going on here and prospects are good, but I am too far advanced in years to undertake a new development myself. Therefore, I am offering this opportunity to someone who is interested in developing and selling or buying for individual homes.

This section is becoming famous for deer, turkey and duck hunting; also sport fishing such as surf casting for red and black drum and sheephead, and inside fishing for speckled trout, flounders and spots.

If Interested Write or see me at
