Specialist Four Darrel O. Tudela, whose parents, Mr. and Mrs. Lawrence H. Carroll, live in Supply, recently participated with other personnel from the 8th Division's 504th Infantry in annual Army training tests near Wiesbaden, Germany. The three-day tests, which were designed to determine individual and unit effi-

ciency under simulated combat conditions, included both day and night maneuvers and stressed the role of Specialist Tudela's unit in both the attack and in defense. At the conclusion of the tests, members of the 504th were airlifted to Mainz where they are regularly stationed. An automatic rifleman in the infantry's Company A, Tudela entered the Army in September 1959, completed basic training at Fort Jackson, S. C., and arrived overseas last February. The 20-year-old soldier is a 1959 graduate of Shallotte High School.

**TRUE STORY**—In Florida recently, two men and a woman got a real taste of salt water when their small fishing boat capsized. One man remained with the boat while the other man and the woman swam ashore. On shore, they looked about frantically for some way to contact the Coast Guard. Finally, they spied an outdoor phone booth . . . borrowed a dime from a passerby . . . and in no time had summoned the Coast Guard to the rescue. Said the woman afterwards: "You'll never know what a joyous sight that telephone was!"
