

Southport Men Visit Raleigh

A party of Southport Jaycees, headed by President Kirby Sullivan and including Mayor Eddie Hahn, Roger Ward and Ronnie Hood, journeyed to Raleigh Thursday to help in the promotion of Southport industry.

The local group spent the entire day in the Capital city, making calls at the offices of the N. C. Division of Industrial Education; on M. C. Henderson, Jr., assistant director of N. C. Prison enterprises; on William R. Henderson, head of the Commerce and Industry Development Dept., and wound up at the executive office and a talk with Gov. Terry Sanford.

Primary purpose of the trip was to gather suggestions and advice on the format for an industrial brochure. According to Sullivan, the trip was well worth while.

Sullivan said that we picked up some excellent pointers from

the state experts. Actually, we had a rough drafting of our folder already prepared. We were informed that the brochure needed to be condensed somewhat and, above all, that it should be illustrated.

This last suggestion led to the Prison Enterprises office, where the local Jaycees were assured their folder would be printed at Central Prison's print shop. President Sullivan stated that "every official we contacted at Raleigh was most cooperative."

Sullivan added that the state's chief executive compared Hawaii with Southport, or maybe it was vice versa, when Sanford recalled being "somewhere on that enchanted string of islands which make up the 50th state, with a town at his head and the ocean at his feet, and, turning to Mrs. Sanford, remarked: 'Honey, doesn't this remind you of Southport?'"

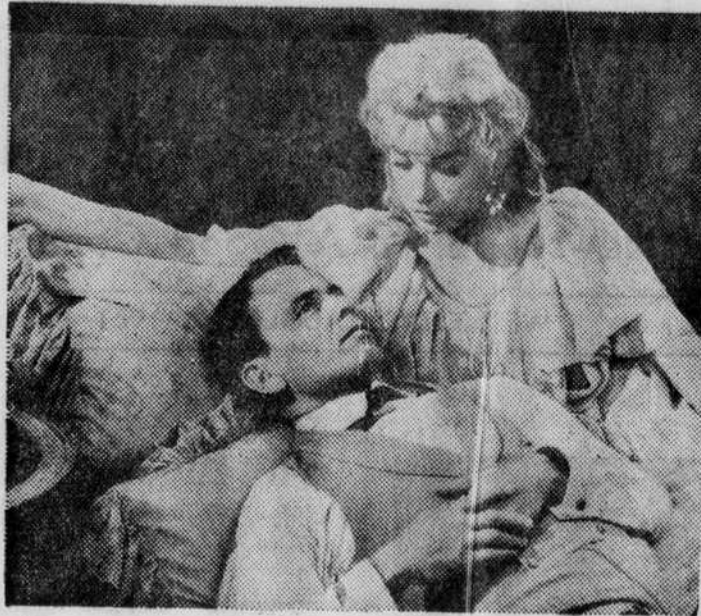

The investment in agriculture amounts to \$199,300,300.00. This is 3/4 the value of current assets of all corporations in the United States.

Two Supervisors Made Available

The Brunswick County School system has been allotted an additional supervisor for the 1961-1962 School year, according to Superintendent John G. Long. This will bring the total allotment of supervisors for the County School System up to two.

During the past few years Brunswick County has been allotted only one supervisor, who supervised all elementary schools in the county. This position has been filled during the past three years by Mrs. Mary Caldwell, who resigned in May to join her husband who is stationed in Panama. Mrs. Caldwell will teach in Panama during the next school year.

Both these supervisory positions in Brunswick County should be filled within a few days, according to Superintendent Long.

Third Generation— At The Picture Show

By BILL FURPLESS

Everyone seemed to enjoy "Gor-go", one of the top pictures early this year. A picture similar to this is "Godzilla". This picture takes place in Japan, starring Raymond Burr, better known as Perry Mason on TV similar to a dragon, fire comes from the monsters mouth.

Producer Albert Zugsmith has made another successful picture, "The Private Lives of Adam and Eve". It stars Mickey Rooney, Mamie Van Doren and Paul Anka, who sings several songs. This is supposed to be very funny. If Zugsmith did as good on this as his others it's bound to be pretty good. He made "Dondi", "High School Confidential" and "College Confidential". This is a very unusual picture and should be enjoyable.

Robert Louis Stevenson's "Dr. Jekyll and Mr. Hyde" is on the second again, now as "House of Fright". It is in color and filmed by the same company who made "Frankenstein" and "Dracula". In a few weeks another Hammer film will be playing around. That is "The Curse of the Werewolf", which will play as a double feature with the "The Shadow of the Cat". Be sure and watch for Steve Reeves' new picture "The Thief of Baghdad".

Racing is a popular sport now. "Speedway" is a movie filled with racing thrills and action.

Church To Lend Extra Classroom

Members of the official board of Trinity Methodist Church in Southport voted Sunday morning to grant permission to Southport school authorities for the use of the old parsonage in which to hold a class this fall.

This was done in order to make it possible for the Southport school to take advantage of the offer for one additional high school teacher this fall. It also was done with the stipulation that construction begin on new classrooms at the local high school within 60 days from the date that school opens.

Church officials explained that this was done in order that use of the building should not serve as an excuse for further delay in construction of needed space. The object was to help the local school qualify for the extra teacher help and to afford teaching space while construction is in progress.

Funeral Monday For Mark Fargusson

Word was received here Sunday of the death at Camp Butler of Mark Fargusson, whose age was officially listed as 96. There are many local residents who knew him for years who are of the opinion that he was more than 100 years of age at the time of his death.

Fargusson had been a patient at the hospital at Camp Butler for the past 10 years, but for a half-century prior to that time he was a well-known figure in this community. His chief came from the fact that he was a civil engineer, and as such was responsible for many of the surveying records on which property rights

in Southport are based. His funeral services were at the graveside at Oakdale Cemetery in Wilmington Monday afternoon.

Movie Bill For Next Two Programs

The schedule of free movies for the boys and girls of Southport and vicinity continues this week with "The Growler Story" and a sports reel as the Friday bill.

"The Growler Story" is the tale of heroic action on the part of personnel aboard a U. S. submarine during wartime conditions. Next Wednesday the story of the Marine Corps in action will be the feature attraction in "Semper Fidelis". Actual battle scenes will be shown. Also in this bill will be a sports short.

The free movies are shown each Wednesday and Friday afternoons at the Amuzu, sponsored by the employees of Sunny Point Army Terminal and for the recreation and entertainment of boys and girls in this community.

MRS. W. A. MINTZ of Freeland has declared herself "champion woman snake killer" after she slew the above diamond back rattler with a garden hoe last week. She called the snake "the worst looking sight I've ever seen". The four foot eight inch reptile was wider than her hand according to Mrs. Mintz. She said the first time she tried to hit the snake she missed by a foot but on the second try the snake's back was broken and then she finished him off.
