ENTRIES COMING

(Continued from page one)
Outboard Motor Club is constructing dock facilities. All outboard motr clubs and outlying disttricts, including the Wilmingon club, have been notified, and they are indicating their full cooperation. Contestants are registering from the two states.

President Edgeworth cautions the owners of all boats to be entered for the race to have their boats and motors "in tip top shape" for the marathon.

Cash prizes and trophies will be awarded the winners in the different classifications.

The total distance to be covered by the race is approximately 60 miles. The fueling stations are Gause Landing, Little River and Briarcliffe, the distance between each station being approximately 20 miles. The contestants may carry all or part of their fuel if they desire.

JOHN G. KERNER, Owner ---- WHITEVILLE, N. C.

New, Easy Way to Farm

The new Eagle Hitch on the 1950 Case "VAC" tractor takes hold of the new latchon implements and picks them up-fast and easy. Without getting off the seat you just latch on, slip in a pin, and go! You get to the field quicker, finish sooner. Work is done better because the Eagle Hitch keeps implements working at a steady depth in spite of

hard spots and uneven ground. Come in and see it! Try the new low-pressure hydraulic implement control. You'll like the way it works with both latch-on and front-mounted implements. This isn't push-button farming but it's the nearest thing to it. And you'll be amazed at the eager power wrapped up in this low-cost 2-plow tractor.
