

# The B-Hive

By Betty Lou Jacobs

Well, Folks, there are only 13 more days of school this year!

In spite of the cold weather, Thursday afternoon saw the eight grade enjoying a picnic at Holden Beach. It seems as though the students tried to out do old man cold weather by going in swimming anyway. From the way they talked it was pretty cold coming back on the truck, but everyone did have a good time.

The freshman class was honored at a party given by their grade-father, Mr. A. D. Willetts, on Friday night of last week.

Say, Juniors, what was all that fuss we were hearing from your class Thursday afternoon? From what we can make out they were planning a beach party and they couldn't quite make up their minds about the beach they wanted to visit. As usual the class

was divided into two groups. The girls wanted to go to one beach and the boys wanted to go to another. But nothing has been made definite yet, so we'll let you know more next week about it.

Say, you Seniors of Bolivia high school, we didn't know you could do it. We're talking about the fine job you did on your class play at our school and also at Waccamaw and Southport. It was really worth seeing. Congratulations.

Don't faint, but Louise Gray and Currie Shaw have a great scare for you these days. It any of you readers would like to see a sight just go to the science room of Bolivia high school and have a look. There you will find Louise's and Currie's face hanging on the wall. Now don't get the wrong idea, because its just a plaster copy of their faces that Mr. Page fixed, just experimenting.

Next Tuesday will be a big night for the freshmen class class. Mr. and Mrs. Page are planning

## Landing Strip Being Tested

**Field At Holden Beach Has Planes Using Its Facilities Regularly Now; Service To Be Offered**

The landing strip constructed by Luther Holden and his sons at Holden Beach last fall and sown in grass has turned out to be a good one, according to pilots who have recently dropped down on it. E. D. Bishop of Shallotte made the first landing after the strip was opened on April 25th.

Talmadge Sellers of Shallotte has also used the strip several times and says it is a good field. He may place his plane there during the summer and use it for passenger hops. The Holden's expect to handle gas, etc., in the immediate future.

They also plan to have a breakfast club flight to the strip in the near future. This will bring in a number of planes and pilots from various parts of the state.

and that the boat will soon be ready for service.

Southport's new fire truck received its first call to duty when the Plaxco was brought in. Aided by other pumps, the fire truck soon cleared the hold and engine room of the Plaxco of water. The truck pumps at the rate of 500-gallons per minute when going full force.

to give them a party at the teacherage.

Someone ought to ask Mr. and Mrs. Talmadge Page how they won the new syrup pitche at the P. T. A. meeting last Tuesday night.

The Bolivia Bears have been very busy for about two weeks playing baseball. They defeated the Shallotte Pirates by a score of 15 to 5. The Bolivia boys showed the fans some very good playing. Shallotte was good, too, but Bolivia out-played them.

Their next game was with Southport at the port city diamond. This time they were up against competition and on the short end by a score of 17 to 8.

The Bears tangled last with Shallotte and were against a tighter team than before. The Bears won by a small margin of

12 to 11. The Bears had a very good lead but errors broke their defense and Shallotte took the break.

Bolivia team has two or three more games to play this season. The next is scheduled for May 19 at home. Come on out and give them your support.

### Contractor Sees More New Homes

Raymond Bellamy Says That Much Building Has Been Completed On Holden Beach With More To Come

According to Raymond Bellamy builders supply man at Shallotte, eighteen new homes have been constructed at Holden Beach this year and plans are now under-

way for quite a number of others. Mr. Bellamy thinks that the summer will see a substantial building program at Holden Beach.

About the same number of homes have been constructed at Long Beach, according to Jimmy Woltz, contractor and builder and resident of the beach. Mr. Woltz says that things are now beginning to get real lively in the building line at Long Beach. The outlook is for a big year in building and with everything usable being kept filled up with residents.

Caswell Beach, always moving more slowly, but not lacking in substantial development has built three or four fine homes during the spring. This beach adjoining Fort Caswell is due to take on greatly increased importance when and if anything is done relative to Fort Caswell.

### NUMEROUS CASES

## NOTICE OF SPECIAL BOND ELECTION

SATURDAY, MAY 21, LAST DAY TO REGISTER

To Be Held On June 4, 1949, On The Issuance Of Two Hundred Million Dollars State Secondary Road Bonds, And Twenty-Five Million Dollars State School Plant Construction And Repair Bonds.

The people of Brunswick county will take notice that Governor Scott has called a special election to be held on June 4th, 1949, on the two propositions of whether the State of North Carolina shall issue two hundred million dollars in bonds for paving and repairing secondary roads in the state, and the issuance of twenty-five million dollars to be used by the counties for school plant construction and repairs. Under instructions from the State Board of Elections the registration books for this special election will open on Saturday, May 7th, at 9:00 o'clock, and remain open until sunset on Saturday, May 21st. The various registrars in the county will be at their polling places for registering voters on the three Saturdays of May 7th, May 14th and May 21st.

This is not a special registration, therefore all persons who are now registered on the general election registration books will not have to register again for this special election. If you are not now registered in the general election registration book in your residence precinct, you will have to register to vote in this special road and school bond election. If you are not certain you are properly registered now, you had better check with your precinct registrar on one of the three Saturdays mentioned above.

*F. Guy C. McLeathan*  
Chairman Brunswick County Board Of Elections.
