Birth Party

On Saturday, Mrs. Minnie Wingate who has just returned from St. Louis, Mo., was entertained with a birthday party at Pigott's oyster roast at Gause Landing. The celebration was enjoyed by several members of her family.

Those included were her husband, R. W. Wingate, Mr. and Mrs. Archie Evans, E. F. Gore, Mrs. Roma Pigott and daughter all of Southport; B. M. 1c and Mrs. F. J. Williams of Norfolk and B. M. 2c and Mrs. Carl Bailey and family of Charleston. The party was enjoyed by all, and those present want to thank Mr. and Mrs. Pigott who own the oyster roast for making it possible.

(Mr. Robinson's classes) the tests have been coming fast and furious.

The dance Saturday night was the center of interest for the younger set. Billy Doshier, we think, is partly responsible for this. Of course, when we see our friends there we want to join the fun. Janice Swan, Jackie Marsh, Rebecca McRackan, Karen Swan, Harriet Corlette, Mary Ann Loughlin, Janice Trunnell, Stuart Arrington, Bill Granmer, Billy San-

ders, Joby Young, Bill Smith, Coopie Burris, Robin Hood and many others were there. For those who do not go, you don't know what you're missing.

Friday afternoon at Shallotte, our football team was defeated by the score of 13 to 12. Southport did a fine job except at the

last when they must have gotten excited. We must say that the teams put up a good fight, and at the last Shallotte turned up on top. Congratulations.

Woman's Club
Southport Woman's Club first meeting of the fall afternoon with S. B. Southport attorney, giving on practical legal problems "Women's Legal Rights North Carolina Laws." The meeting was arranged by Mrs. Lewis of the citizenship department.

Next meeting will be held October 19 at the home of J. J. Hardee. Each member is to prepare a "party" These will be judged and will be awarded.

New York housewife gives her report:

Throat Specialists report 30-Day Test of CAMEL smokers...

NOT ONE SINGLE CASE OF THROAT IRRITATION DUE TO SMOKING CAMELS!

These were the findings of noted throat specialists in a test of hundreds of men and women who smoked Camels for 30 consecutive days. The throats of all smokers in the test were examined every week—a total of 2,470 examinations.

Test! Test! Test! Is there no end to them? This has been the cry of the student body the whole week. With next week ending the first six-weeks period and reports going out, everything has been trying to make their last weeks the best and make the whole period grades higher by passing the six weeks test.

Rumors are flying: We are hoping to have plenty of water at the school in the next few days. There has been trouble with the water system at the school for years now and we are hoping to help this condition.

All the rooms from the primary to the high school are looking very attractive. Four of these rooms are Mrs. Katie Whites, Miss Galloway's, Miss Hewett's and Mrs. Stone's. Although they are small, the first grades really keep their rooms looking clean.

Although it was raining Friday afternoon the football between Shallotte and Southport brought out many spirited fans. Shallotte kicked off to Southport and the ball was bought back to Southport's own 30-yard line. Southport kept rushing down the field until the first big thrill for the Southport eleven. After the visitors made their first touchdown the game from then on was the most exciting of the season. At the half Southport was leading 12 to 0. During the second half the Shallotte Pirates really fought and changed the score. At the end of the game the score was 13 to 12 in favor of Shallotte.

The lunch room workers hurrying to finish so they could see the football game... The Block "S" club making plans for the year's work... Mark Gray eating candy in typing... The Juniors reading a letter from Vivian McKithan, a former student...

High Times

By: Lib, Jan, Toog and Glo

Games, dances, tests and gossip took up our time this week. We are sure that the teen-ages around here had an enjoyable week and we want to tell you all about it.

School takes up most of our time as it does every place. We have had a tough time studying for and having tests. In general science, biology and chemistry
