NOTICE OF SPECIAL ELECTION

TUESDAY

October 27, 1959

Governor Luther H. Hodges has called a special Statewide bond election to be held on October 27, on nine questions of whether the State of North Carolina shall issue bonds for capital improvements for State institutions and agencies and State aid to community colleges and for local hospital construction.

Under instructions from the State Board of Elections the registration books for this SPECIAL ELECTION—

Will Open On Saturday, October 3rd

At the polling places, and be open 'til sunset SATURDAY, OCTOBER 17. The various registrars in the county will be at their polling places for registering voters on the three Saturdays of OCTOBER 3-10-17.

This is not a special registration, therefore, all persons who are now registered on the general election registration books will not have to register again to vote in this special election. Eligible citizens who are not registered on the general election books in their resident precinct will have to register to vote in this Special Bond Election.

BRUNSWICK COUNTY ELECTION BOARD
Elrich Hickman, Chairman

Co-operation...

Rural Electrification is a brilliant example of neighbors working with neighbors toward the common good... co-operation!

Soon, our country will reach 200 million population. The food market is rapidly increasing and the farmer's consumption of electric power can easily double in a few years...

Rural Electric Systems stand ready to meet the challenge of the future. They have saved hours and lives on the farms... saved farms for America's needs... and they return to their banker, the REA, every dollar loaned — with interest!...

PUT IN A MODERN SEPTIC TANK SYSTEM!

Here's the ideal pipe for your septic tank disposal field—tough, strong, non-metallic ORANGEBURG Perforated Pipe. Two rows of scientifically-designed perforations assure uniform seepage. Long 8-foot lengths maintain grade alignment. Unique snap couplings keep pipe in line, keep out backfill—no extra joint covering needed. You'll save money, too, because modern ORANGEBURG Perforated Pipe is easier and quicker to install.

For the house to septic tank connection and other tight-joint lines we recommend ORANGEBURG Root-Proof Pipe with Taperweld Joints.

To find out how you will save with an ORANGEBURG Pipe installation phone, write or come in.
