wick county has introduced House Bill 317 which has been referred to your committee. This bill would attempt to exempt Brunswick County from a state-wide law in General Statutes 113-179 to 113-185, inclusive, which provides for the leasing of oyster beds by the state to individuals. Said law, if enacted, would attempt to deprive citizens of Brunswick county of their oyster beds which they have leased from the State and on which they have spent considerable time and money.
