

# The Farming Guide

(By A. S. KNOWLES, County Agent)

## GASOLINE TAX REFUND

Under the provisions of Public Law No. 466, approved April 2, 1956, farmers are relieved of the burden of Federal taxes on the gasoline and special fuels used on their farms for farming purposes. The relief in the case of the gasoline tax is accomplished by providing annual refunds payable by the Federal Government directly to the farmers. The first claims to be filed will be with respect to gasoline purchased after December 31, 1955, and used on a farm for farming purposes before July 1, 1956. These claims must be filed on or before September 30, 1956. Subsequent claims will cover the fiscal year period July 1 to June 30. Forms for filing tax refund can be obtained at County Agent's Office, band and farm supply dealers.

## GOOD FOOD BUYS

Outstanding buy on the vegetable list is cabbage. Over-lapping of the early spring and late spring crops plus increased yields are contributing to the heavy cabbage supplies. Both low and high quality cabbage are being sold. Check carefully before buying. Newcomers to the fresh vegetable counter are white butter beans, white corn, new crop of mustard and turnip greens, spinach, bunched turnips and collards.

Abundant supplies of high quality beef will continue for several weeks. As the warm weather arrives, homemakers will be planning quick indoor and outdoor meals. Many of them will be choosing the tender steaks, T-bone, Porterhouse, Sirloin and Club. The increased demand for these cuts will result in higher prices. Less demanded cuts such as chuck, plate beef and short ribs will be lower in price in order to move these items. Steadily advancing pork prices have leveled off. Smoked cuts are better buys than fresh pork.

## Receive Report On Spring Water

Director Of State Laboratory Of Hygiene Reports Water From Allen Creek Springs Good For Domestic Use

In a letter, accompanied by an analysis of the water from the Allen Creek spring, Dr. John H. Hamilton, Director of the State Laboratory of Hygiene, pointed out that from the sample submitted the water was satisfactory for most domestic purposes.

It was pointed out, however, that it might not be suitable for some forms of manufacturing processes. No amplification was given as to why it might not be suitable for some forms of manufacturing purposes.

In fact the analysis was apparently made entirely from a health standpoint. It is understood that the State Laboratory of Hygiene does not concern itself with the analysis of water for industrial purposes.

So far, there has been no report when Dr. Jasper Stucky, director of the Bureau of Mineral Resources

## Auction Sale Is Slated Saturday

With plans for the opening up of a new Southport residential area, the Albertson Auction Company of Winston-Salem and High Point, will conduct an auction sale of residential property here Saturday afternoon at 2 o'clock.

Resources and State Geologist and a federal geologist will arrive here to examine the water. A recent communication stated they would be here early this month.

The property is the old CCC camp site, later used as a baseball ground. Cut up into residential lots, it is bisected by a paved road, has city water lines, telephone and power lines.

# Superior Court Judge

OF THE

# 13th Judicial District

What Others Have Said:

BLADEN JOURNAL—Judge Mallard has brought dignity and respect to the court."

WHITEVILLE NEWS REPORTER—"He is an able and untiring civic leader and church layman. Young enough in years to do the job according to the laws of the land. Yet, old enough in experience to temper justice with mercy. He is praised by laymen and the legal fraternity alike."

COLUMBUS COUNTY NEWS—"A residence Judgeship is not given to a man because he is a 'nice guy'. He must possess many qualities of leadership, sound judgment, a sense of justice tempered with reason. These, Raymond Mallard has, as well as others equally as commendable."

## 14th Judicial Dist. Bar Association:

BE IT RESOLVED by the members of the 14th Judicial Bar Association that Judge Mallard in presiding over the Courts of this District has exemplified and demonstrated the finest Judicial attainments. By virtue of his previous practical experience as an outstanding lawyer, he not only is thoroughly conversant with court procedure but possesses a broad and comprehensive knowledge of the law, which qualities are a paramount prerequisite for any aspirant for judicial preferment.

He has by his bearing and magnetism, his unflagging industry and energy, his sincerity and forthrightness, his fine legal perception, evoked our genuine respect and admiration. He possesses in marked degree that unique combination of qualities which makes the law a vigorous, wholesome, just and equitable way of life.

The State, this Judicial District, and the people in his community are deeply fortunate in having made available to them a man with the splendid qualifications and talents of Judge Mallard.
