FOR COUNTY COMMISSIONER

During the course of this campaign I have traveled about Brunswick County and have seen as many people as possible. I will be working all the rest of this week, and will call on as many as possible in person. If I fail to see you, let me assure you that it is because Brunswick is a big county, and it takes a long time to get around. I want you to know that I will appreciate your vote and support.

Congressman Is Friday Visitor

Congressman F. Ertel Carlyle Visits Sunny Point Army Terminal In Which He Has Long Been Interested

Congressman F. Ertel Carlyle, with a deep interest in Sunny Point, visited the installation again Friday for a couple of hours. He was the guest of Col. William A. McAleer at the Sunny Point Cafeteria for lunch and afterwards Col. McAleer carried him on a tour of the installation. The interest and help given by Congressman Carlyle during the days of construction of Sunny Point was recognized last fall at the dedication of the facilities. He was selected as the speaker of the day for that occasion.

During the Friday trip to the installation the Congressman commented that on his first trip to the location in company with a local newsman in 1951, there was nothing but woods and barren fields. In pictures made at the time and widely distributed, the Congressman was shown pointing

out to his companion approximately where the docks would be. Friday he laughed as he commented that the dock has appeared just where he pointed, (No 1 Dock) but two others he had failed to reckon with now stretch out for two miles up the river.

In Southport Congressman Carlyle discussed with friends plans on which he, Senator W. Kerr Scott, Senator Sam J. Ervin and Governor Luther Hodges are all actively working relative to past storm damage and additional plans to safeguard in the future.

Two Motorcades Visit Brunswick

A Robeson County motorcade for Congressman F. Ertel Carlyle swept through Brunswick county Tuesday. No publicity had preceded the event but the 75 or 80 ardent boosters of the Congressman were very much pleased at the interest they found in Carlyle, according to statements made while in Southport.

Another motorcade, formed by supporters of Candidate Alton Lennon from Wilmington was scheduled for several stops in Brunswick county this morning.

Good Results From Ball Show

Reports From Friday Night Performance In Southport Indicates Good Interest And Profitable Results

Coming to Southport to put on a benefit for the Southport Junior Patrol, Jerry Ball and Archie Thornhill of the Esso Standard Oil Company were greeted by an audience that completely filled the auditorium Friday night.

As usual when he comes to this area, Jerry's handling of the piano, the "Musiquiz", talent show and awarding of prizes all contributed to a splendid evening of entertainment, set off by Thornhill's performance as master of ceremonies.

The entertainment was under the sponsorship of the Safety Patrol of the school. The ticket sales netted over \$130, all of which will go to equip the patrol members.

Training School Band In Concert

Music Concert Held Friday At The Brunswick County Training School Featuring The Band

The Brunswick County Training School band, under S. S. Riggs, combined with the Glee Club on Friday will give a concert at the school. This proved a fitting climax to a year of activities and brought credit both to the students and their instructor. In the evening the band appeared at the Southport high school with music as a prelude to the Jerry Ball

program. Recently the band appeared at the State Band Festival at the A. & T. College in Greensboro. There it received a rating of excellent in completion with 24 other B Division bands.

The highlights of the annual concert on Friday was the presentation of selections from Carouse and a cornet solo by Eddie McCracken, with band accompaniment.

The drum major for the year has been Ralph Harrison Parker, son of Mr. and Mrs. Raphael Parker. From spectators of the various events he has earned much praise for his excellent work in leading the band.

With a lot of talented boys and girls coming up, Director Riggs is anticipating having a
