questions will be sought in an American Cancer Society study planned to involve more than 1,000,000 Americans. It is the first such large scale family prospective study ever undertaken, Dr. John R. Kernode said, and will take six years to complete. The project known as the Cancer Prevention Study will require the assistance of 1,000 trained volunteers in this state and throughout the nation, about 70,000 American Cancer Society volunteers will participate. "If we were not able to use American Cancer Society volunteers for this study," Dr. Kernode said, "it would cost nationwide as much as \$40,000,000 to accomplish a project as vast as this." The study, which is under the direction of Dr. E. Cuyler Hammond, American Cancer Society

Director of Statistical Research, information to be obtained is designed to test many theories about the cause of cancer as well as to clarify certain known facts about the disease. According to Dr. Hammond, the

"I own this farm, and a part of my Rural Electric System!" Millions of Americans can say just that! . . . and, as Member-Owners of the Rural Electric Systems which serve them, they can look forward to the future with confidence that the electricity which they fought so hard to get will continue to provide them with ever higher standards of living and production, and freedom from the economic and political domination of monopoly. Rural Electrification has created a market of over \$1 billion a year in new equipment and services . . . has brought a way of life never believed possible for rural areas . . . the "area-coverage" principle brings service to even the most remote consumers . . . and, if unhindered, Rural Electrification will brighten the lives of generations to come!

Union School News By KATIE HEWETT & NATHANIEL BELLAMY The local chapters of the N. H. A. and N. F. A. sponsored three trips to the State Fair last week. Approximately 150 students along with 5 faculty members took advantage of these trips. Everyone agreed that this was the best fair they had ever attended in spite of the bad weather. The N. H. A. members, under the sponsorship of Miss Grissett, realized enough profit from the trips to make the initial payment on a new refrigerator. We will have to hand it to those girls, they really get things done. The initiation for the new members of the N. H. A. club ended Friday, along with a party. Initiation for the N. F. A. began Monday. The seniors are busy making plans for their annual trip to A. & T. College, Greensboro on October 24th. They will witness a football game between the A. & T. Aggies and Winston-Salem Teachers several scientific exhibits. er College, band concert, and Everyone breathed a sigh of relief last week-end. The reason was obvious—six week examinations were over. For the past two weeks everyone could be seen trying to finish notebooks or cramming really paid off, as evidenced by the honor roll for the first six weeks listed below: Mrs. I. E. Hankins, 12th grade; Patricia Grissett, Helen Gore, Laverta Gore, Gladys Johnson, Velma Stanley, Flossie Vereen, Windell Hewett. Miss E. B. Marlow, 11th grade; Burla Bryant, Natalene Gore, Carol Hewett, Mildred Hewett, Naomia Hewett, Vivian Hewett, Doris Johnson, Lizzie Johnson, Ester Mitchell, Jerolene Shaw, Martha Stanley.

HERE'S WHAT MAKES the CORVAIR REVOLUTIONARY AIR COOLED Revolutionary Rear Engine works small miracles with mileage. It's the world's first production 6 with the ultra-smooth power of horizontally opposed pistons. Unpack Power Team Engine, transmission and drive gears are neatly wrapped in one lightweight package. Takes less space, leaves you more. Practically FLAT FLOOR Corvair is America's only compact car with a virtually flat floor that gives you full 6-passenger comfort. For extra space, folding rear seat converts easily to make room for 17.6 cu. ft. of cargo. TRUNK'S UP FRONT Lots of luggage space under the hood, where it's convenient for groceries, packages. NEARLY 3 FEET SHORTER Corvair's almost 5 inches lower, 1,300 pounds lighter, too. Its compact size makes it a joy to jockey through traffic, a pleasure to park. No need for power assists. 4-Wheel Independent Suspension Springs at each wheel cushion bumps independently of each other for a ride that rivals much costlier cars. and the most practical thing of all is Corvair's LOW PRICE! see it drive it Corvair BY CHEVROLET the happiest driving compact car AND THE HAPPIEST DRIVING COMPACT CAR you ever drove!
