

### Many Visitors At Beach Reports

All of the beaches in Brunswick are attracting a great number of early visitors this year, especially on the week end. Adding to the year-round residents, rental homes are in strong demand for a week or longer and many reservations are being made for later in the summer and even for fall months.

This is encouraging for property owners and is stimulating construction. With no unoccupied residences since the spring of last year, Yaupon Beach is feeling the need of additional residences. With phones, roads, etc., they take everything there for the year-round.

### Our District Deserves Able Representation

We have a great district. It is a district composed of nearly a half million of the finest people on earth. It is time that our great district received the type of able leadership and representation which it deserves in the nation's capitol. Alton Lennon is the man who will give us that kind of leadership and representation.

Being Congressman is a full-time job. A Congressman is paid for 12 months service and Al Lennon believes a Congressman should serve the people 12 months out of the year. He's a young, aggressive, energetic, hard-working fellow. You have seen how hard he campaigns—and he'll work just as hard for you in Washington. You can count on that.

When Alton Lennon goes to Congress you'll have a Real Representative. And you won't need an appointment to see him, either. His door will be open at all times to every citizen of the district.

And you'll see him often after he's elected—not just during a campaign. When elected, he plans to spend time in each county in the district between sessions of Congress to hear your problems and to discuss the needs of your community with you.
