## High Times

By CAROL STANLEY and JEANNINE KINCAIDE

First, we'd like to say how very proud we are of our football team and we think they have represented our school very well this season.

Some of the students have been hoping for a "merit" system to balance the "de-merit" system which we now have. We think this would be a very good idea.

We're sorry to see those people that are not heeding the warnings they receive and thus have obtained many demerits. We trust that as time goes by they will settle down.

The annual staff is knee-deep in work these days, selling ads. We urge all of the businesses in and around town to buy these ads. You have your choice of many sizes. We think this is a good gesture on the part of the businessmen as well as good advertising.

We have noticed how quietly most of the grammar grades conduct themselves when it is necessary to pass through the corridors? Let's hope the high school will take a hint from the younger folks and return the courtesy they have shown. How about it?

We hate to keep repeating ourselves, but again we find it necessary to urge the students to please refrain from walking across the lawn out in front of the school building. The ladies in the Garden Club have worked very hard trying to get this grass to grow and we want to help them all we can. We know that sometimes it is hard to remember, but let's keep it in mind.

For those who have been asking, we've just been informed that basketball practice will not begin until November 12. There have been quite a few of the more eager players trying to rush in the season a little. We're wondering about the prospects of a good team.
