

### SOIL CONSERVATION NOTES

**H. F. KIZER**  
Soil Conservation Service  
J. O. (Orin) Smith, a cooper-  
ator with the Lower Cape Fear  
Soil Conservation District, has a  
large farm on Highway 130 about  
seven miles east of Supply. This  
farm is now cash leased to the  
Stanley Brothers. On this farm  
there are two fields of four and  
six acres respectively, separated

position. He readily agreed to it  
and bought the necessary tile and  
they installed it under the direc-  
tion of Soil Conservation Service  
technicians assigned to the dis-  
trict.

"We are now working across  
the old ditch," said one of the  
brothers, "and it is one of the  
driest and most fertile spots in  
the field, and we are saving time  
and gasoline every trip we make  
by eliminating one-half of the  
turning around."

A 1200 foot lateral off of Canal  
5 on the Rice Gwynn, Jr., farm  
at Longwood, has been completed.  
This lateral was added to drain  
another 20 acres that Mr. Gwynn  
has just cleared. The canal was  
surveyed and planned by tech-  
nicians assigned to the Lower  
Cape Fear Soil Conservation Dis-  
trict.

### Attention Automobile & Truck Owners

### CANDIDATE FOR SHERIFF

I have been making trips to various parts of the  
county and find in all sections feeling of confidence and  
full support of my friends in the Primary Election. I  
assure you that this is greatly appreciated and I hope to  
see many more of you in the near future.

### Regulations Of GI Bill Loans

**Brunswick County Veterans  
Service Officer Tells Of  
Regulations Covering  
Loans Of Various Kinds**

"A veteran who served at any  
time between September 16, 1940,  
and July 25, 1947, and was dis-  
charged under conditions other  
than dishonorable after at least  
90 days active service (or for  
service-incurred disability in less  
than 90 days may qualify for a  
GI loan," says C. L. Rourk, Vete-  
rans Service Officer for Brun-  
swick County.

Three types of loans are avail-  
able: (1) to purchase, construct  
or improve a home; (2) to buy  
a farm, farm land, stock and seed,  
farm machinery and other farm  
supplies and equipment; and (3)  
to buy a business or otherwise to  
enable a veteran to undertake or  
expand a legitimate business ven-  
ture.

Under certain conditions, loans  
may be obtained to liquidate del-  
inquent indebtedness incurred in  
connection with these three cate-  
gories.

The Veterans Administration  
does lend money to the veteran.  
He makes his own arrangements  
for the loan through the usual  
financing channels. The Veterans  
Administration then guarantees  
the lender against loss up to 50  
percent of the loan, with a  
maximum guarantee of \$4,000 on  
real estate and \$2,000 on non-

real estate loans.  
The Veterans Administration  
also pays the lender, for credit  
to the veteran's loan account, a  
sum equal to 4 percent of the  
guaranteed portion of the loan.  
This is a gift to the veteran and  
not a loan.

Farm realty loans may be made  
repayable in up to 40 years;  
other realty loans, in up to 25  
years, and non-realty loans, in up  
to 10 years. The interest rate nor-  
mally may not exceed 4 percent  
a year on the unpaid balance.

Veterans have until July 25,  
1957, in which to apply for GI  
loans.

For other veteran's affairs con-  
tact the County Veteran's Service  
Officer.

**NARROW ESCAPE**  
Captain Leon McKeithan of the  
Dallas Piggot trawler Dorothy  
and Lelia was struck on the fore-  
head and knocked cold Monday  
by a flapping chain on a net  
towing cable. His crew called it a  
day and brought him and the boat  
to port. Two stitches were re-

quired to sew up a cut on his  
forehead and an additional one on  
his nose. Except for soreness and  
bandages, he was in his usual  
shape next day.

The average length of life in  
the United States now is 67  
years.

# To The Voters OF Brunswick County

Having heretofore announced my candi-  
dacy for State Senator from the 10th Senatorial  
District, subject to the will of the voters in the  
Democratic Primary to be held May 27, 1950,  
and if I am nominated and elected I hereby  
pledge myself:

1. To advocate that the State of North Carolina, by proper resolutions and laws, go on record to encourage and help the Federal Government construct a spill-way somewhere near the North Carolina - South Carolina line and thereby drain the Waccamaw River Overflows, which will mean the reclamation of many thousands of acres of land for farming and timber purposes.
2. To advocate and work for complete understanding and harmony between the towns and cities in Brunswick County, and the rural sections.
3. To secure a part of the seven - million dollar appropriation made by the last General Assembly for port development to be used for the development of docking facilities and the deepening of inlets and channels in Brunswick County. The last General Assembly did not provide for Brunswick County to receive one cent of said funds.
4. To work for the construction of telephone lines and the installation of telephones in all of the homes in Brunswick County.
5. To work for the equalization of old age pensions so that a person living in Brunswick County will receive as much as a person living in a richer county. At the present time those receiving old-age pension checks in Brunswick County receive less than the amount received by those living in more prosperous counties.
6. To work with the State Administration to help Brunswick County receive its fair and proportionate share of the Two Hundred Million Dollar Road Fund and the Fifty Million Dollar School Fund so that Brunswick County will have roads and schools second to none.
7. To work to continue and complete an adequate investigation and survey of the fishing and shrimping grounds off the coast of Brunswick County and North Carolina.
8. To work to provide transportation for all school children regardless of distance, and thereby repeal the present laws which require many school children to walk to school through mud, rain, water and snow, while empty school buses pass them by.
9. To work and do all in my power to see that the veterans of all wars receive all benefits which are provided for them by the laws of the State of North Carolina and the United States, and to vote for and support any legislation that is favorable to veterans.
10. To name to the Brunswick County Board of Education those members who receive the endorsement of their fellow citizens through the medium of the preferential vote; and where there is no contest to name to the Board of Education those candidates who have filed for their respective school district and are unopposed.

The foregoing are a few of the things which I hope to be able to do for Brunswick County, but there are many more matters which will come before the General Assembly which I can and will do all in my power to help accomplish.

If you want the foregoing matters and things for Brunswick County, please contact your friends and get them to contact their friends and see that I am nominated and elected by a large majority.
